ORDER GRANTING TAMPA ELECTRIC COMPANY'S
REQUEST FOR CONFIDENTIAL CLASSIFICATION
and
REQUEST FOR PROTECTIVE ORDER
(DOCUMENT NO. 02996-2024)

On May 13, 2024, Tampa Electric Company (TECO) filed a Request for Confidential Classification and Request for Temporary Protective Order, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), pertaining to certain information contained in TECO's response to League of United Latin American Citizens of Florida ("LULAC") and Florida Rising's Second Request for Production of Documents regarding TECO consultants and their proprietary information as well as TECO's own internal data related to a regulatory tool. (Document No. 02996-2024).

Request for Confidential Classification

TECO contends that the information in Exhibit A of the Request constitutes proprietary and confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. TECO asserts that the information at issue relates to competitive interests, which could be used by competitors to gain confidential internal information. For those reasons, TECO argues the information is entitled to confidential classification pursuant to Section 366.093(3)(e), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's

ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

- (e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information in Document No. 02996-2024, as specifically detailed in Exhibit A, satisfies the criteria set forth in Section 366.093(3)(e), F.S., for classification as proprietary confidential business information. The information constitutes “information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.” Thus, the information identified in Document No. 02996-2024 shall be granted confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless TECO or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Motion for Temporary Protective Order

TECO also seeks protection of the documents as provided in Section 366.093, F.S., and Rule 25-22.006, F.A.C. Section 366.093(2), F.S., directs that all records produced pursuant to a discovery request for which proprietary confidential status is requested shall be treated by any party subject to the public records law as confidential and exempt from Section 119.07(1), F.S., the public records law. Rule 25-22.006(6), F.A.C., codifies the Commission’s policy regarding the protection of confidential information from public disclosure during the discovery process in a manner that is not overly burdensome to both parties. Rule 25-22.006(6)(a), F.A.C., in pertinent part, states:

In any formal proceeding before the Commission, any utility or other person may request a protective order protecting proprietary confidential business information from discovery. Upon a showing by a utility or other person and a finding by the Commission that the material is entitled to protection, the Commission shall enter a protective order limiting discovery in the manner provided for in Rule 1.280, Florida Rules of Civil Procedure.

Ruling

Upon consideration of TECO’s assertions of the confidential nature of the information contained in portions of the discovery responses, Document No. 02996-2024, TECO’s Request
