In re: Petition for expedited review of NXX-X code denial by North American Numbering Plan Administration for Tampacen rate center, by Teleport Communications America, LLC.

DOCKET NO. 20240101-TA
ORDER NO. PSC-2024-0316-PAA-TA
ISSUED: August 8, 2024

NOTICE OF PROPOSED AGENCY ACTION
ORDER DIRECTING SOMOS, INC. TO PROVIDE TELEPORT COMMUNICATIONS
AMERICA, LLC WITH ADDITIONAL NUMBERING RESOURCES

BY THE COMMISSION:

NOTICE is hereby given by the Florida Public Service Commission that the action discussed herein is preliminary in nature and will become final unless a person whose interests are substantially affected files a petition for a formal proceeding, pursuant to Rule 25-22.029, Florida Administrative Code (F.A.C.).

BACKGROUND

On July 1, 2024, Teleport Communications America, LLC (TCAL) filed a request for additional numbering resources from the Number Pooling Administrator (Somos) for the Tampacen rate center. TCAL requested 1 block to meet the request of a specific customer for 300 consecutive numbers in the 656 or 813 NPA. On July 1, 2024, TCAL's request for additional number resources was denied because it did not meet the utilization criteria.

On Monday, July 15, 2024, TCAL filed a petition requesting we overturn Somos' decision. In its petition, TCAL asserts that at the time of the code request, the Tampacen rate center had a months-to-exhaust (MTE) of 68.873 and utilization of 75.809%. TCAL requests that we review Somos' decision and direct Somos to provide the requested numbering resources for the Tampacen rate center.

We are vested with jurisdiction pursuant to Sections 364.16(7), Florida Statutes (F.S.), and 47 C.F.R § 52.15(g)(4)(iv).

ANALYSIS

Somos denied TCAL additional numbering resources because TCAL had not met the applicable utilization and/or MTE requirements. However, denial of additional numbering resources poses a possible barrier to competition. In this instance, a customer desiring service from TCAL may have to obtain services from another carrier simply because TCAL cannot meet the utilization or months-to-exhaust rate center requirement. The FCC has stated:

Under no circumstances should consumers be precluded from receiving telecommunication services of their choice from providers of their choice for want of numbering resources.¹

A procedure is available to carriers who are denied additional numbering resources to challenge such a decision by Somos. Addressing additional numbering resources denials, 47 C.F.R. § 52.15(g)(4)(iv) states, in part:

The carrier may challenge [Somos'] decision to the appropriate state regulatory commission. The state commission may affirm, or may overturn, [Somos'] decision to withhold numbering resources from the carrier based on its determination that the carrier has complied with the reporting and numbering resource application requirements herein.

In reviewing TCAL's petition as contemplated by 47 C.F.R. § 52.15(g)(4)(iv), we have considered the information provided by TCAL and, in accordance with Order No. PSC-2001-1973-PCO-TL², we find that TCAL has met the following criteria:

TCAL has demonstrated that it has customers in need of numbering resources;

TCAL has shown that it will be unable to provide services to these potential customers because of Somos' denial of the numbering resources; and

A potential customer(s) will not be able to obtain service from the provider of his or her own choice because TCAL does not have the numbers available.

CONCLUSION

For the above reasons, we find it appropriate to reverse Somos' decision to deny additional numbering resources to TCAL, and direct Somos to provide TCAL with additional numbering resources for the TAMPACEN (TAMPFLXAXJZ) rate center as soon as possible to meet its customers' needs.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that the Number Pooling Administrator (Somos, Inc.) shall provide Teleport Communications America, LLC, with additional numbering resources for the TAMPACEN rate center, TAMPFLXAXJZ switch as soon possible as reflected in the body of this Order, It is further
