DOCKET NO. 20240001-EI
ORDER NO. PSC-2024-0412-CFO-EI
ISSUED: September 6, 2024

ORDER GRANTING DUKE ENERGY FLORIDA, LLC'S
FIRST REQUEST FOR EXTENSION OF CONFIDENTIAL
CLASSIFICATION (DOCUMENT NO. 02131-2022)

On October 20, 2023, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Duke Energy Florida, LLC (DEF) filed its First Request for Extension of Confidential Classification (Request) of information contained in its responses to Office of Public Counsel's (OPC) Second Set of Interrogatories No. 13 and OPC's Second Request to Produce Documents Nos. 5, 7, and 10 (Document No. 02131-2022). This material was first granted confidentiality by Order No. PSC-2022-0161-CFO-EI, issued April 27, 2022.

Request for Confidential Classification

DEF contends that certain information contained in OPC's Second Set of Interrogatories No. 13 and OPC's Second Request to Produce Documents Nos. 5, 7, and 10, submitted as Exhibit A to the Request, is proprietary confidential business information within the meaning of Section 366.093(3), F.S., and requires confidential classification.

DEF contends that the information is proprietary and confidential business information within the meaning of Section 366.093(3), F.S. This information is intended to be and is treated as confidential by DEF, and the information has not been disclosed to the public. More specifically, the information at issue relates to Siemens' claimed proprietary and confidential contractual information regarding its Bartow Unit 4 combustion turbines. DEF asserts that if it cannot demonstrate to its third-party partners that DEF has the ability to protect those third-parties' confidential and proprietary business information, it will be less likely that DEF can secure contracts that benefit its customers. Therefore, DEF contends that this information is protected by Section 366.093(3)(e), F.S. Further, releasing the bid and contract data would impair the competitive businesses of DEF in violation of Section 366.093(3)(d), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

(d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or service on favorable terms.

(e) Information relating to competitive interests, the disclosure of which would impair the competitive business of the provider of the information.

Upon review, it appears the above-referenced information continues to satisfy the criteria set forth in Section 366.093(3), F.S., for classification as proprietary confidential business information. The information described above appears to be information concerning bids or other contractual data, the disclosure of which could impair the competitive business of DEF. Thus, the information identified in Document No. 02131-2022 shall be granted extended confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Subsection 119.07(1), F.S., unless DEF or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is hereby

ORDERED by Gabriella Passidomo, as Prehearing Officer, that Duke Energy Florida, LLC's First Request for Extension of Confidential Classification for the information contained in its responses to OPC's Second Set of Interrogatories No. 13 and OPC's Second Request to Produce Documents Nos. 5, 7, and 10, Document No. 02131-2022, is granted. It is further

ORDERED that the information in Document No. 02131-2022, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein.

By ORDER of Commissioner Gabriella Passidomo, as Prehearing Officer, this 6th day of September, 2024.
