In re: Request for confidentiality for December 2024 ESR by Florida Power & Light Company.	DOCKET NO. 20250033-EI ORDER NO. PSC-2026-0401-CFO-EI ISSUED: November 4, 2026

ORDER GRANTING FLORIDA POWER & LIGHT COMPANY'S (FPL) AMENDED FIRST REQUEST FOR EXTENSION OF CONFIDENTIAL CLASSIFICATION (DOCUMENT NO. 00987-2025)

On October 22, 2026, pursuant to Section 366.093, Florida Statutes (F.S.), and Rule 25-22.006, Florida Administrative Code (F.A.C.), Florida Power & Light Company (FPL) filed its Amended First Request for Extension of Confidential Classification (Amended Request) of certain information in Document No. 00987-2025 concerning portions of its Supplemental Earning Surveillance Report for December 2024. This material was originally filed in this docket on February 14, 2025, and was previously granted confidential classification by Order No. PSC-2025-0096-CFO-EI, issued on March 27, 2025.

Request for Confidential Classification

FPL contends that the information contained in Document No. 00987-2025 constitutes proprietary and confidential business information entitled to protection under Section 366.093, F.S., and Rule 25-22.006, F.A.C. FPL asserts that this information is intended to be and has been treated by FPL as private, has not been publicly disclosed, and its confidentiality has been maintained.

FPL asserts that the information contained in FPL's Supplemental Earning Surveillance Report for December 2024 contains certain information concerning contractual data, the disclosure of which would impair FPL or its vendors to contract for goods or services on favorable terms. FPL submits that this information is protected by Section 366.093(3)(d), F.S.

Ruling

Section 366.093(1), F.S., provides that records the Florida Public Service Commission (Commission) has found to contain proprietary business information shall be kept confidential and shall be exempt from Chapter 119, F.S. Section 366.093(3), F.S., defines proprietary confidential business information as information that is intended to be and is treated by the company as private, in that disclosure of the information would cause harm to the company's ratepayers or business operations, and has not been voluntarily disclosed to the public.

FPL asserted in its initial Request for Confidential Classification, filed February 14, 2025, that confidentiality was appropriate under Section 366.093(3)(d), F.S., and confidential classification was granted. In its current Amended Request, FPL seeks continued confidential

treatment of the material. Section 366.093(3), F.S., provides that proprietary confidential business information includes, but is not limited to:

> (d) Information concerning bids or other contractual data, the disclosure of which would impair the efforts of the public utility or its affiliates to contract for goods or services on favorable terms.

Upon review, it appears the above-referenced information continues to satisfy the criteria set forth in Section 366.093(3)(d), F.S., for classification as proprietary confidential business information. The information appears to contain information concerning contractual data which, if disclosed, would impair the efforts of FPL or its vendors to enter transactions for goods or services on favorable terms. Thus, the information identified in Document No. 00987-0025 shall be granted continued confidential classification.

Pursuant to Section 366.093(4), F.S., the information for which continued confidential classification is granted herein shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. At the conclusion of the 18-month period, the confidential information will no longer be exempt from Section 119.07(1), F.S., unless FPL or another affected person shows, and the Commission finds, that the records continue to contain proprietary confidential business information.

Based on the foregoing, it is

ORDERED by Chairman Gabriella Passidomo Smith, as Prehearing Officer, that Florida Power & Light Company's Amended First Request for Extension of Confidential Classification of the information contained in Document No. 00987-2025 is granted, as set forth herein. It is further

ORDERED that the information in Document No. 00987-2025, for which confidential classification has been granted, shall remain protected from disclosure for a period of up to 18 months from the date of issuance of this Order. It is further

ORDERED that this Order shall be the only notification by the Commission to the parties of the date of declassification of the materials discussed herein. It is further

ORDERED that this docket shall be closed.

By ORDER of Chairman Gabriella Passidomo Smith, as Prehearing Officer, this 4th day of November, 2026.
