2. GENERAL REGULATIONS

2.1 UNDERTAKING OF THE COMPANY

2.1.1 General

Custom Network Service is furnished for the transmission of voice communications but may also be used for data, facsimile, signaling, metering, or other similar communications, subject to the transmission capabilities of the service.

Custom Network Service is available twenty-four hours a day, seven days per week.

The Company does not transmit messages. However, Custom Network Service may be used for that purpose.

2.1.2 Transmission Medium

The Company selects and/or arranges for the channels and/or service components used to provide Custom Network Service. Any suitable technology or combination of technologies may be used. The Company may modify or change the channels and service components used to furnish Custom Network Service at any time subject to the regulations in 2.7.3 of this tariff.

2.1.3 Provision of Customer Equipment

Customer equipment may be used with Custom Network Service. The Company does not provide Customer equipment.

2.1.4 Through Transmission of Signals

The Company is responsible for the provision of Custom Network Service from station to station. It is not responsible for the quality of transmission or signaling on the customer's side of the interface at a customer's premises. For AT&T MEGACOM/ Toll-Free MEGACOM Service, the Company is responsible for the quality of transmission and/or signaling from the AT&T MEGACOM/ Toll-Free MEGACOM Service Central Office to the called/calling station.

2. GENERAL REGULATIONS

2.8 Rate Determination (Cont'd)

2.8.1 Time of Day and Day of Week

The rate charged for a Custom Network Service call is determined in part by the time of day and the day of the week at the originating (calling) station or at the AT&T Central Office associated with the originating (calling) station using special access. The rate charged for Toll-Free MEGACOM is determined in part by the time of day and day of the week the AT&T Central Office associated with the terminating (called) station. Different rates may be applicable to a call at different times of the day and on certain days of the week as specified in the appropriate rate section for that call. T

2.8.2 Determining the Chargeable Time of a Call

The chargeable time for a Custom Network Service call is determined by the duration of the call. Chargeable time includes the initial period plus the additional time involved, if any, and is determined as follows:

- A. On all calls, chargeable time begins when completed connection is established between the calling station and the called station.
- B. Chargeable time ends when the calling station "hangs up". If the called station "hangs up" but the calling station does not, chargeable time ends when the connection is released either by automatic timing equipment in the telecommunications network or by the Company operator.
- C. When Custom Network Service is directly connected to a Customer-provided communications system at a Customer's or User's premises, chargeable time begins when a Custom Network Service call terminates in, or passes through, the first Customer Equipment on that Customer-provided communications system. It is the Customer's responsibility to furnish appropriate answer supervision to the point of interface with the Custom Network Service so that chargeable time may begin.

2. GENERAL REGULATIONS

2.8 Rate Determination (Cont'd)

2.8.3 Determining the Applicable Rate in Effect

- A. Except for Custom Network Service calls that use a special access line, when the call is established in one rate period and ends in another rate period, the rate in effect at the calling station, or in the case of Toll-Free MEGACOM Service the Central Office associated with the called station for each rate period applies to the portion of the call occurring within that rate period. When a calling station on a Custom Network Service uses a special access line or in the case of AT&T MEGACOM Service, the rate in effect at the AT&T Central Office for each rate period applies to the portion of the call occurring within that rate period. When a unit of time is split between two rate periods, the rate applicable to that unit of time is based on the rate period in which it began.
- B. Chargeable time for a rate period (e.g., 8 AM - 5 PM) begins with the first stated hour (e.g., 8 AM) and continues to, but does not include, the second stated hour (e.g., 5 PM).

2.8.4 Use of Custom Network Services for Resale or Shared Use

When Custom Network Services are resold or shared, the Customer may advise its User that a portion of the Customer's service is provided by this Company. However, the Customer shall not represent that this Company jointly participates in the provision of the Customer's services.

4. AT&T SDN OneNet SERVICE

4.1 Description

4.1.1 General

AT&T SDN OneNet Service permits outward calling, inward calling or a combination of both from a single or multiple Customer locations in the state of Florida. The outbound portion of AT&T SDN OneNet Service is a custom switched telecommunications service which permits a Customer to establish a communications path between two stations by using uniform dialing plans. AT&T SDN OneNet Service is available where facilities and operating systems exist. AT&T SDN OneNet customers may choose either Toll-Free MEGACOM or Toll-Free READYLINE for their inward calling. AT&T SDN OneNet allows Customers to bundle certain inbound and outbound usage for discounting and billing purposes.

T  
T

Intrastate AT&T SDN OneNet Service is an add-on to interstate AT&T SDN OneNet Service. All terms and conditions, including service establishment charges, features and functions, discounts, monthly charges and any charges other than intrastate usage charges are described in the AT&T SDN OneNet Service Guide.

6. AT&T BUSINESS NETWORK-UniPlan (ABN-U) SERVICE

6.4 Rates and Charges (Cont'd)

6.4.4 Service Charges

A Service Charge is applicable to AT&T Business Network-UniPlan Service Calling Card calls. This charge is in addition to the initial period and additional period charges applicable to a call.

See Rate Schedule for Rates.

6.4.5 Usage Rates

A. Outward Calling Usage Rates

The outward calling usage rates for AT&T Business Network-UniPlan Service in the State of Florida apply per initial 30 seconds or fraction and each additional 6 seconds or fraction.

See Rate Schedule for Rates.

B. Corporate Calling Card Global Enhancement

Corporate Calling Card Global Enhancement (CCCGE) is a Calling Card service offered to Customers that will use cross-reference billing to a commercial credit card. CCCGE calls may be established by dialing a designated access number from virtually any telephone in the state.

See Rate Schedule for Rates.

C. Inward Calling Usage Rates

Inward calling is provided via Toll-Free READYLINE and Toll-Free MEGACOM service at the rates specified in the Rate Schedule. Regulations applicable to the 800 services aforementioned are as specified in AT&T's Business Services Guide. The usage rates for inbound calling under this option are based on the type of access used and the time-of-day for each call terminated via any of the 800 services mentioned above.

Individual calls will be measured with a minimum initial period of 30 seconds and additional 1 second increments, rounded to the next highest second or full increment.

See Rate Schedule for Rates.

\* Beginning January 1, 1998, AT&T Business Network-UniPlan Service is not available to newly subscribing Customers. Existing Customers with AT&T Business Network-UniPlan Service in effect or Customers with AT&T Business Network-UniPlan Service on order prior to January 1, 1998, may continue their current AT&T Business Network-UniPlan Service under existing conditions.

6.4.9 AT&T Business Network-UniPlan Service OneRate Pricing Option II

A. General

AT&T Business Network-UniPlan Service OneRate Pricing Option II (ORPO II) permits Customers to select the usage rate schedules described below in lieu of the rates described in Section 6.4.8 for the standard ORPO. The AT&T Business Network-UniPlan ORPO II intrastate rate schedules provide postalized rates for Inward Calling, Outward Calling and Calling Card calls. The AT&T Business Network-UniPlan Service ORPO II Customer must subscribe to the interstate AT&T Business Network-UniPlan Service ORPO II as described in AT&T's Business Service Guide. The AT&T Business Network-UniPlan Service ORPO II Customers have the option of subscribing to the AT&T Business Network-UniPlan Service ORPO Term Plan (excluding the requirement that at least 50% of the Customer's commitment be satisfied with usage not previously carried by AT&T), which is described in AT&T's Business Services Guide.

B. Usage Rate Schedules

1. The Outward Calling Usage Rates for AT&T Business Network-UniPlan Service OneRate Pricing Option II are as specified in the Rate Schedule.

2. Inward Calling Usage Rates

Inbound calling is provided via Toll-Free READYLINE and Toll-Free MEGACOM Service at the rates specified in the Rate Schedule. Regulations applicable to these 800 services are as specified in this Company's tariff, Sections 12 and 13, as well as in AT&T's Business Services Guide. T

3. Customer-Dialed AT&T Business Network-UniPlan Service OneRate Pricing Option II Calling Card Calls are rated as specified in the Rate Schedule.

4. Service Charges

A Service Charge applies to AT&T Business Network-UniPlan Service OneRate Pricing Option II Calling Card Calls as specified in the Rate Schedule.

5. Corporate Calling Card Global Enhancement

Corporate Calling Card Global Enhancement (CCCGE) is a Calling Card service offered to Customers that will use cross-reference billing to a commercial credit card. CCCGE calls may be established by dialing a designated access number from virtually any telephone in the state.

12.7 Term and Revenue Commitment Plan

12.7.1 General

The Term and Revenue Commitment Plan offers a Customer who commits to a specified level of annual billed revenue over a designated time period an alternative to the usage rates specified in Section 12.5.1B for Toll-Free MEGACOM Service. Except as modified by the Term and Revenue Commitment Plan, the rates and regulations as specified in Sections 12.1, 12.2, 12.3 and 12.4 apply.

T

12.7.2 Application of Charges

The Term and Revenue Commitment Plan is available to Customers who commit to three million dollars (\$3,000,000) of billed revenue for Toll-Free MEGACOM Service per year for three years.

T

When the Term and Revenue Commitment Plan is selected, calls will be rated using the appropriate rate schedule in 12.7.8 following. The Company will not initiate any increases in the applicable rates for Customers who select the Term and Usage Commitment Plan.

12.7.3 Discontinuance of a Term and Revenue Commitment Plan Without Liability

The customer may discontinue a Term and Revenue Commitment Plan prior to the expiration of the term without liability when:

Tariff revisions become effective which increase any of the rates for the Term and Revenue Commitment Plan without the Customer's consent, or

Notice of Cancellation is received before the due date of the order for the Plan.

12.7.4 Discontinuance of a Term and Revenue Commitment Plan With Liability

Except for conditions covered in 12.7.3 preceding, discontinuance of all service furnished under a Term and Revenue Commitment Plan prior to the expiration of the term constitutes discontinuance of the plan and will result in Customer liability as specified following. The amount due to the Company upon discontinuance will be:

30% of the remaining term plan revenue commitment.

Example: A customer commits to \$3,000,000 annually for three years and discontinues the plan at the end of two years. The Customer would be liable for  $\$3,000,000 \times .30 = \$900,000$ .

12.7 Term and Revenue Commitment Plan (Cont'd)

12.7.6 Shortfall Penalty

A Customer who selects the MEGACOM 800 Term and Revenue Commitment Plan commits to a minimum of \$3,000,000 of intrastate billing for three separate years. If the annual billing in any year is less than \$3,000,000, the Shortfall Penalty will be calculated as follows:

If annual billed revenue is between \$2,500,000 and \$3,000,000, all usage in the twelve month billing cycle will be re-billed at \$8.20 per hour. If the annual billed revenue is less than \$2,500,000, all usage in the twelve month billing cycle will be re-billed at \$8.50 per hour.

Further, billed revenue which surpasses the \$3,000,000 annual minimum may not be carried-over to meet the minimum Revenue Commitment for the next year.

12.7.7 Starting Month of Term Plan

The starting month of a Term Plan shall be the first full month in which the customer has usage. The first full month of usage shall also be the month which begins the annual yearly cycle for measuring attainment of the Revenue Commitment. If a Customer began service at any other time than at the beginning of the month, that usage would be billed at the rates under this plan, but the billed revenue would not be applied to the annual minimum Revenue Commitment because the Term Plan does not start until the first full month of usage.
