GENERAL CONCURRENCE

For Intrastate Access Services, Quincy Telephone Company assents to adopt and concur with the terms and conditions for the provision of Access Services as specified in the John Staurulakis, Inc. FCC Tariff No. 1* filed with the Federal Communications Commission as such tariff now exists with exceptions listed below. The Rates and Charges for Intrastate Access Services provided by the Telephone Company are set forth in this Section.

(T)
(T)

Sections of the John Staurulakis FCC. Tariff No. 1 to be concurred in are as follows:

Section 1 APPLICATION OF TARIFF

Exceptions: None

Section 2 GENERAL REGULATIONS

Exceptions:

2.3.11(C) Jurisdictional Reports – Switched Access:

The following language will apply to intrastate access instead of the language listed in the National Exchange Carrier Association F.C.C. Tariff No. 5:

(1) General

The following regulations govern jurisdictional reporting by the customer and cases where the Telephone Company will develop jurisdictional percentages.

(a) Sufficient Call Detail Billing

When the Telephone Company receives sufficient call detail to determine the jurisdiction of the originating and terminating access minutes of use, the Telephone Company shall use that call detail to render bills for those minutes of use, and shall not apply the jurisdictional factor(s) to those minutes of use.

(b) Insufficient Call Detail Billing

When the Telephone Company receives insufficient call detail to determine the jurisdiction of the originating and terminating access minutes of use, the Telephone Company will apply the jurisdictional factor(s) provided by the customer or developed by the Telephone Company as set forth below, only to those minutes of use for which the Telephone Company does not have sufficient call detail. Such jurisdictional factor(s) will be used until the customer provides an update to its jurisdictional factor(s) as set forth below.

Section 18 INTRASTATE CARRIER COMMON LINE ACCESS SERVICE

This is a new section and is not part of the John Staurulakis FCC Tariff No. 1*

(T)

18.1 General Description

Carrier Common Line Access provides for the use of end users' Telephone Company-provided common lines by IXCs for access to such end users to furnish intrastate communications.

Premium Access is (1) Switched Access Service provided to customers under this tariff which furnish intrastate MTS/WATS, and (2) Switched Access Service in an end office converted to equal access.

18.2 Limitations

A. Exclusions

Neither a telephone number nor detail billing is provided with Carrier Common Line Access. Additionally, directory listings and intercept arrangements are not included in the rates and charges for Carrier Common Line Access.

B. Access Groups

All line side connections provided in the same access group will be limited to the same features and operating characteristics.

All trunk side connections provided in the same access group will be limited to the same features and operating characteristics.

C. WATS Access Lines

Where Switched Access Services are connected with Special Access Services at Telephone Company Designated WATS Serving Offices for the provision of WATS or WATS-type Services, Switched Access Service minutes which are carried on that end of the service (i.e., originating minutes for outward WATS and WATS-type services and terminating minutes for inward WATS and WATS-type services) shall not be assessed Carrier Common Line Access per minute charges.
