MISCELLANEOUS SERVICE ARRANGEMENTS (Cont'd)

E.3 Abbreviated Dialing - 811 Service (Cont'd)

2. Conditions and Requirements

- a. The 811 subscriber has 90 days from the date of number assignment to establish service or decide to discontinue service. The Non-Recurring Charge will not be refunded to the subscriber if the service has already been provisioned.
- b. Use of 811 Service is subject to possible recall by the NANP (North American Numbering Plan) Administrator for national use. The 811 subscriber must prior to the provisioning of service, sign a written acknowledgment of this condition and an agreement to return the 811 code within six months of receiving a written notice of such a recall from the Telephone Company and abide by any subsequent rules as identified by the FCC in CC Docket 92-105, regarding the use and return of 811 codes.

If the recall is effected by the NANP administrator, the Telephone Company will work with the 811 subscriber affected to transfer their service arrangements if technically and economically feasible, to another abbreviated dialing arrangement and if not feasible, to a seven-digit dialing arrangement within the six month notice period. The 811 subscriber will be required to migrate to any standard access arrangement available for information services subsequently agreed to by the industry and approved by the FCC. The 811 subscriber will be charged the appropriate Tariff rates for the newly established service arrangements.

- c. The 811 Service is provided where facilities permit. Only one seven- (7) or ten- (10) digit toll free number may be used as the lead number per basic local calling area. All central offices within a basic local calling area must point to the same 7- or 10-digit local number or one 10-digit toll free number.
- d. The 811 subscriber should work with cellular companies to ascertain whether the Type 1 cellular customers will be able to reach 811.
- e. The 811 subscriber should work separately with CLECs to ascertain that its end users will be able to reach travel information services provided by 811.
- f. 811 Service will be provided under the following conditions:
 - (1.) For network sizing and protection, each 811 subscriber must provide an estimate of annual call volumes, the expected busy hour and holding time for each call to an 811 number.
 - (2.) The 811 subscriber is responsible for obtaining all necessary permits and licenses and all other rights from all persons whose work, statements or performance are used in connection with the service.
