ORDER GRANTING CONFIDENTIALITY TO PORTIONS  
OF TECO'S MAY, 1989  
FUEL REPORT FORMS

Tampa Electric Company (TECO) has requested specified confidential classification for Forms 423-1(a), 423-1(b), 423-2(a), and 423-2(b) of its May, 1989 fuel report.

All of these documents contain information related to the company's fuel contracts. Disclosure of this information, TECO contends, would likely impair its ability to negotiate future fuel and transportation contracts because it would inform potential bidders of current prices paid for services.

Section 366.093(1), Florida Statutes, states in pertinent part:

... Upon request of the public utility, any records received by the Commission which are shown to be proprietary confidential business information shall be kept confidential and shall be exempt from s. 119.07(1).

Subsection (3) of the section defines proprietary confidential business information as, among other things, information concerning bids or other contractual data, the disclosure of which would impair the efforts of the utility to contract for services on favorable terms. Our confidentiality rule states that classification of material as proprietary confidential business information can be justified by demonstrating how the information it contains falls under one or more of the statutory examples. Rule 25-22.006(4), Florida Administrative Code.
