In Re: Florida Power Corporation's)	DOCKET NO.	890837-EI
Proposal to Revise Special Provisions in))	ORDER NO.	21739
OL-1 and SL-1 Lighting Schedules)	ISSUED:	8-17-89
Regarding Requirements for Contracts)		
)		

The following Commissioners participated in the disposition of this matter:

- MICHAEL McK. WILSON, Chairman
- THOMAS M. BEARD
- GERALD L. GUNTER
- JOHN T. HERNDON

ORDER APPROVING FPC'S PROPOSED SCHEDULE REVISIONS

BY THE COMMISSION:

On June 26, 1989, Florida Power Corporation (FPC) filed its proposed tariff revision. FPC proposed changes in the company's OL-1 and SL-1 lighting rate schedules regarding requirements for contract service. Optional use of an application form was made mandatory for OL-1 service, reflecting the company's actual practice. Additionally, an application form was designed for SL-1 to replace the company's standard contract form. The new form, FPC informs, will accomodate billing changes due to additional installation without the need for contract amendments.

In consideration of the foregoing, we find that FPC's proposed tariff revisions should be approved. Therefore, it is

ORDERED by the Florida Public Service Commissin that the FPC's proposed tariff revisions should be approved. Therefore it is

ORDERED that this docket shall be closed after the time has run in which to file a petition for reconsideration or notice of appeal if such action is not taken.
