

VOTE SHEET

DATE 12/5/89

RE: DOCKET NO. 891203-GU - Proposed revision to Rule 25-7.0131, F.A.C., Regulatory Assessment Fees for Gas Utilities, Municipals, and Districts.

Issue: 1. Recommendation that the Commission amend Rule 25-7.0131, F.A.C., to increase the rate at which the regulatory assessment fee is calculated for investor-owned natural gas utilities from one-eighth of one percent to three-eighths of one percent of gross operating revenue derived from intrastate business (excluding sales for resale). In order to fund the Commission's projected operating budget for the next fiscal year, and to adhere to the legislative directive of Section 350.113(3), F.S. which states that, "regulatory fees assessed by the Commission shall, to the extent practicable, be related to the cost of regulating such type of regulated company" the fee should be increased.

Approved

Issue: 2. Recommendation that the Commission propose an amendment to Rule 25-7.0131 which sets a regulatory assessment fee rate of one-fourth of one percent of gross operating revenues for gas municipals and gas districts now subject to assessment for safety regulation.

Approved

COMMISSIONERS ASSIGNED: Full Commission

Docket 891203-GU  
December 5, 1989

Issue: 3. Recommendation that the Commission propose an amendment to Rule 25-7.0131 which incorporates by reference new regulatory assessment fee return forms designed to reflect changes in the 1989 statutes and this rule, which now includes gas municipalities and gas districts as entities obligated to pay regulatory assessment fees.

*Approved*

Issue: 4. Recommendation that the Commission adopt the amendments to Rule 25-7.0131 as proposed if no requests for hearing or comments are made.

*Approved*
