RESPONSE TO MOTION FOR RECONSIDERATION

Florida Power & Light Company ("FPL") hereby files this its response to the January 10, 1990, Motion for Reconsideration by the Florida Industrial Cogeneration Association ("FICA") of Order No. 22341 and in support thereof states as follows:

1. The standard generally recognized as applicable for the reconsideration of an order by the Commission is that in reaching its decision the Commission overlooked or failed to consider some matter which, if considered, would produce a different result. FICA's Motion almost devoid of proper argument that matters of record in this proceeding would dictate a different result. Instead, FICA relies upon speculating matters that are not part of the record and its own characterization of public policy.

2. The APH proceedings conducted by the Commission are comprehensive and lengthy. The major decision by the Commission with which FICA takes issue was clearly identified as an issue throughout the APH proceeding. FICA, as did other parties, previously presented evidence, challenged the evidence presented

by others, and filed post-hearing argument with the Commission. Under these circumstances, FPL submits that it is inappropriate for reconsideration, as requested, to be granted.

WHEREFORE, FPL respectfully requests that FICA's Motion for Reconsideration be denied.

Respectfully submitted,
