Rule 25-24.480, F.A.C.
Docket No. 890970-TI

SUMMARY OF RULE

Rule 25-24.480, Florida Administrative Code, is amended to 1) require interexchange telecommunications companies (IXCs) to submit annual reports to the Commission on a new form; 2) require minor IXCs to file updated lists of exchanges where originating service is offered within 10 days of a change; 3) change from monthly to quarterly the requirement of reporting to local exchange companies (LECs) the units carried over the IXC's facilities for which the IXC will pay the existing message toll service rates to LECs; 4) reduce the amount of information reported to the Commission that IXCs must frequently update; and 5) reduce the amount of information reported on an annual basis.

SUMMARY OF HEARINGS ON THE RULE

At its final public hearing on the amendment to Rule 25-24.480, Florida Administrative Code, which was held on September 18, 1990, the Commission decided to make one technical change to properly incorporate a form by reference. The following sentence was added to subsection (5) of the rule: "Form PSC/CMU 38 (_/_), entitled IXC Annual Report Form, is incorporated by reference into this rule and may be obtained from the Division of Communications."

FACTS AND CIRCUMSTANCES JUSTIFYING THE RULE

The present rule does not specify the form in which certain required information is to be filed with the Commission. Consequently, the filed information is often unorganized and sometimes missing. These problems have made staff's job of

monitoring interexchange telephone companies (IXC's) more difficult. By requiring a specific form to be used, the rule change should alleviate these problems.
