

VOTE SHEET

DATE: December 4, 1990

RE: DOCKET NO. 900071-EG - Proposed amendment of Rules 25-6.0183, F.A.C., pertaining to electric utility procedures for generating capacity shortage emergencies.

Issue 1: Recommendation that the Commission propose Rule 25-6.0183 adopting the Florida Electric Power Coordinating Group's (FCG) proposed "Florida Electrical Emergency Contingency Plan - Generating Capacity Shortage Element" as the severe weather emergency plan for Florida utilities.

APPROVED

Issue 2: Recommendation that if no comments or requests for hearing are filed, the rule should be filed for adoption as proposed and the docket closed, as is the Commission's standard practice.

APPROVED

COMMISSIONERS ASSIGNED: Full Commission

Vote Sheet  
Docket No. 900071-EG  
December 4, 1990

Issue 3: Recommendation that if the Commission wishes to pursue the issue of investigating whether utilities should be required to interrupt non-firm customer load during a capacity shortage emergency, irrespective of the service area in which non-firm customers are located, in order to minimize service interruptions to firm customers throughout the state, a rulemaking docket should be opened.

APPROVED - ~~Rulemaking to be initiated~~

Staff was directed to conduct workshops on this issue and to make a recommendation or report to the Commission as to the need for rulemaking.
