Rules 25-7.047
25-7.0471
25-7.0472
25-7.0473
Docket No. 900532-GU

SUMMARY OF RULE

Proposed Rule 25-7.047 defines "territorial agreement", "territorial dispute", and "natural gas utility" as those terms are to be used in the rules. Proposed Rule 25-7.0471 codifies current Commission filing requirements and practices regarding territorial agreements and their approval by the Commission. Proposed Rule 25-7.0472 sets out requirements for initiating a territorial dispute proceeding before the Commission, and it delineates the factors the Commission shall consider in resolving territorial disputes. Proposed Rule 25-7.0473 provides for customer participation in territorial agreement and dispute proceedings.

SUMMARY OF HEARINGS ON THE RULE

At its regularly scheduled agenda conference on January 11, 1991, the Commission reviewed and considered the comments that were filed on proposed Rules 25-7.047, 25-7.0471, 24-7.0472, and 25-7.0473, Florida Administrative Code, regarding territorial agreements and disputes for natural gas utilities. The Commission decided not to change its proposed rules in response to the City of Gulf Breeze's comments that the Commission should not involve itself in the territorial agreements and disputes of natural gas utilities. The Commission is required by law to oversee and control territorial agreements and disputes.

In response to informal comments filed by staff of the Joint Administrative Procedures Committee, the Commission changed the

language of proposed Rules 25-7.0471(2) and 25-7.0472(2) to more specifically inform those affected by the rules of the factors it will consider when approving territorial agreements or resolving territorial disputes between natural gas utilities. To preserve the discretion the legislature has granted the Commission to respond to all issues that may arise in the context of a particular case, the Commission has added language to the rules that states that the Commission will also consider "other relevant issues that may arise from the circumstances of a particular case."

FACTS AND CIRCUMSTANCES JUSTIFYING THE RULE

In 1989 the Florida Legislature explicitly recognized the Commission's inherent authority to approve territorial agreements and resolve territorial disputes among natural gas utilities, Section 366.04(3) and (4), Florida Statutes (1989). To implement that explicit authority, and to codify existing Commission policy, the Commission proposes these new rules.
