IS-RECORDS/REPORTS

3. The Petition filed by the Attorney General and the Office of Public Counsel requested that a rule be created regulating "976" and "900" service vendors. Since ITM provides facilities for "900" service providers transmitting programs into the state of Florida, any decision made by the Commission in the context of this proceeding will necessarily affect the substantial interest of ITM and its business operations.

WHEREFORE, ITM requests that the Florida Public Service Commission enter its order approving this request for intervention.

Respectfully submitted, this 30th day of March, 1991.
