RESOLUTION NO. 91-217

RESOLUTION BY THE BOARD OF COUNTY COMMISSIONERS OF PASCO COUNTY, FLORIDA REQUESTING THE PUBLIC SERVICE COMMISSION TO CONSIDER IMPLEMENTATION OF COUNTYWIDE EXTENDED AREA SERVICE (EAS) FOR TELEPHONE SERVICE WITHIN PASCO COUNTY.

WHEREAS, currently General Telephone Company, United Telephone of Florida and Southern Bell Telephone, a BellSouth Company, all provide telephone service within Pasco County; and

WHEREAS, there are numerous exchanges and two (2) different area codes within the boundaries of the County; and

WHEREAS, extended area service (EAS) is a switching and trunking arrangement which provides for a non-optimal, unlimited, two-way, flat-rate calling service between two or more exchanges, provided at exchange rates where cost is minimal, or at an increment to exchange rates, rather than at toll message charges; and

WHEREAS, the citizens of Pasco County have a need and desire to call each other at extended area service rates rather than at long distance rates; and

WHEREAS, the Board deems that there exists a sufficient degree of community of interest between exchanges and hereby requests the Public Service Commission, pursuant to Section 25-4.059, Florida Administrative Code, to consider implementation of countywide extended area service (EAS) for telephone service within Pasco County.

NOW, THEREFORE, BE IT RESOLVED by the Board County Commissioners of Pasco County, Florida in regular session duly assembled that said Board hereby requests the Public Service Commission to consider implementation of countywide extended area service (EAS) for telephone service within Pasco County.
