ORDER APPROVING TARIFF

BY THE COMMISSION:

On April 1, 1991, AT&T Communications of the Southern States, Inc. (ATT-C or the Company) filed tariff revisions proposing to increase all customer dialed custom calling card rates from \$.75 to \$.80 per call. With customer dialed calling card service, the person originating the call dials and completes the call, and the call is billed to a calling card, without operator assistance. However, the operator will record the calling card number of the called location where facilities are not available for dial completion.

None of ATT-C's major competitors currently charge more than \$.75 for this service. But, ATT-C has not raised its customer dialed calling card rate since divestiture. Therefore, we approve this tariff filing.

Based on the foregoing, it is

ORDERED by the Florida Public Service Commission that the tariff filed by AT&T Communications of the Southern States, Inc. proposing to increase calling card rates from \$.75 to \$.80, is hereby approved, effective April 30, 1991. It is further

ORDERED that if a protest is filed in accordance with the requirement set forth below, the tariff shall remain in effect with revenues held subject to refund pending resolution of the protest. It is further

ORDERED that if no protest is filed in accordance with the requirement set forth below, this docket shall be closed.
