ORDER GRANTING MOTION FOR EXTENSION OF TIME

By Order No. 24297, issued March 27, 1991, we directed ALLTEL Florida, Inc. (ALLTEL) and Southern Bell Telephone and Telegraph Company (Southern Bell) to perform certain traffic studies. We ordered the companies to perform these traffic studies so that we could further evaluate the petitions filed with this Commission by subscribers of the Wellborn exchange. These petitions requested that we consider requiring implementation of extended area service (EAS) between the Wellborn exchange and the Lake City exchange. The companies were to prepare and submit the studies to us within sixty (60) days of the issuance date of Order No. 24297, making the studies due by May 27, 1991.

On May 28, 1991, Southern Bell filed a Motion for Extension of Time requesting an extension through and including June 11, 1991, in which to prepare and submit the required traffic studies. As grounds for its request, Southern Bell states that its simultaneous involvement in several other EAS dockets caused an unavoidable delay in accessing the appropriate computer system needed to generate the required traffic studies. For this reason, Southern Bell could not begin preparation of the traffic studies immediately upon receipt of our Order.

Upon consideration, I find it appropriate to grant Southern Bell's request for an extension of time. Southern Bell shall be granted an extension of time until the close of business on June 11, 1991, in which to prepare and submit the required traffic studies.

Based on the foregoing, it is

ORDERED by Commissioner Betty Easley, as Prehearing Officer, that the Motion for Extension of Time filed on May 28, 1991, by Southern Bell Telephone and Telegraph Company is hereby granted. It is further

ORDERED that Southern Bell Telephone and Telegraph Company shall file the required traffic study data on or before June 11, 1991.
