**Re: Application and Tariff of International
Telecommunications Exchange Corporation for Authority
to Provide Interexchange Telecommunications Service in
Florida**

Dear Mr. Williams:

Enclosed for filing are originals and 12 copies of replacement pages to the tariff of International Telecommunications Exchange Corporation ("INTEX".) The initial application and tariff were sent to Mr. D'Heaseleer on June 11, 1991. Also enclosed is a copy of INTEX's certificate of registration with the Secretary of State. This certificate was not included in the original application filing.

Questions pertaining to INTEX's application or tariff may be directed to my attention at (407) 740-8575. Please acknowledge receipt of this update by returning, date stamped, the enclosed copy of this transmittal letter in the self-addressed, stamped envelope provided for that purpose.

SECTION 3 - DESCRIPTION OF SERVICE, CON'T.

3.3 Service Offerings

International Telecommunications Exchange Corporation offers outbound message telecommunications service, inbound 800 number service, and travel card service to its Customers. Rates for these services may vary by call duration, type of access, time of day, and percentage of daytime traffic. Rate banding in Section 4 reflects an average percentage of daytime traffic. This percentage is based on an historical analysis of the Customer's previous monthly billing prior to subscribing to INTEX services.

3.3.1 INTEX NET Long Distance Service

INTEX NET Long Distance Service allows Customers to place direct dialed calls to terminating locations. Customers are presubscribed to the INTEX network. Calls are placed by dialing "1+" and the destination telephone number, including the area code if applicable. Customers may access INTEX NET Long Distance Service through switched or dedicated access facilities.

3.3.2 INTEX 800 Service

INTEX 800 Service is an inward WATS service. It permits termination of interstate and intrastate calls from diverse geographic locations to customer local exchange lines or to dedicated access facilities. With INTEX 800 Service, the Customer is billed for the call rather than the call originator.

3.3.3 INTEX Travel Card Service

INTEX Travel Card Service allows Customers to place direct dialed calls to terminating locations from locations other than their normal place of business. An 800 access number must be dialed to reach the Carrier. A customer-specific authorization code must also be dialed in addition to the destination telephone number.

SECTION 4 - RATES

4.1 General

Each Customer is charged individually for each call placed through the Carrier. Customers are billed based on their use of International Telecommunications Exchange Corporation's long distance service. Rates vary by call duration, time of day, and originating or terminating access type. No installation charges apply.

Special access channels, if utilized, are provided and billed by the special access provider as legally defined in FPSC Rules and Orders. Special access channels may be provided by the local exchange telephone company or by carriers other than the LEC only in accordance with FPSC rules or if the special access channel is jurisdictionally interstate. Charges for the special access channel are determined by the special access provider.

SECTION 4.0 RATES, CON'T.

4.4 INTEX 800 Service - Business Line Termination

The following rate applies to Customers whose inbound 800 calls are routed directly to the Customer's existing local exchange line. No dedicated access terminations are required. The minimum INTEX 800 Service call duration for billing purposes is thirty seconds. Additional usage is measured and rounded to the next higher six second increment for billing purposes.

SECTION 4.0 RATES, CON'T.

4.9 Rate Periods

Rates for time of day sensitive services apply for day, evening and night/weekend calls based on the following chart.

	MON	TUES	WED	THUR	FRI	SAT	SUN
8:00 AM TO 5:00 PM*	DAYTIME RATE PERIOD						
5:00 PM TO 11:00 PM*							
11:00 PM TO 8:00 AM*	NIGHT/WEEKEND RATE PERIOD						

* to, but not including

Calls are billed based on the rate in effect for the actual time period(s) during which the call occurs. Calls that cross rate period boundaries are billed the rates in effect for each portion of the call in a given boundary.
