RE: DOCKET NO. 910878-TL - Proposed tariff filing to eliminate Mobile Telephone Service by ALLTEL FLORIDA, INC. (T-91-325 filed 7/9/91)

Issue 1: Recommendation that the proposed tariff filing to eliminate Mobile Telephone Service by ALLTEL Florida, Inc. should be approved. The service should be obsoleted effective 9/10/91 such that no new customers will be permitted to subscribe to the service. The service should be eliminated effective May 1, 1992. The customers should be notified by separate mailing no later than October 1, 1991 of the elimination of the service and be given an explanation that they may choose to subscribe to mobile service with ALLTEL Mobile Communications of Florida (since it is the only carrier serving the area). This will give the customers adequate time in which to make alternative arrangements. The tariff should become effective on September 10, 1991.

APPROVED with the modification that the service be eliminated May 1, 1992 or when Alltel Mobile Communications has installed mobile facilities in Lafayette county, whichever occurs later.
