Re: Docket No. 910837-WS; Application for Amendment of Certificates Nos. 359-W and 290-S in Broward County by South Broward Utility, Inc.

Dear Mr. Boyne:

After reviewing the application in the above docket, we find the following deficiencies:

1. As required by Rule 25-30.036 (1) (p), Florida Administrative Code, return Certificates Nos. 359-W and 290-S for possible amendment.

2. As required by Rule 25-30.036 (e), Florida Administrative Code, provide a description of the territory proposed to be served, using township, range and section references. As we discussed, the Florida Power easement area in Section 04, Township 51 South, Range 40 East was never noticed; therefore, it must be excluded in the territory description. We need a revised territory description of this area.

Upon completion of noticing, provide affidavits that the noticing is complete, as required by Section 367.045 (2) (f), Florida Statutes, and Rules 25-30.030 (5) and (7), Florida Administrative Code.

In addition, the tariff sheets that you submitted have errors. We have made corrections to your tariff sheets in ink, and are returning them for your review and resubmission.
