Re: Docket No. 910671-WU; Request for exemption from Florida
Public Service Commission Regulation for Provision of
Water Service in Monroe County by Bounty Fisheries, LTD.

Dear Mr. Redemann:

In regards to your questions in a letter dated August 26, 1991:

1. The current water rate and the gallonage charge of the Florida Keys Aqueduct Authority have been effective since October 1, 1989. Enclosed please find a copy of the Florida Keys Aqueduct Authority Fee Schedule taken from their Policy and Procedure Handbook.
2. The current water rate Bounty Fisheries, Ltd. charges customers is computed by dividing the sum charged us from Florida Keys Aqueduct Authority by the gallonage used, we then multiply that figure by each customers individual gallonage used. Bounty Fisheries, Ltd. has two incoming meters.
3. Since we have been using this system we have been recovering from our customers the sum charged to us by Florida Keys Aqueduct Authority.

If you have any questions, please call.

Sincerely,

Raymond C. Vanyo, Jr.
Manager
