RE: Cancellation of four show cause Docket Nos. 911068-TP thru 911071-TP against motels blocking IXCs in Tallahassee.

ORIGINAL FILE COPY

Show Cause Dockets were opened against four Tallahassee motels for blocking of locally available interexchange carriers. The action is premature as violation replies from the establishments indicates the problems are rightfully the responsibility of the equipment supplier and/or the Alternate Operator Service providers. The motel management should not be held responsible for the actions of vendors beyond their control.

The following Dockets should be closed without further action:
 Docket no. 911068 versus CABOT LODGE of Tallahassee.
 Docket no. 911069 versus MOTEL 6 APALACHEE of Tallahassee.
 Docket no. 911070 versus EL CAMINO MOTEL of Tallahassee.
 Docket no. 911071 versus SUNSET MOTEL of Tallahassee.
