SECTION 1 - TECHNICAL TERMS AND ABBREVIATIONS

- 1.1 Carrier: CJC Enterprises, Inc., d/b/a CSI Long Distance, unless the context means otherwise.
- 1.2 Subscriber: The person, firm, corporation or other entity which orders or uses service and is responsible for the payment of charges and for compliance with tariff regulations.
- 1.3 Authorization Code: A numerical code assigned by the Carrier to the subscriber for the subscriber's use in identifying the subscriber to the call accounting equipment at the time a call is dialed.

SECTION 2 - RULES AND REGULATIONS

- 2.1 Carrier is a resale common carrier providing telecommunications service to subscribers for direct voice communication with stations of any domestic telephone system within the state of Florida. Service is available all hours, all days. Billing for calls begins at the time Carrier's frequency monitoring device detects that the called party has answered and ends when the device detects that either the called party or the calling party hangs up. The frequency monitoring devices have demonstrated an accuracy of 95% to 99%. However, as a back-up, carrier identifies calls of such duration that it has errored and that the call has actually been answered. In such cases, billing begins only from the point at which the frequency monitoring device is deemed to have errored. The carrier will provide an appropriate credit to a customer billed for a call of short duration when customer identifies that the call was not complete.
- 2.2 Limitation of Service
- 2.2.1 Service is offered subject to the availability of necessary facilities and/or equipment and subject to the provisions of this tariff. Carrier reserves the right not to provide service to or from a location where the necessary facilities or equipment are not available.
- 2.2.2 Carrier reserves the right to discontinue service upon written notice, when necessitated by conditions beyond its control, or when the subscriber is using the service in violation of the provisions of this tariff or is in violation of the tariffs of the network carriers, or in violation of the law.
