

1 SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY
2 TESTIMONY OF NANCY H. SIMS
3 BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION
4 DOCKET NO. 920260-TL
5 JULY 15, 1992
6
7

ORIGINAL
FILE COPY

8 Q. PLEASE STATE YOUR NAME AND BUSINESS ADDRESS.

9

10 A. I AM NANCY H. SIMS. MY BUSINESS ADDRESS IS 675
11 WEST PEACHTREE STREET, N.E., ATLANTA, GEORGIA.

12

13 Q. BY WHOM ARE YOU EMPLOYED?

14

15 A. I AM EMPLOYED BY BELLSOUTH TELECOMMUNICATIONS,
16 INC. D/B/A SOUTHERN BELL (COMPANY OR SOUTHERN
17 BELL).

18

19 Q. PLEASE GIVE A BRIEF DESCRIPTION OF YOUR BACKGROUND
20 AND EXPERIENCE.

21

22 A. I GRADUATED FROM NORTH CAROLINA STATE UNIVERSITY
23 IN 1971 WITH A BACHELOR OF SCIENCE DEGREE. IN
24 1973 I WAS EMPLOYED BY SOUTHERN BELL INITIALLY IN
25 THE NORTH CAROLINA HEADQUARTERS ORGANIZATION.

1 SINCE THAT TIME I HAVE HELD VARIOUS POSITIONS WITH
2 THE COMPANY AND AT&T. I AM CURRENTLY AN
3 OPERATIONS MANAGER WITH RESPONSIBILITY FOR THE
4 PRICING AND TARIFFING OF A VARIETY OF LOCAL
5 EXCHANGE SERVICES FOR THE NINE STATE REGION. I
6 HAVE TESTIFIED ON MANY OF THESE ISSUES IN THE
7 SOUTHERN BELL STATES.

8

9 Q. WHAT IS THE PURPOSE OF YOUR TESTIMONY?

10

11 A. THE PURPOSE OF MY TESTIMONY IS TO ADDRESS THE
12 CHANGES IN RATES, RATE STRUCTURE AND ACCOMPANYING
13 TARIFFS, AS WELL AS NEW SERVICE OFFERINGS THAT
14 SOUTHERN BELL IS PROPOSING IN CONJUNCTION WITH OUR
15 PRICE REGULATION PLAN. IN ADDITION, I WILL
16 DESCRIBE THE RATE REDUCTIONS THAT ARE RECOMMENDED
17 FOR THE DISTRIBUTION OF THE 1993 ANNUAL CUSTOMER
18 CREDIT OF APPROXIMATELY \$47.5 MILLION.

19

20 Q. IN SUMMARY, WHAT NEW SERVICES ARE BEING PRESENTED
21 AND WHAT EXISTING RATES AND SERVICES WILL BE
22 AFFECTED BY SOUTHERN BELL'S PROPOSAL?

23

24 A. IN CONJUNCTION WITH THE PROPOSED PRICE REGULATION
25 PLAN, SOUTHERN BELL OFFERS THE FOLLOWING

1 PROPOSALS:

2

3

- AN OPTIONAL EXPANDED LOCAL
SERVICE PLAN (ELS)

4

5

- A REDUCTION IN SWITCHED
ACCESS RATES

6

7

- A REDUCTION IN THE
INTERCONNECTION USAGE RATES FOR
MOBILE SERVICE PROVIDERS

8

9

10

- AN ECONOMIC DEVELOPMENT PLAN

11

12

IN ADDITION, IN ORDER TO DISTRIBUTE THE ESTIMATED
\$47.5 MILLION CUSTOMER CREDIT THAT WILL BE IN
EFFECT IN 1993, SOUTHERN BELL PROPOSES THE
FOLLOWING RATE CHANGES:

13

14

15

16

17

- A REDUCTION AND RESTRUCTURE OF
SERVICE CONNECTION CHARGES (\$11.5M)

18

19

- A REDUCTION IN CUSTOM CALLING
SERVICES (\$4.4M)

20

21

- A REDUCTION IN FLAT RATE PBX TRUNK,
NETWORK ACCESS REGISTER (NAR) AND
HUNTING CHARGES FOR BUSINESS

22

23

24

CUSTOMERS AND ELIMINATION OF ALL
EXISTING FLAT RATE EXTENDED AREA

25

1 SERVICE (EAS) ADDITIVES THROUGH
2 REGROUPING (\$30M)
3 - A REDUCTION IN BASIC CHARGES FOR
4 QUALIFIED LOW INCOME SUBSCRIBERS
5 UNDER A PROPOSED LIFELINE OFFERING
6 (\$1.5M)
7

8 Q. DESCRIBE SOUTHERN BELL'S PROPOSAL FOR AN OPTIONAL
9 EXPANDED LOCAL SERVICE (ELS) PLAN.
10

11 A. SOUTHERN BELL IS PROPOSING AN OPTIONAL EXPANDED
12 LOCAL SERVICE (ELS) PLAN FOR RESIDENTIAL AND
13 BUSINESS CUSTOMERS. THIS PLAN COMBINES OPTIONAL
14 USAGE BASED PRICING (UBP) FOR THE BASIC (EXISTING)
15 LOCAL CALLING AREA WITH AN EXPANDED LOCAL CALLING
16 AREA (ELCA) OUT TO FORTY MILES. SEVEN DIGIT
17 DIALING (WITHIN EACH NUMBER PLAN AREA AND LATA)
18 WILL BE AVAILABLE FOR ELS PLAN CUSTOMERS. FLAT
19 RATE LOCAL SERVICE AND TEN DIGIT TOLL CALL DIALING
20 WILL CONTINUE FOR THOSE CUSTOMERS WHO DO NOT
21 SELECT THE OPTIONAL ELS PLAN AND FOR PUBLIC
22 TELEPHONE SERVICE.
23

24 OUR PROPOSED ELS PLAN IS ONE THAT OFFERS OUR
25 CUSTOMERS OPTIONS BASED ON THEIR CALLING PATTERNS.

1 IT PROVIDES A LOWER COST OPTION TO FLAT RATE
2 SERVICE FOR THOSE WHO DO NOT PLACE MANY LOCAL
3 OUTGOING CALLS. IT ALSO OFFERS DISCOUNTED RATES
4 FOR THOSE WHO HAVE A FREQUENT NEED TO CALL WITHIN
5 THE EXPANDED LOCAL CALLING AREA. THIS PLAN WILL
6 ALSO HELP TO ALLEVIATE FUTURE PRESSURES FOR NEW
7 EAS ROUTES, PARTICULARLY IN AREAS WHERE THE
8 COMMUNITY OF INTEREST DOES NOT MEET THE
9 COMMISSION'S STANDARDS FOR CREATING AN ADDITIONAL
10 EAS ROUTE. UNLIKE NON-OPTIONAL EAS, SOUTHERN
11 BELL'S OPTIONAL PLAN FOR EXPANDING LOCAL CALLING
12 GIVES CUSTOMERS A CHOICE AND DOES NOT FORCE
13 CUSTOMERS TO PAY FOR CALLING THEY MAY NEITHER WANT
14 NOR NEED. ALSO, IMPLEMENTATION OF THIS PLAN WILL
15 ALLOW SOUTHERN BELL TO REFLECT MORE ACCURATELY ITS
16 COSTS FOR PROVIDING EXPANDED LOCAL CALLING THAN
17 WOULD A NON-OPTIONAL FLAT RATE PLAN.

18
19 UNDER THE STANDARD ELS OPTION, CUSTOMERS WILL PAY
20 A FLAT MONTHLY ACCESS LINE RATE WITH A CAPPED
21 BASIC LOCAL CALLING AREA USAGE RATE PLUS AN
22 EXPANDED LOCAL CALLING AREA USAGE RATE. FOR
23 EXAMPLE, RESIDENCE MONTHLY ACCESS LINE RATES WILL
24 RANGE FROM \$6.15 IN THE SMALLEST RATE GROUP TO
25 \$7.75 IN THE LARGEST AS COMPARED WITH

1 CORRESPONDING EXISTING FLAT RATE CHARGES OF \$7.30
2 AND \$10.65, RESPECTIVELY. THE OPTIONAL ELS
3 RESIDENCE RATES INCLUDE A MONTHLY USAGE ALLOWANCE
4 OF \$3.00 WHICH IS APPLIED TO CALLING WITHIN THE
5 BASIC LOCAL CALLING AREA. THE USAGE RATE WITHIN
6 THE BASIC (EXISTING) LOCAL CALLING AREA WILL BE
7 \$.02 PER MINUTE AND THE USAGE RATE FOR THE
8 EXPANDED LOCAL CALLING AREA OUT TO 40 MILES WILL
9 BE \$.08 PER MINUTE. THERE ARE NO TIME OF DAY
10 DISCOUNTS ASSOCIATED WITH THE PLAN.

11
12 THE USAGE CAPS WILL APPLY TO ALL PLAN OPTIONS FOR
13 CALLS THAT ARE MADE WITHIN THE BASIC LOCAL CALLING
14 AREA ONLY. RESIDENCE USAGE WILL BE CAPPED AT
15 \$10.00 AND BUSINESS USAGE AT \$30.00. NON LOCAL
16 EXCHANGE COMPANY PUBLIC ACCESS SERVICE (NPATS)
17 PROVIDERS AND SHARED TENANT SERVICE (STS)
18 PROVIDERS WHO ARE AUTHORIZED RESELLERS OF LOCAL
19 SERVICE IN FLORIDA WILL BE ABLE TO SUBSCRIBE TO
20 THE PLAN, BUT THERE WILL BE NO CAP ON THEIR USAGE.
21 SEVEN DIGIT DIALING WILL NOT APPLY ON CALLS MADE
22 TO THE EXPANDED LOCAL CALLING AREA WHEN THESE
23 CALLS ARE PLACED FROM EITHER A NON-LOCAL EXCHANGE
24 COMPANY OR A LOCAL EXCHANGE COMPANY PROVIDED PAY
25 TELEPHONE, AND NO CHANGE IS PROPOSED IN THE TOLL

1 RATES CURRENTLY CHARGED FOR THESE CALLS.

2

3 IN ADDITION TO THE STANDARD ELS OPTION, TWO
4 DISCOUNTED ELS OPTIONS WILL BE OFFERED. THE 20%
5 DISCOUNT OPTION WILL PROVIDE A 20% DISCOUNT FOR
6 ALL USAGE WITHIN THE BASIC LOCAL CALLING AREA.
7 THIS OPTION IS AVAILABLE FOR \$.50 PER LINE PER
8 MONTH FOR RESIDENCE SUBSCRIBERS AND \$1.00 PER LINE
9 PER MONTH FOR BUSINESS SUBSCRIBERS.

10

11 A SECOND OPTION, WHICH PROVIDES A 50% DISCOUNT,
12 WILL ONLY BE OFFERED TO BUSINESS SUBSCRIBERS. FOR
13 \$12.00 PER LINE PER MONTH (USED AS AN ALLOWANCE),
14 THE CUSTOMER RECEIVES A 50% DISCOUNT ON ALL OF HIS
15 USAGE WITHIN THE BASIC LOCAL CALLING AREA.

16 DETAILS OF THE PROPOSED ELS OPTIONS AND RATES ARE
17 ATTACHED AS ATTACHMENT NO. 1, PAGES 87 THROUGH 89
18 TO MY TESTIMONY.

19

20 Q. HOW WILL SOUTHERN BELL'S REVENUES BE AFFECTED BY
21 THIS PROPOSED PLAN?

22

23 A. THE IMPACT ON SOUTHERN BELL'S REVENUES WILL BE
24 SUBSTANTIAL OVER THE NEXT TWO YEARS. UPON
25 IMPLEMENTATION OF THE PROPOSED ELS PLAN, THE

1 PROJECTED REVENUE LOSS WILL BE \$7.7 MILLION IN
2 1993 (ASSUMING A MID YEAR IMPLEMENTATION), AND AN
3 ANNUAL LOSS OF \$23.9 MILLION IN 1994 (SEE
4 ATTACHMENT NO. 2). IN 1995, SOUTHERN BELL
5 ANTICIPATES THAT ADDITIONAL ENHANCEMENTS MAY BE
6 MADE TO THE ELS PLAN WHICH COULD HAVE AN
7 ADDITIONAL ANNUAL REVENUE LOSS OF APPROXIMATELY
8 \$22 MILLION.

9

10 Q. WILL THE ELS PLAN BE AVAILABLE TO ALL CUSTOMERS?

11

12 A. YES. THIS PLAN WILL BE OFFERED TO BOTH RESIDENTIAL
13 AND BUSINESS CUSTOMERS AS WELL AS CUSTOMERS WHO
14 HAVE PBX TRUNKS OR ESSX SERVICE.

15

16 Q. HOW WILL THIS PROPOSAL AFFECT EXISTING AND FUTURE
17 IMPLEMENTATION OF LOCAL EXCHANGE EXCEPTIONS SUCH
18 AS OPTIONAL EXTENDED AREA SERVICE (OEAS), ENHANCED
19 OEAS (EOEAS), AND THE LIKE?

20

21 A. EXISTING OPTIONAL EAS ROUTES AND TOLL PAC PLANS
22 WILL BE GRANDFATHERED; THEREFORE, CUSTOMERS
23 CURRENTLY SUBSCRIBING TO AN OEAS OR TOLL PAC PLAN
24 WILL NOT BE AFFECTED. THE DISCOUNT OPTION, THE
25 INCOMING DISCOUNT, AND THE DROP-BACK OPTION OF

1 EOEAS PLANS WILL ALSO BE GRANDFATHERED. THE EOEAS
2 PREMIUM OPTION WILL CONTINUE TO BE OFFERED TO
3 FUTURE CUSTOMERS, BUT A CUSTOMER WILL NOT BE ABLE
4 TO SUBSCRIBE TO BOTH EOEAS (OEAS OR TOLL PAC) AND
5 THE ELS PLAN.

6

7 Q. ARE THERE OTHER LOCAL EXCEPTIONS THAT WILL BE
8 AFFECTED BY THE ELS PROPOSAL?

9

10 A. YES. THE EXISTING LOCAL MEASURED SERVICE
11 SUBSCRIBERS IN THE COCOA, COCOA BEACH, EAU GALLIE,
12 MELBOURNE, TITUSVILLE, DELRAY BEACH AND JUPITER
13 EXCHANGES WILL BE CONVERTED TO THE ELS PLAN. WITH
14 THE ELS PLAN, THESE SUBSCRIBERS WILL GENERALLY SEE
15 A DECREASE IN THEIR BASIC LOCAL USAGE RATES, AND
16 THEY WILL GAIN DISCOUNTED CALLING TO ALL POINTS
17 WITHIN A 40 MILE RADIUS.

18

19 IN ADDITION, ANY STANDARD MEASURED AND RESIDENCE
20 LOW USE CUSTOMERS WILL BE MOVED TO THE ELS PLAN.
21 THIS INCLUDES CUSTOMERS IN GREEN COVE SPRINGS,
22 HOLLYWOOD-PEMBROKE PINES, ORANGE PARK AND MIAMI
23 METRO.

24

25 SINCE "LOCAL CALLING PLUS" HAS BEEN ORDERED BY THE

1 COMMISSION, SOUTHERN BELL DOES NOT PROPOSE TO
2 MOVE THESE CUSTOMERS TO THE ELS PLAN. HOWEVER, WE
3 WOULD PROPOSE TO ALLOW "LOCAL CALLING PLUS"
4 CUSTOMERS THE OPTION TO SELECT THE ELS PLAN IN
5 LIEU OF PAYING THE \$.25 MESSAGE CHARGE.

6

7 Q. AS A PART OF SOUTHERN BELL'S RATE DESIGN PROPOSAL,
8 ARE YOU PLANNING SWITCHED ACCESS RATE CHANGES?

9

10 A. YES. SOUTHERN BELL IS PROPOSING TO REDUCE
11 SWITCHED ACCESS RATES BY AN ANNUAL AMOUNT OF \$10
12 MILLION IN 1993. THE REDUCTION WILL BE IN THE
13 LOCAL TRANSPORT RATE ELEMENT FOR BOTH ORIGINATING
14 AND TERMINATING ACCESS. THIS CHANGE ADDRESSES ONE
15 OF THE MOST COMPETITIVE ELEMENTS OF ACCESS, AND IT
16 WILL MOVE INTRASTATE RATES CLOSER TO INTERSTATE
17 RATE LEVELS. THE COMPOSITE FEATURE GROUP D RATE
18 WILL BE REDUCED FROM \$.1164 TO \$.1116 (SEE
19 ATTACHMENT NO. 3).

20

21 Q. WHAT EFFECT DOES THE REDUCTION IN SWITCHED ACCESS
22 HAVE ON THE USAGE RATE FOR INTERCONNECTION BY
23 MOBILE SERVICE PROVIDERS?

24

25 A. SINCE THE MOBILE ORIGINATED USAGE RATE IS

1 CALCULATED BASED ON A FORMULA USING TERMINATING
2 SWITCHED ACCESS CHARGES, THE REDUCTION IN
3 TERMINATING SWITCHED ACCESS WILL BE REFLECTED IN A
4 REDUCTION TO MOBILE SERVICE PROVIDERS. THE
5 CURRENT MOBILE ORIGINATING PEAK USAGE RATE OF
6 \$.0347 WILL BE REDUCED TO \$.0320.

7
8 IN ADDITION, THE OPTIONAL LAND-TO-MOBILE
9 INTRA-COMPANY USAGE CHARGE OF \$.0597, WHICH IS
10 BASED ON ORIGINATING SWITCHED ACCESS, WILL BE
11 REDUCED TO \$.0572. THE OPTIONAL LAND-TO-MOBILE
12 INTER-COMPANY USAGE CHARGE OF \$.1692 WILL BE
13 REDUCED TO \$.1667.

14
15 THE REVENUE IMPACT OF THESE REDUCTIONS IS
16 ESTIMATED TO BE \$1.2 MILLION IN 1993 (SEE
17 ATTACHMENT NO. 4).

18
19 Q. ONE OF THE CHANGES SOUTHERN BELL PLANS TO MAKE IN
20 ORDER TO DISTRIBUTE THE ESTIMATED \$47.5 MILLION
21 CUSTOMER CREDIT IS A REDUCTION AND RESTRUCTURE OF
22 SERVICE CONNECTION CHARGES. WHAT CHANGES DOES
23 SOUTHERN BELL PLAN TO MAKE?

24
25 A. SOUTHERN BELL PROPOSES A RESTRUCTURING OF SERVICE

1 CONNECTION CHARGES WHICH REDUCES THE RATES,
2 THEREBY BRINGING THEM MORE IN LINE WITH COSTS AND
3 SIMPLIFIES THE EXISTING STRUCTURE SO THAT IT WILL
4 BE EASIER FOR OUR CUSTOMERS TO UNDERSTAND. THE
5 NEW STRUCTURE MAKES A DISTINCTION BETWEEN THE
6 CHARGES FOR THE FIRST AND ADDITIONAL LINES, AND
7 CONSISTS OF THREE MAJOR CATEGORIES: LINE
8 CONNECTION CHARGE, LINE CHANGE CHARGE AND
9 SECONDARY SERVICE CHARGE. THESE CHARGES WILL
10 REPLACE THE EXISTING PRIMARY SERVICE ORDERING
11 CHARGE, SECONDARY SERVICE ORDERING CHARGE, CENTRAL
12 OFFICE WORK, NEW LINE CONNECTION, NUMBER CHANGE
13 AND RESTORATION CHARGES.

14
15 THE LINE CONNECTION CHARGE WILL APPLY TO EACH NEW
16 LINE THAT IS BEING CONNECTED. THE PROPOSED RATES
17 ARE \$40.00 FOR RESIDENCE AND \$60.00 FOR BUSINESS
18 COMPARED TO THE CURRENT RATES OF \$76.00 AND \$86.00
19 RESPECTIVELY. THE FIRST LINE CHARGE WILL APPLY IF
20 ONLY ONE LINE IS ORDERED. IF MORE THAN ONE LINE
21 IS REQUESTED ON THE SAME ORDER, THE NEW LOWER
22 RATED ADDITIONAL LINE CHARGE WILL APPLY TO EACH
23 ADDED LINE.

24
25 THE LINE CHANGE CHARGE WILL APPLY PER LINE FOR A

1 VARIETY OF CUSTOMER REQUESTED CHANGES, SUCH AS
2 NUMBER CHANGES AND TEMPORARY SUSPENSIONS, AND ALSO
3 FOR RESTORALS AFTER SERVICE IS INTERRUPTED FOR
4 NON-PAYMENT.

5
6 THE SECONDARY SERVICE CHARGE WILL APPLY TO EACH
7 CUSTOMER REQUEST FOR ADDING OR REARRANGING
8 SERVICES SUCH AS CUSTOM CALLING FEATURES,
9 TOUCH-TONE SERVICE, ETC. THIS CHARGE WILL ALSO
10 APPLY TO DIRECTORY LISTING CHANGES AND TRANSFERS
11 OF RESPONSIBILITY.

12
13 FINALLY, THE PREMISES VISIT CHARGE WILL BE
14 COMBINED INTO THE FIRST 15 MINUTE INCREMENT OF THE
15 PREMISES WORK CHARGE, WHICH WILL NOT AFFECT THE
16 TOTAL CHARGE. ATTACHMENT NO. 5 PROVIDES A
17 DETAILED COMPARISON OF THE CURRENT AND PROPOSED
18 RATES.

19
20 Q. HOW WILL THE COMPANY'S REVENUES BE AFFECTED BY THE
21 RESTRUCTURE OF THESE CHARGES?

22
23 A. DURING 1993, THE COMPANY WILL REALIZE REDUCED
24 ANNUAL REVENUES OF APPROXIMATELY \$11.5 MILLION.
25 (SEE ATTACHMENT NO. 6).

1

2 Q. WHAT REDUCTIONS ARE PROPOSED IN THE COMPANY'S
3 CUSTOM CALLING RATES IN ASSOCIATION WITH THE
4 ESTIMATED \$47.5 MILLION CUSTOMER CREDIT?

5

6 A. OVERALL, THE COMPANY IS PROPOSING AN ANNUAL
7 REDUCTION OF REVENUES DERIVED FROM CUSTOM CALLING
8 SERVICE OF \$4.4 MILLION IN 1993 (SEE ATTACHMENT
9 NO. 7). THE MONTHLY RATE FOR RESIDENCE CALL
10 WAITING WILL BE REDUCED FROM \$3.50 TO \$3.35. THE
11 MONTHLY RATE FOR RESIDENCE CALL FORWARDING
12 VARIABLE WILL BE REDUCED FROM \$2.45 TO \$2.20.

13

14 THE TARIFFED RATES FOR CUSTOM CALLING ARE
15 CURRENTLY BANDED WITH A PRICE FLOOR AND A PRICE
16 CEILING. THE CHANGES PROPOSED ARE WITHIN THE
17 EXISTING TARIFFED BANDS AND ARE CLOSELY ALIGNED
18 WITH THE RATES THAT WERE IN EFFECT PRIOR TO THE
19 INTRODUCTION OF THE MULTI FEATURE DISCOUNT PLAN.

20

21 Q. A PORTION OF THE ESTIMATED \$47.5 MILLION CUSTOMER
22 CREDIT IS TO BE PASSED ALONG THROUGH ADJUSTMENTS
23 IN THE FLAT RATE RELATIONSHIPS OF THE LINE, PBX
24 TRUNK, NARS AND HUNTING SERVICES. WOULD YOU
25 EXPLAIN THAT ASPECT OF THE COMPANY'S PROPOSAL?

1
2 A. IN ORDER TO BRING FLAT PBX TRUNK RATES CLOSER TO
3 PARITY WITH LINE RATES, HUNTING SERVICE UNDER THE
4 PROPOSED RATE SCHEDULE WILL BE DISAGGREGATED FROM
5 ALL FLAT RATE PBX TRUNKS. THE DISAGGREGATED
6 HUNTING CHARGE FOR PBX TRUNKS WILL BE THE SAME AS
7 THE HUNTING CHARGE FOR BUSINESS LINES.
8
9 BUSINESS FLAT RATE TRUNKS, UPON DISAGGREGATION,
10 WILL BE REDUCED TO 170% OF THE INDIVIDUAL FLAT
11 RATE BUSINESS LINE CHARGE. FOR EXAMPLE, IN RATE
12 GROUP 12, THE NET REDUCTION PER TWO WAY TRUNK WITH
13 HUNTING IS \$5.57 AND THE REDUCTION PER OUTGOING
14 TRUNK WITHOUT HUNTING IS \$15.76.
15
16 BUSINESS FLAT RATE HUNTING SERVICE WILL BE REDUCED
17 FROM 50% TO 35% OF THE INDIVIDUAL FLAT RATE
18 BUSINESS LINE. THE STATEWIDE AVERAGE MONTHLY RATE
19 REDUCTION PER LINE WILL BE \$4.41. RESIDENCE FLAT
20 RATE HUNTING SERVICE WILL REMAIN AT 50% OF THE
21 INDIVIDUAL FLAT RATE LINE.
22
23 NETWORK ACCESS REGISTER (NAR) RATES WILL BE
24 REDUCED BY THE SAME PERCENTAGE AS PBX TRUNKS. IN
25 ADDITION, HUNTING SERVICE WILL BE DISAGGREGATED

1 FROM NARS. FOR EXAMPLE, IN RATE GROUP 12, THE NET
2 REDUCTION PER TWO WAY NAR WITH HUNTING IS \$2.56
3 AND THE REDUCTION PER OUTGOING NAR WITHOUT HUNTING
4 IS \$12.75.

5

6 Q. YOU STATED PREVIOUSLY THAT IN ADDITION TO THE
7 CHANGES IN FLAT RATE PBX TRUNKS, NARS AND HUNTING,
8 THAT EXISTING FLAT RATE EAS ADDITIVES WOULD BE
9 ELIMINATED. PLEASE EXPLAIN.

10

11 A. EXISTING EAS FLAT RATE ADDITIVES FOR CENTURY,
12 MUNSON AND YULEE WILL BE ELIMINATED. THESE THREE
13 EXCHANGES WILL BE REGROUPED TO INCLUDE THE
14 ADDITIONAL LINES IN THEIR NEW BASIC LOCAL CALLING
15 AREA.

16

17 Q. WHAT IS THE REVENUE IMPACT OF THE PBX, NAR AND
18 HUNTING DISAGGREGATION AND REDUCTIONS COMBINED
19 WITH THE REGROUPING?

20

21 A. SOUTHERN BELL ESTIMATES THAT THESE CHANGES WILL
22 RESULT IN A \$30 MILLION ANNUAL REDUCTION IN
23 REVENUES IN 1993 (SEE ATTACHMENT NO. 8).

24

25 Q. THE REMAINDER OF THE APPROXIMATELY \$47.5 MILLION

1 CUSTOMER CREDIT IS TO BE DISTRIBUTED THROUGH A
2 LIFELINE OFFERING. WOULD YOU PLEASE EXPLAIN THIS
3 PROPOSAL?

4
5 A. THE LIFELINE OFFERING ALLOWS QUALIFIED SUBSCRIBERS
6 TO RECEIVE A FEDERAL CREDIT EQUAL TO THE
7 INTERSTATE SUBSCRIBER LINE CHARGE OF \$3.50 PER
8 MONTH AND AN EQUAL AMOUNT FROM THE STATE/SOUTHERN
9 BELL ON THEIR MONTHLY TELEPHONE BILLS. THE TOTAL
10 AMOUNT OF THE MONTHLY CREDIT TO THE SUBSCRIBER'S
11 TELEPHONE BILL IS \$7.00.

12
13 IN ORDER TO QUALIFY FOR THE PROGRAM, THE
14 SUBSCRIBER MUST MEET ONE OR MORE OF THE FOLLOWING:

- 15
16 - RECIPIENT OF AID TO FAMILIES WITH
17 DEPENDENT CHILDREN (AFDC),
18 - RECIPIENT OF SUPPLEMENTAL SECURITY
19 INCOME (SSI), OR
20 - RECIPIENT OF FOOD STAMPS.

21
22 ATTACHMENT NO. 1, PAGE 83 DESCRIBES THIS PLAN IN
23 GREATER DETAIL.

24
25 Q. WHAT IS THE ESTIMATED ANNUAL REVENUE IMPACT OF THE

1 LIFELINE PROGRAM ON SOUTHERN BELL?

2

3 A. IT IS DIFFICULT TO PINPOINT ACCURATELY THE REVENUE
4 IMPACT OF A PLAN SUCH AS LIFELINE WHICH IS
5 DEPENDENT UPON AN UNPREDICTABLE AND FLUCTUATING
6 CUSTOMER BASE. WE HAVE ESTIMATED THAT THE ANNUAL
7 REVENUE LOSS COULD EQUAL \$1.5 MILLION IN 1993 (SEE
8 ATTACHMENT NO. 9).

9

10 Q. IS SOUTHERN BELL PROPOSING ANY TYPE OF ECONOMIC
11 DEVELOPMENT PLAN FOR ITS SERVING AREAS IN FLORIDA?

12

13 A. YES. SOUTHERN BELL IS PROPOSING A STATEWIDE
14 ECONOMIC DEVELOPMENT PLAN TO ASSIST IN STIMULATING
15 NEW BUSINESS GROWTH AND EXPANSION IN OUR SERVING
16 AREAS THAT ARE DESIGNATED AS ENTERPRISE ZONES BY
17 THE FLORIDA ENTERPRISE ZONE STATUTE. THESE ZONES
18 ARE CONSIDERED TO BE AREAS THAT ARE ECONOMICALLY
19 DEPRESSED AND ARE IN NEED OF NEW BUSINESS AND THE
20 ACCOMPANYING JOBS. APPROXIMATELY 1/2 OF THESE
21 ZONES ARE CURRENTLY IN OUR SERVING AREAS.

22

23 THIS PLAN WOULD APPLY TO THOSE BUSINESSES THAT
24 ACTUALLY LOCATE, REBUILD OR EXPAND THEIR
25 OPERATIONS IN ONE OF THE ENTERPRISE ZONES. IT

1 WOULD WAIVE NONRECURRING CHARGES FOR 12 MONTHS AND
2 REDUCE RECURRING CHARGES BY 50% FOR A PERIOD OF 12
3 MONTHS (SEE ATTACHMENT NO. 10). BASED ON THE
4 AVERAGE NUMBER OF CORPORATIONS (54) WHICH
5 QUALIFIED FOR THE PROPERTY TAX CREDITS UNDER THE
6 ENTERPRISE ZONE STATUTE FOR THE PERIOD 7/1/89
7 THROUGH 6/30/90, SOUTHERN BELL'S ESTIMATED REVENUE
8 LOSS WOULD BE NEGLIGIBLE.

9

10 Q. WOULD YOU PLEASE SUMMARIZE YOUR TESTIMONY?

11

12 A. IN CONJUNCTION WITH SOUTHERN BELL'S PRICE
13 REGULATION PLAN, SOUTHERN BELL REQUESTS THAT THE
14 COMMISSION APPROVE THE FOLLOWING PROPOSALS:

15

16 - AN OPTIONAL EXPANDED LOCAL SERVICE PLAN WHICH
17 COMBINES LOCAL USAGE BASED PRICING WITH AN
18 EXPANSION OF THE EXISTING CALLING AREA AT
19 DISCOUNTED RATES. THE REVENUE IMPACT IS ESTIMATED
20 TO BE A LOSS OF \$7.7 MILLION IN 1993
21 (ASSUMING MID YEAR IMPLEMENTATION) AND A LOSS OF
22 \$23.9 MILLION IN 1994. IT IS ANTICIPATED THAT
23 FURTHER ENHANCEMENTS WILL BE MADE TO THE PLAN IN
24 1995 WHICH WILL RESULT IN AN ADDITIONAL REDUCTION
25 IN REVENUE OF \$22 MILLION.

1
2 - A REDUCTION IN THE LOCAL TRANSPORT RATE ELEMENT
3 OF ORIGINATING AND TERMINATING SWITCHED ACCESS.
4 THE ANNUAL REVENUE LOSS IS ESTIMATED TO BE \$10
5 MILLION IN 1993.
6
7 - A REDUCTION IN THE USAGE RATES FOR MOBILE
8 SERVICES INTERCONNECTION WHICH REDUCES ANNUAL
9 REVENUE BY \$1.2 MILLION IN 1993.
10
11 - AN ECONOMIC DEVELOPMENT PLAN WHICH OFFERS
12 DISCOUNTS TO BUSINESSES THAT LOCATE WITHIN
13 ECONOMICALLY DEPRIVED AREAS OF THE STATE. THE
14 REVENUE IMPACT IS ESTIMATED TO BE NEGLIGIBLE.
15
16 SOUTHERN BELL ALSO REQUESTS THAT THE COMMISSION
17 APPROVE OUR PROPOSAL TO DISTRIBUTE THE 1993
18 CUSTOMER CREDIT OF APPROXIMATELY \$47.5 MILLION AS
19 FOLLOWS:
20
21 - A REDUCTION AND RESTRUCTURE OF SERVICE
22 CONNECTION CHARGES. THE ANNUAL REVENUE IMPACT IS
23 ESTIMATED TO BE A LOSS OF \$11.5 MILLION IN 1993.
24
25 - A REDUCTION IN THE RESIDENCE CUSTOM CALLING

1 FEATURES OF CALL FORWARDING AND CALL WAITING. THE
2 ANNUAL REVENUE LOSS IS ESTIMATED TO BE \$4.4
3 MILLION IN 1993.

4
5 - AN ADJUSTMENT IN THE FLAT RATE RELATIONSHIPS OF
6 THE LINE, PBX TRUNK, NARS AND HUNTING SERVICES
7 WHICH INCLUDES THE DISAGGREGATION OF HUNTING FROM
8 THE LINE, PBX TRUNK AND NAR. IN ADDITION, THE
9 EXISTING FLAT RATE EAS ADDITIVES FOR THE EXCHANGES
10 OF CENTURY, MUNSON AND YULEE WILL BE ELIMINATED
11 WITH REGROUPING. THE ESTIMATED ANNUAL REVENUE
12 LOSS IS \$30 MILLION IN 1993.

13
14 - A LIFELINE OFFERING FOR QUALIFIED LOW INCOME
15 SUBSCRIBERS WHICH PROVIDES A MONTHLY CREDIT OF
16 \$7.00. THE ESTIMATED ANNUAL REVENUE IMPACT IS
17 A LOSS OF \$1.5 MILLION IN 1993.

18
19 Q. DOES THIS CONCLUDE YOUR TESTIMONY?

20
21 A. YES.

22

A3. BASIC LOCAL EXCHANGE SERVICE

A3.6 Rotary Service

A3.6.1 General

A. Rotary service is an arrangement via central office equipment which allows completion of an incoming call to any of the lines, *PBX trunks or NARs* in a group from a line, *PBX trunk or NAR* (in the group) that is called but is in use. A rotary rate differential as specified below applies to each of the lines, *PBX trunks or NARs* in the group in association with two-way flat rate lines, *incoming or two-way flat rate PBX trunks, or incoming or two-way flat rate NARs*, business auxiliary (inward) and Residence Message Rate exchange access lines that are equipped for rotary service. In addition, a rotary rate differential will also apply for Business Flat Rate lines terminated in Telephone Answering Service switchboards, not arranged to be connected with administrative stations. This rotary rate differential will not be applicable on exchange access lines arranged for the "call forwarding" feature of Custom Calling Service unless the line is also arranged for rotary service, as specified above. (C)

A3.6.2 Rates

A3. BASIC LOCAL EXCHANGE SERVICE

A3.7 Optional Extended Area Service¹

(T)

A3.7.1 Basic Optional Extended Area Service

A. General

1. Basic Optional Extended Area Service (OEAS) provides for optional measured calling on customer dialed station-to-station calls to locations outside of a subscriber's Local Calling Area, but within the same LATA. Basic OEAS is offered under the following three plan types:
 - a. Point-to-Point Service - This option provides for measured calling from one exchange to one other exchange outside of its Local Calling Area, but within the same LATA.
 - b. Multi-Point Service - This option provides for measured calling from one exchange to two or more exchanges normally contiguous to the calling exchange, located outside of its Local Calling Area, but within the same LATA.
 - c. All Points in a Rate Band - This option provides for measured calling from one exchange to one or more exchanges located outside of its Local Calling Area and within a specified Rate Band, but within the same LATA.
2. Basic OEAS is available to all business and residence subscribers except for Semi-Public Telephone Service or those lines terminated in hotel, motel or hospital PBX's which serve guests or patients. As covered in A2.2.1.B. of this Tariff, the resale of this service is not permitted.
3. Minimum billing per month equivalent to one hour for business and one-half hour for residence as specified in B. following is applicable for each account which may be one line or a group billed multi-line system. The above minimum billing requirement may be fulfilled by subscribing to two Basic OEAS plans on the same account. Each plan will be billed independent of other plans and any unused minimum period time on one plan may not be used as a credit against overtime on another plan. All eligible lines for which message tolls are group billed may use the service, provided they are within the same exchange; however, there can be no mixing of classes of service between residence and business.
4. The usage, in minutes, for messages originated after 5:00 p.m. on weekdays or on a Saturday, Sunday or holiday will be discounted at the prevailing Long Distance Message Telecommunications Service discount rate except as provided in 5. following.
5. Basic OEAS calling is not in effect for messages originated from 10:00 a.m. to 11:00 a.m. or from 7:00 p.m. to 9:00 p.m. on weekdays except weekday holidays as specified in Section A18. of this Tariff. Messages originated during these hours will be billed at the prevailing Long Distance rates.
6. A minimum of one minute per message is applicable except that the minimum is discounted as specified in 4. preceding. Messages of more than one minute are measured in units of 1/10 minute or fraction thereof; however, the billing of usage for messages originated in the Evening Rate Period and the Night and Weekend Rate Period is discounted as specified in 4. preceding. Therefore, the minimum billing rate allows a subscriber more usage when calls are originated during the Evening or Night and Weekend Rate Periods except as specified in 5. preceding.

Note 1: New connections will not be allowed upon the effective date of Expanded Local Service.

A3. BASIC LOCAL EXCHANGE SERVICE

A3.7 Optional Extended Area Service¹ (Cont'd)

(T)

A3.7.2 Enhanced Optional Extended Area Service

A. General

1. Enhanced Optional Extended Area Service (EOEAS) provides alternative billing for customer dialed station-to-station calls to or from locations outside a subscriber's local calling area, but within the same LATA. As an additional option, customers are allowed to reduce their unlimited calling area to their home exchange at a reduced flat rate. EOEAS is available in the following configurations:

- a. Premium - This option permits residence subscribers to increase their unlimited local calling area by allowing the subscriber to make unlimited outgoing direct dialed calls to a specified exchange or exchanges outside the subscriber's existing local calling area but within the same LATA. Premium customers will not be billed Local Calling Plus rates. See A3.8.50 for Rates and Regulations. Customers in the Bunnell, Flagler Beach, Palm Coast, Geneva and Sanford exchanges pay a fixed monthly charge, which includes the Individual Residence Line rate plus an EOEAS additive to subscribe to this option; in other exchanges customers pay a fixed monthly additive.
- b. Discount¹ - This option provides a fifty percent discount from the prevailing long distance rates specified in Section A18. for DDD calls from the subscriber's location to a specified exchange or exchanges outside the subscriber's local calling area but within the same LATA. As specified in B. following, there is a minimum monthly charge per account to subscribe to this service. Customers whose total discounted toll charges to the specified exchange or exchanges less than the minimum monthly charge will be billed only the minimum monthly charge. Customers whose total discounted toll charges to the specified exchange or exchanges are equal to or greater than the minimum monthly charge will be billed the total discounted toll charges. (T)
- c. Incoming Discount¹ - This option permits a subscriber to pay for calls received at the subscriber's location and placed from a specified exchange or exchanges outside the subscriber's local calling area but within the same LATA. With this option a subscriber receives an assigned telephone number in the specified other exchange or exchanges with an associated directory listing if desired. (This number can be non-published at no additional charge.) Calls to this number will be forwarded to the subscriber's location. The subscriber would pay a rate equal to fifty percent of the prevailing long distance rates specified in Section A18. for each call received in addition to a fixed monthly charge as specified in B. following. The Incoming Discount option is only available to customers who subscribe to either of the above described Discount or Premium options. (T)
- d. Drop-back¹ - This option permits customers to reduce their unlimited local calling area to their exchange at a reduced flat rate as specified in B.2 following. With this option a subscriber would still be able to receive local calls from the local calling area described in A3.3. However, any calls placed from the subscriber's location to exchanges in the local calling area but not in the subscriber's exchange would be billed at the rates specified in Section A18. Such calls will be summary billed based on minutes, discount period and toll rate band mileage. On the customer's bills Band 1 designates calls in the 0-10 mileage bracket; Band 2, 11-22 mileage bracket; and Band 3, 23-55 mileage bracket. (T)

Note 1: New connections will not be allowed upon the effective date of Expanded Local Service. (N)

B. Rates and Charges

1. The rates for the Premium and Discount EOEAS options are shown in the following matrix. Rates for specific routes are based on the airline mileage between rate centers of the involved exchanges and, for the residence Premium option only, also on the number of access lines in the added exchange or exchanges.

Option	Mileage to Rate Center of the Added Exchange or Exchanges		
	0-10	11-22	23-55
Residence Premium Monthly Additives²			
Access Lines in the Added Exchange or Exchanges			
0 - 2,000	\$3.65	\$4.30	\$ 6.85
2,001 - 7,000	4.00	4.70	7.50
7,001 - 22,000	4.30	5.10	8.15
22,001 - 55,000	4.55	5.40	8.60
55,001 - 120,000	4.90	5.80	9.25
120,001 - 195,000	5.20	6.15	9.80
195,001 - 280,000	5.50	6.50	10.35
280,001 - 375,000	5.75	6.80	10.85
375,001 - 450,000	5.95	7.05	11.25
450,001 - 550,000	6.15	7.30	11.65
550,001 - 700,000	6.30	7.45	11.90
Over 700,000	6.45	7.65	12.20
Discount¹ Monthly Additives (per account)			
Residence	1.75	2.20	3.80
Business Line	3.50	4.40	7.60
PBX Trunk or ESSX [®] service			
NAR	7.00	8.80	15.20

(T)

Note 1: New connections will not be allowed upon the effective date of Expanded Local Service.

(N)

Note 2: The rates provided in this matrix are monthly additives. The Premium rates for the Bunnell, Flagler Beach, Palm Coast, Geneva and Sanford exchanges as provided in B.2.a-e following are the result of summing the associated Individual Residence Line (IFR) rate and the appropriate additive.

A3.8.5 Coral Springs

Where extension line mileage charges and rates for private line services would be increased for Pompano Beach or Deerfield Beach customers when they are transferred to the Coral Springs exchange at its inception October 22, 1978, existing mileage charges will remain in effect if the associated service is continued at the same location.

A3.8.6 Deerfield Beach

- A. Subscribers with Deerfield Beach foreign exchange service on October 15, 1973, who are located in the Boca Raton exchange area will not be required to contract for Boca Raton exchange service as long as the Deerfield Beach foreign exchange service is maintained at the same location as on October 15, 1973.
- B. Channels for Remote Metering, Supervisory Control and Miscellaneous Signaling Purposes will be furnished at the rates specified for intraexchange channels in the Florida Private Line Service Tariff where one termination of the channel is at the Police Station of the Town of Hillsboro Beach in the Deerfield Beach exchange and the other termination is in a building within that part of the Town of Hillsboro Beach that is located in the Pompano Beach exchange.

A3. BASIC LOCAL EXCHANGE SERVICE

A3.8 Local Exceptions(Cont'd)

A3.8.9 Fort Lauderdale

A. Theoretical Central Office

For Fort Lauderdale subscribers having telephone numbers starting with "434", determination of charges, where such determination is based upon the location of the central office, will be from either the actual switching central office or from the theoretical central office location at 9090 S.W. 50th Place, Cooper City, Florida, whichever results in the lower charge.

A3.8.10 Reserved for Future Use

A3.8.11 Green Cove Springs

A. Measured Service

1. Application and Regulations

- a. Green Cove Springs is a pilot location of the measured service pricing concept and the subscribers in the Green Cove Springs exchange having the *Unlimited-Unmeasured or Combination* options as of December 1, 1981, may retain that same service as long as this Tariff is in effect. New connections of the *Combination (Unmeasured-Measured) and the Residence Message Rate option* will not be permitted after the effective date of *Expanded Local Service*. The *Unlimited-Unmeasured* option will continue to be available as long as this Tariff is in effect.

(C)

A3. BASIC LOCAL EXCHANGE SERVICE

A3.8 Local Exceptions(Cont'd)

A3.8.11 Green Cove Springs (Cont'd)

A. Measured Service (Cont'd)

1. Application and Regulations (Cont'd)

h.

(3) The selection of either flat rate service, message rate service, or measured rate service for all administrative lines of a Miscellaneous Common Carrier or Radio Common Carrier.

(4) Premises where semipublic or public telephones may properly be located.

(5) Under no circumstances will Combination Unmeasured be permitted at the same premises as Unlimited Service. (C)

i. The following services are not offered the option of subscribing to measured local exchange service; calling will be unmeasured to Tier 1 locations and intrastate toll rates will apply to calls to Tier 2 and 3 locations.

(1) Hotel/Motel

(2) Hospital

(3) Nonadministrative lines of Miscellaneous Common Carriers and Radio Common Carriers.

(4) Centrex

(5) Coin

2. Rates and Charges

a. The Green Cove Springs local calling area will be subdivided into three tiers for measured service calling. Tier one will include the Green Cove Springs¹ exchange. Tier 2 will be the Middleburg, Orange Park, and Julington² exchanges. Tier three will be the Jacksonville and Maxville exchanges.

b. A local usage maximum will apply to Combination service. (C)

c. (DELETED) (D)

d. Where a subscriber contracts for two or more individual measured rate lines on the same premises and agrees to grouped billing, the amount of monthly measured rate allowance per line, as specified following, will be multiplied by the number of such measured rate lines and measured usage in excess of this product will be billed at the measured charges as indicated following. PBX trunks serving the same PBX and group billed will also have the allowance multiplied by the number of trunks so billed in determining the measured charges. All lines or trunks included for such allowances must have the same central office designation and be of the same class of service.

Note 1: Penney Farms is combined with the Green Cove Springs exchange effective October 24, 1988.

Note 2: The Mandarin exchange area will be subdivided; a portion becoming part of the Jacksonville exchange area, the remainder is renamed the Julington exchange, effective June 27, 1987.

A3. BASIC LOCAL EXCHANGE SERVICE

A3.8 Local Exceptions(Cont'd)

A3.8.11 Green Cove Springs (Cont'd)

A. Measured Service (Cont'd)

2. Rates and Charges (Cont'd)

e. The following monthly rates are applicable to individual line measured rate service.

(1) Residence Unlimited-Unmeasured¹

	Monthly Rate	USOC	
(a) Per two-way line	\$15.85	1FR	
(b) Unlimited-Unmeasured, additional for hunting	7.93	HTG	
(c) Per outgoing only line ²	15.85	OFB	
(2) Residence Combination (unmeasured and measured) ³			
(a) Per two-way line	7.70	RUA↔

(T)

A3.8.12 Hollywood

A. Optional Local Service - Pembroke Pines Central Office

1. Application and Regulations

- a. The Pembroke Pines Central Office of the Hollywood exchange is a pilot location of the measured service pricing concept and the subscribers in the Hollywood-Pembroke Pines office having the *Unlimited-Unmeasured* or *Combination* options as of December 1, 1981, may retain that same service as long as this Tariff is in effect. New connections of *Combination (Unmeasured-Measured)* and the *Residence Message* option will not be permitted after the effective date of *Expanded Local Service*. The *Unlimited-Unmeasured* option will continue to be available as long as this Tariff is in effect.
- b. Foreign exchange and foreign central office service served from the Hollywood - Pembroke Pines central office (that is, with a Hollywood - Pembroke Pines telephone number) will no longer be offered to new customers as of the initial effective date of this Tariff. Existing customers will be allowed to continue these services at their present location.

(C)

Customers located in the Hollywood - Pembroke Pines central office serving area with foreign exchange service served from another exchange (that is, with a telephone number of another exchange) within the Tier 1 local calling scope cannot subscribe to Measured or to Low Use Measured service for their co-located local service.

Customers located in the Hollywood - Pembroke Pines central office serving area with foreign exchange service served from an exchange (that is, with a telephone number of another exchange) within Tier 2 or 3 of the Hollywood - Pembroke Pines local calling scope do not require a co-located local service line from the Hollywood - Pembroke Pines central office. If the customer does subscribe to local Hollywood - Pembroke Pines service as well, this service cannot be Measured or Low Use Measured service.

- c. For foreign exchange and foreign central office served from Hollywood - Pembroke Pines (that is, with a Hollywood - Pembroke Pines telephone number), and message rate service (with the exception of hotel, motel, and hospital service, which are addressed in h. following), the fixed monthly local exchange rate will be:

Foreign central office, message rate - As listed for the Hollywood exchange in Section A3.
Foreign Exchange - As listed for the appropriate serving exchange in Section A3.

A3. BASIC LOCAL EXCHANGE SERVICE

A3.8 Local Exceptions(Cont'd)

A3.8.12 Hollywood (Cont'd)

A. Optional Local Service - Pembroke Pines Central Office (Cont'd)

1. Application and Regulations (Cont'd)

d. Their local usage charges will be as follows:

(1) Tier 1 Calls:

Unmeasured for foreign exchange and foreign central office served from Hollywood - Pembroke Pines.

Current message rate call allowance and additional message charges apply for message rate service.

(2) Tier 2 and 3 Calls:

Measured at the same tier usage charges applicable to individual line measured rate service. No usage allowance applies; no maximum monthly local exchange service bill applies.

e. Normal service charge application will not apply for one customer conversion from an optional local service pilot offering. All other regular tariff charges will apply as appropriate, except for those measured service exceptions listed herein.

f. Measured service usage charges will not apply to calls to the Company Business Office, Repair Service, 911 Emergency Service, or for Directory Assistance.

g. Any combinations of measured rate, flat rate, or message rate services will not be allowed on the same premises, with the exception of:

(1) The nonadministrative, inward terminations at a Telephone Answering Bureau.

(2) A flat rate Foreign Exchange line which is switched at a location outside the local calling area of the Hollywood - Pembroke Pines central office.

(3) The selection of either flat rate service, message rate service, or measured rate service for all administrative lines of a Miscellaneous Common Carrier or Radio Common Carrier.

(4) Premises where semipublic or public telephones may properly be located.

(5) Under no circumstances will a Combination Unmeasured be permitted at the same premises as Unlimited Service. (C)

h. The following services will retain exactly the same service arrangements and rate treatments as are in effect for the remainder of the Hollywood exchange:

(1) Hotel/Motel

(2) Hospital

(3) Nonadministrative lines of Miscellaneous Common Carriers and Radio Common Carriers

(4) Centrex

(5) Coin

A3. BASIC LOCAL EXCHANGE SERVICE

A3.8 Local Exceptions(Cont'd)

A3.8.12 Hollywood (Cont'd)

A. Optional Local Service - Pembroke Pines Central Office (Cont'd)

2. Rates

- a. The local calling area of the subscribers in the Pembroke Pines central office of the Hollywood exchange will be subdivided into three tiers for the pilot services. Tier one will include the Hollywood, Fort Lauderdale, and North Dade exchanges and the Opa Locka and Hialeah central office areas of the Miami exchange. Tier two will consist of the Pompano Beach exchange and the following central office areas of the Miami exchange; Airport, Alhambra, Allapattah, Bayshore, Beach, Biscayne, Flagler, Grande, Indian Creek, Key Biscayne, Metro, Miami Shores, North Miami, Northside, Palmetto, Poinciana, Red Road, South Miami, and West Miami. Tier three will include the Boca Raton, Coral Springs, Deerfield Beach and Perrine exchanges and the following central office areas of the Miami exchange; Canal, Kendall, and Silver Oaks.

b. (DELETED)

(D)

Specifically, there will be no maximum placed on local usage charges for residence customers selecting a Combination local service option or for any business customers.

c. (DELETED)

(D)

- d. Where a subscriber contracts for two or more individual measured rate lines on the same premises and agrees to grouped billing, the amount of monthly measured rate allowance per line, as specified following, will be multiplied by the number of such measured rate lines and measured usage in excess of this product will be billed at the measured charges as indicated following. PBX trunks serving the same PBX and group billed will also have the allowance multiplied by the number of trunks so billed in determining the measured charges. All lines or trunks included for such allowances must have the same central office designation and be of the same class of service.

- e. The following monthly rates are applicable to individual line measured rate service.

(1) Residence Unlimited-Unmeasured¹

	Monthly Rate	USOC
(a) Per two-way line	\$14.05	1FR
(b) Unlimited-Unmeasured, additional for hunting	7.02	HTG
(c) Per outgoing only line ²	14.05	OFR

(2) Residence Combination (unmeasured and measured)³

(a) Per two-way line	10.65	RUA↔
(b) Per two-way line with rotary or line hunting service ⁴	15.98	RUC↔
(c) Per outgoing only line ²	10.65	ROA

Note 1: Unmeasured calling to Tiers 1, 2, and 3.

Note 2: See A3.29 for Outgoing Only Service regulations.

Note 3: Unmeasured calling to Tier 1 and measured calling to Tiers 2 and 3.

Note 4: Hunting, or rotary service, is rated at 150% of the comparable residence line rate.

A3.8.17 Miami

A. Aircom Service for Miami International Airport

AIRCOM Service is offered to any business subscriber who is located on and engaged in the operation of the Miami International Airport as a transportation facility or in providing services to passengers. In addition, AIRCOM Service may be provided at locations not on the Miami International Airport property, to the same type of business subscriber, provided the subscriber: (1) Also has AIRCOM service on the Airport, or (2) Is located within 1/4 mile of the Airport.

1. General

a. The service features provided in the AIRCOM system are as follows:

- (1) Intercommunication between all station lines associated with the system (group use).
- (2) Dialing of outgoing calls within the Miami local calling area and to other exchanges reached through direct distance dialing of message toll service.
- (3) Identification of outgoing toll messages and billing of such messages by station line number.
- (4) Inward dialing of local and long distance calls directly to a station line or attendant.
- (5) Transfer of incoming local exchange or toll calls from one station line to another by the station line user without the assistance of an attendant.
- (6) Intercept of calls dialed to vacant numbers by either machine or attendant.
- (7) Trunk answering from any station line for systems equipped with attendant positions.

5. Rates

- k. A special AIRCOM directory will be provided based on estimated costs for each issue. The total estimated costs will be prorated to each customer on the basis of the ratio of directory copies ordered by that customer to the total copies printed for all customers combined.

B. Measured Service - Metro Central Office

1. Application and Regulations

- a. The Metro Central Office of the Miami exchange is a pilot location of the measured service pricing concept and the subscribers in the Miami-Metro office having the *Combination (Unmeasured-Measured)* option as of as December 1, 1981, may retain that same service as long as this Tariff is in effect. *New connections of the Combination option will not be allowed upon the effective date of Expanded Local Service.* (C)
- b. Normal service charge application will not apply for one customer conversion from a measured service offering. All other regular tariff charges will apply as appropriate except for those measured service exceptions listed herein.
- c. Measured service usage charges will not apply to calls to the Company Business Office, Repair Service, 911 Emergency Service, or for Directory Assistance.
- d. Any combinations of measured rate, flat rate, or message rate services will not be allowed on the same premises, with the exception of:
 - (1) The nonadministrative, inward terminations at a Telephone Answering Bureau.
 - (2) A flat rate Foreign Exchange line which is switched at a location outside the local calling area of the normal serving exchange.
 - (3) The selection of either flat rate service, message rate service, or measured rate service for all administrative lines of a Miscellaneous Common Carrier or Radio Common Carrier.
 - (4) Premises where semi-public or public telephones may properly be located.
 - (5) (DELETED) (D)
- e. The following services are not offered the option of subscribing to measured local exchange service:
 - (1) Hotel/Motel
 - (2) Hospital
 - (3) Nonadministrative lines of Miscellaneous Common Carriers and Radio Common Carriers
 - (4) Centrex
 - (5) Foreign Exchange
 - (6) Foreign central office

A3.8.17 Miami (Cont'd)

B. Measured Service - Metro Central Office (Cont'd)

2. Rates And Charges

- a. The local calling area of the subscribers in the Metro C. O. of the Miami exchange will be subdivided into three tiers for measured service calling. Tier one will include the following central office areas of the Miami exchange: Airport, Alhambra, Allapattah, Beach, Bayshore, Biscayne, Flagler, Grande, Indian Creek, Key Biscayne, Metro, Miami Shores, North Miami, Northside, Palmetto, Poinciana, Red Road, South Miami, and West Miami. Tier two will consist of the Perrine exchange, the North Dade exchange, and the following central office areas of the Miami exchange: Canal, Hialeah, Kendall, Opa Locka, and Silver Oaks. Tier three will include the Homestead exchange.
- b. For purposes of this measured service offering, the maximum measured service monthly billing will not exceed 125 percent of the current flat rate charges for the comparable service.
- c. (DELETED) (D)
- d. Where a subscriber contracts for two or more individual measured rate lines on the same premises and agrees to grouped billing, the amount of monthly measured rate allowance per line, as specified following, will be multiplied by the number of such measured rate lines and measured usage in excess of this product will be billed at the measured charges as indicated following. PBX trunks serving the same PBX and group billed will also have the allowance multiplied by the number of trunks so billed in determining the measured charges. All lines or trunks included for such allowances must have the same central office designation and be of the same class of service.
- e. The following monthly rates are applicable to individual line measured rate main service.

(1) Residence Combination (unmeasured and measured)¹

	Monthly Rate	USOC
(a) Per two-way line	\$8.90	RUA↔
(b) Per two-way line with rotary or line hunting service ²	12.48	RUC↔
(c) Per outgoing only line ³	8.90	ROA

(2) (DELETED) (D)

(3) (DELETED) (D)

Note 1: Unmeasured calling to the Tier 1 and measured calling to Tiers 2 and 3.

Note 2: Hunting, or rotary service, is rated at 140% of the comparable residence line rate.

Note 3: See A3.29 for Outgoing Only Service regulations.

A3.8.29 Brooksville

A. Optional Calling Service from Brooksville to Inverness¹

(T)

1. General

This calling plan allows Brooksville subscribers the option of placing toll calls to Inverness with a discount of 30 percent applied to the direct dial rate appropriate for the period in which the call was made.

(T)

When a customer subscribes to this service, the rate remains in effect for a minimum of one billing cycle period for that customer. Thereafter, it will remain in effect until discontinued by the customer with such ending period coinciding with the customer's billing cycle.

The service is available only to individual line Residence and Business services. It is not available on semipublic, Public Access Telephone or FX services.

As covered in A2.2.1.B. of this Tariff, the resale of this service is not permitted.

2. Rates

Service charges as applicable in Section A4 of this Tariff will apply on a per account basis for changes to and from the service.

Minimum monthly rates as indicated following will apply.

a. Minimum Rate Per Month

(1) Per Account

	Monthly Rate	USOC
(a) Residence	\$3.90	0C187
(b) Business	7.80	0C188

A3.8.31 Yankeetown

A. Optional Calling Service from Yankeetown to Inverness¹

(T)

1. General

This calling plan allows Yankeetown subscribers the option of placing toll calls to Inverness with a discount of 30 percent applied to the direct dial rate appropriate for the period in which the call was made.

(T)

When a customer subscribes to this service, the rate remains in effect for a minimum of one billing cycle period for that customer. Thereafter, it will remain in effect until discontinued by the customer with such ending period coinciding with the customer's billing cycle.

The service is available only to individual line Residence and Business services. It is not available on semipublic, Public Access Telephone or FX services.

As covered in A2.2.1.B. of this Tariff, the resale of this service is not permitted.

Note 1: New connections will not be allowed upon the effective date of Expanded Local Service.

A3.8.56 Interstate Subscriber Line Charge Waiver and Matching Program

(N)

A. General

(N)

1. The Interstate Subscriber Line Charge Waiver and Matching Program adopted by the Florida Public Service Commission is a Lifeline Assistance Program and provides for a federal credit equal to 100 percent of the Interstate Subscriber Line Charge plus an equivalent Company provided subsidy to qualified subscribers. The federal and Company credits are applied to the local service bills for qualified residential recipients of Aid to Families with Dependent Children (AFDC), Supplemental Security Income (SSI) or Food Stamps.

(N)

B. Applications and Regulations

(N)

Guidelines for implementation of this program are as follows:

(N)

1. Certification Procedures

(N)

All applications for this service will be verified with the state agency responsible for administration of the qualifying program.

(N)

2. Processing Procedures

(N)

The Company will process all applications and apply the appropriate credit on the subscriber's monthly bill.

(N)

3. Verification Procedures

(N)

The Company will reconcile and confirm eligibility semi-annually by providing the agency involved with a computer tape (directly or through a third party) of all credit recipients. A verification of eligible recipients will be made. The credit will be discontinued on the bill following written notification to the subscriber of ineligibility.

A3. BASIC LOCAL EXCHANGE SERVICE

A3.28 Trunk Side Access Facility

A3.28.3 Rates and Charges

A. Access Line Charges

I. The following rates and charges are for trunk-side connected local exchange access facilities for use with Uniform Access Number/Automatic Number Identification Service and are applicable to individual business lines, PBX trunks, MegaLink® channel service or LightGate® service lines.

a. Facilities Connected at a TOPS Tandem Office^{1,2}

(1) Single Voice Grade Facility, Rate Groups 1-6

	Group						USOC	
	1	2	3	4	5	6	81E	(R)
(a) Per Facility	\$33.66	\$35.36	\$37.23	\$38.93	\$40.55	\$42.33	81E	(R)

(2) Single Voice Grade Facility, Rate Groups 7-12

	Group						USOC	
	7	8	9	10	11	12	81E	(R)
(a) Per Facility	\$43.78	\$45.22	\$46.58	\$47.60	\$48.62	\$49.47	81E	(R)

(3) MegaLink® channel service, Rate Groups 1-6

	Group						USOC	
	1	2	3	4	5	6	60N	(R)
(a) Per NAR	\$11.74	\$12.34	\$12.98	\$13.58	\$14.14	\$14.77	60N	(R)

(4) MegaLink® channel service, Rate Groups 7-12

	Group						USOC	
	7	8	9	10	11	12	60N	(R)
(a) Per NAR	\$15.28	\$15.78	\$16.25	\$16.60	\$16.96	\$17.26	60N	(R)

(5) LightGate® service, Rate Groups 1-6

	Group						USOC	
	1	2	3	4	5	6	60B	(R)
(a) Per NAR	\$11.74	\$12.34	\$12.98	\$13.58	\$14.14	\$14.77	60B	(R)

(6) LightGate® service, Rate Groups 7-12

	Group						USOC	
	7	8	9	10	11	12	60B	(R)
(a) Per NAR	\$15.28	\$15.78	\$16.25	\$16.60	\$16.96	\$17.26	60B	(R)

Note 1: The TOPS tandem trunk is required for Automatic Number Identification (ANI) service. Uniform Access Number (UAN) is required for ANI service.

Note 2: Rates shown are same as rates specified in A3.4.2.C. and A3.13.3.A. of this Tariff.

A3. BASIC LOCAL EXCHANGE SERVICE

A3.37 Expanded Local Service

A3.37.1 General

- A. Expanded Local Service (ELS) is an optional usage based pricing plan providing local calling on a seven-digit basis from the subscriber's home exchange to all other exchanges in Rate Centers within a 40 airline mile radius of the home exchange's Rate Center. The expanded calling capability is in addition to exchanges within the basic local calling area specified in A3.3 of this Tariff. (N)
- B. ELS consists of a network access facility rate element and a network usage rate element. The network access facility rate element provides access to the public switched network. The network usage rate element provides for usage for calls within the basic local calling area (Band A) or to the expanded local calling area (Band B). (N)
- C. ELS is available to all residence, individual business line, PBX trunk and Network Access Register (NAR) customers. ELS is also available to Public Telephone Access Service for Customer Provided Equipment and Shared Tenant Service customers except for the usage cap specified in A3.37.2.C. following. (N)
- D. This service is not available on Public or Semipublic Telephone Service or to any resold service except as specified in C. preceding. (N)
- E. Rates and charges as specified herein are subject to availability of facilities as described in A2.3.1 preceding. (N)
- F. Provisioning of this service is subject to regulations for flat, measured and message rate service as specified in A2.3.2 preceding. (N)
- G. Calling card or operator assisted calls made within the basic local calling area that are not direct dialed sent paid will be billed individually at the same usage rates specified herein, in addition to any appropriate local calling card or operator assisted local call surcharges specified in A.3.10. Such calls are itemized on the subscriber's billing statement and are billed outside any applicable usage billing reductions, calling allowances or maximum usage caps for direct dialed sent paid local calls. (N)
- H. Operator assisted and credit card calls made to exchanges outside the basic local calling area will be billed at Long Distance Message Telecommunications Service rates and charges as specified in Section A18. of this Tariff. (N)
- I. Usage charges will not apply to calls to the Company Business Office, Repair Service, Directory Assistance, Emergency 911 Service or 976 Dial-It Service. (N)

A3.37.2 Application of Rates

- A. Rates for Expanded Local Service consist of a fixed monthly charge for access to the public circuit switched network and usage charges for calls within the basic local calling area (Band A) or to the expanded local calling area (Band B). (N)
- B. Rotary charges provided herein are in lieu of any other rotary charges. These charges are applicable only to residence lines, business lines, PBX trunks or NARs arranged for rotary service. (N)
- C. The monthly rate for residence lines includes a monthly usage allowance of \$3.00 per line for calls within Band A. (N)
- D. Local usage charges for calls terminated within the basic local calling area will not exceed \$10.00 per line for residence customers and \$30.00 per individual business line, PBX trunk or NAR for business customers. Usage caps do not apply to Public Telephone Access Service for Customer Provided Equipment or to Shared Tenant Service customers. (N)
- E. A 20 percent discount usage option is available to residence and business subscribers. The monthly rate for this option is in addition to the appropriate line, PBX trunk or NAR rate and is applicable per line, PBX trunk or NAR in the customer's account. The 20 percent discount is only applicable to calls made within the basic local calling area. (N)

Note 1: Calls to exchanges crossing Numbering Plan Area (NPA) boundaries will require 1 + 10 digit dialing. (N)

 GENERAL SUBSCRIBER SERVICES TARIFF

A3. BASIC LOCAL EXCHANGE SERVICE

A3.37 Expanded Local Service (Cont'd)

A3.37.2 Application of Rates (Cont'd)

- F. A 50 percent discount usage option is available to business subscribers only. The minimum usage charge for this option is in addition to the appropriate business line, PBX trunk or NAR monthly rate and is applicable per individual business line, PBX trunk or NAR. An allowance equal to the minimum usage charge applies per individual business line, PBX trunk or NAR. The 50 percent discount is only applicable to calls made within the basic local calling area. (N)
- G. Service order charges will not apply during the six month period immediately following the initial effective date of this tariff for the first conversion to this service, for a second conversion to another option of this service or for conversion back to the customer's former service (e.g., flat rate or message rate service). Service order charges will apply to new customers who select this service or to additional lines, PBX trunks or NARs when the customer already subscribes to ELS. (N)

A3.37.3 Rates and Charges

C. 20 percent Discount Option

1. Provides a 20 percent discount on all usage within the basic local calling area. The following monthly rates are in addition to the appropriate monthly rates per line, PBX trunk or NAR specified in A. preceding.

	Monthly Rate	USOC	
(a) per Residence line	\$0.50	BLANK	(N)
(b) per Business line, PBX trunk or NAR	1.00	BLANK	(N)

D. 50 Percent Discount Option

1. Provides a 50 percent discount on all usage within the basic local calling area. The minimum usage charge applies per business line, PBX trunk or NAR and is in addition to the monthly rate for the respective network access facility.

(a) Minimum Usage Charge	12.00	BLANK	(N)
--------------------------	-------	-------	-----

2. A monthly usage allowance equal to the Minimum Usage Charge per business line, PBX trunk or NAR is applicable for all calls terminating in the basic local calling area.

Note 1: Usage caps do not apply to Public Telephone Access Service for Customer Provided Equipment or to Shared Tenant Service customers. (N)

A7. COIN TELEPHONE SERVICE

A7.4 Public Telephone Access Service For Customer Provided Equipment (CPE)

A7.4.4 Service Features

A. Central Office Blocking with Operator Screening

Subscribers to this service are required to take one of the following options where facilities are available to provide such service.

1. Option C - Two-Way Service. Provides screening information to the operator to prevent operator assisted sent-paid calls from being billed to the line. Provides central office blocking of 011 + calls.^{1,2,3}
2. Option D - Outward Only Service. Provides screening information to the operator to prevent operator assisted sent-paid calls from being billed to the line. Provides central office blocking of 011 + calls.^{1,2,3,4}
3. Option E - Two-Way Service. Provides central office blocking of 7 digit local, 1+DDD, 1+900 and 011 + calls. Provides screening information to the operator to prevent operator assisted sent-paid calls from being billed to the line.^{1,2}
4. Option F - Outward Only Service. Provides central office blocking of 7 digit local, 1+DDD, 1+900 and 011 + calls. Provides screening information to the operator to prevent operator assisted sent-paid calls from being billed to the line.^{1,2,4}
5. Option G - Two-Way Service. Provides central office blocking of 1+DDD, 1+900 and 011 + calls. Provides screening information to the operator to prevent operator assisted sent-paid calls from being billed to the line.^{1,2}
6. Option H - Outward Only Service. Provides central office blocking of 1+DDD, 1+900 and 011 + calls. Provides screening information to the operator to prevent operator assisted sent-paid calls from being billed to the line.^{1,2,4}

B. Billed Number Screening

Billed Number Screening as provided in A13.21 of this Tariff is a mandatory service feature for customer provided pay telephone service.

A7.4.5 Rates and Charges

A. Public Telephone Access Service for CPE - Rates and Charges Applied by The Company

Public Telephone Access Service for CPE is provided on a Usage Rate basis *at the rates and charges following or, at the option of the subscriber, may be provided at the Business line and usage rates identified in A3-37 for Expanded Local Service (ELS).* (C)

1. Usage Rate Service

- a. The following monthly rate is applicable to Public Telephone Access Service for CPE on a per line basis.

Note 1: 011 + blocking provides central office blocking of calls to numbers outside the North American Numbering Plan.

Note 2: 976 blocking is mandatory on all options as provided in A13.18 of this Tariff.

Note 3: For the Access Line Feature options which do not offer central office blocking of 900 calls, this feature is available at the request of the subscriber as provided under Customized Code Restriction (CCR) Option # 4 defined in A13.20 of this Tariff.

Note 4: Options D, F and H may only be provided for placement in correctional institutions, schools, hospitals and other locations for which the Public Service Commission may grant a specific exemption.

A23. INTERCONNECTION OF LOCAL EXCHANGE SERVICES TO SHARED TENANT SERVICES (N)

A23.1 Provision of Service (Cont'd)

A23.1.4 Rates and Charges

A. The following charges will apply for Resale of Local Exchange Service at the rates and charges following, or, at the option of the subscriber, may be provided at the business line rate and usage rates identified in A3.3.7 for Expanded Local Service (ELS). (C)

1. Resale Lines - Measured Rate, Rate Groups 1 - 6

The following rates apply for sharing or resale configurations that exceed a total of six local exchange access lines in a key system common billing arrangement.

(a) Per line ¹	Group						USOC
	1	2	3	4	5	6	
	\$26.86	\$28.18	\$29.63	\$30.95	\$32.21	\$33.59	NA

2. Resale Lines - Measured Rate, Rate Groups 7 - 12

The following rates apply for sharing or resale configurations that exceed a total of six local exchange access lines in a key system common billing arrangement.

(a) Per line ¹	Group						USOC
	7	8	9	10	11	12	
	\$34.72	\$35.84	\$36.89	\$37.69	\$38.49	\$39.14	-NA

3. Resale Trunks - Measured Rate, Rate Groups 1 - 6

(a) Combination ¹	Group						USOC
	1	2	3	4	5	6

A3. BASIC LOCAL EXCHANGE SERVICE

A3.6 Rotary Service

A3.6.1 General

A. Rotary service is an arrangement via central office equipment which allows completion of an incoming call to any of the lines in a group from a line in the group that is called but is in use. A rotary rate differential as specified below applies to each of the lines in the group in association with two-way flat rate Business Flat Rate (inward) and Residence Message Rate exchange access lines that are equipped for rotary service. In addition, a rotary rate differential will also apply for Business Flat Rate lines terminated in Telephone Answering Service switchboards, not arranged to be connected with administrative stations. This rotary rate differential will not be applicable on PBX trunks, PBX station lines, ESSX[®] service or Centrex station lines. Nor will it be applicable on exchange access lines arranged for the "call forwarding" feature of Custom Calling Service unless the line is also arranged for rotary service, as specified above.

A3.6.2 Rates

A. Rotary Service Associated With Flat Rate Lines, PBX Trunks and NARS

A3. BASIC LOCAL EXCHANGE SERVICE

~~A3.6 Reserved for Future Use~~

(DELETED)

(D)

A3.7 Optional Extended Area Service¹

(T)

A3.7.1 Basic Optional Extended Area Service

A. General

1. Basic Optional Extended Area Service (OEAS) provides for optional measured calling on customer dialed station-to-station calls to locations outside of a subscriber's Local Calling Area, but within the same LATA. Basic OEAS is offered under the following three plan types:
 - a. Point-to-Point Service - This option provides for measured calling from one exchange to one other exchange outside of its Local Calling Area, but within the same LATA.
 - b. Multi-Point Service - This option provides for measured calling from one exchange to two or more exchanges normally contiguous to the calling exchange, located outside of its Local Calling Area, but within the same LATA.
 - c. All Points in a Rate Band - This option provides for measured calling from one exchange to one or more exchanges located outside of its Local Calling Area and within a specified Rate Band, but within the same LATA.
2. Basic OEAS is available to all business and residence subscribers except for Semi-Public Telephone Service or those lines terminated in hotel, motel or hospital PBX's which serve guests or patients. As covered in A2.2.1.B. of this Tariff, the resale of this service is not permitted.
3. Minimum billing per month equivalent to one hour for business and one-half hour for residence as specified in B. following is applicable for each account which may be one line or a group billed multi-line system. The above minimum billing requirement may be fulfilled by subscribing to two Basic OEAS plans on the same account. Each plan will be billed independent of other plans and any unused minimum period time on one plan may not be used as a credit against overtime on another plan. All eligible lines for which message tolls are group billed may use the service, provided they are within the same exchange; however, there can be no mixing of classes of service between residence and business.
4. The usage, in minutes, for messages originated after 5:00 p.m. on weekdays or on a Saturday, Sunday or holiday will be discounted at the prevailing Long Distance Message Telecommunications Service discount rate except as provided in 5. following.
5. Basic OEAS calling is not in effect for messages originated from 10:00 a.m. to 11:00 a.m. or from 7:00 p.m. to 9:00 p.m. on weekdays except weekday holidays as specified in Section A18. of this Tariff. Messages originated during these hours will be billed at the prevailing Long Distance rates.
6. A minimum of one minute per message is applicable except that the minimum is discounted as specified in 4. preceding. Messages of more than one minute are measured in units of 1/10 minute or fraction thereof; however, the billing of usage for messages originated in the Evening Rate Period and the Night and Weekend Rate Period is discounted as specified in 4. preceding. Therefore, the minimum billing rate allows a subscriber more usage when calls are originated during the Evening or Night and Weekend Rate Periods except as specified in 5. preceding.

Note 1: New connections will not be allowed upon the effective date of Expanded Local Service.

A3. BASIC LOCAL EXCHANGE SERVICE

A3.7 Optional Extended Area Service² (Cont'd)

(T)

A3.7.2 Enhanced Optional Extended Area Service

A. General

1. Enhanced Optional Extended Area Service (EOEAS) provides alternative billing for customer dialed station-to-station calls to or from locations outside a subscriber's local calling area, but within the same LATA. As an additional option, customers are allowed to reduce their unlimited calling area to their home exchange at a reduced flat rate. EOEAS is available in the following configurations:
 - a. Premium - This option permits residence subscribers to increase their unlimited local calling area by allowing the subscriber to make unlimited outgoing direct dialed calls to a specified exchange or exchanges outside the subscriber's existing local calling area but within the same LATA. Premium customers will not be billed Local Calling Plus rates. See A3.8.50 for Rates and Regulations. Customers in the Bunnell, Flagler Beach, Palm Coast, Geneva and Sanford exchanges pay a fixed monthly charge, which includes the Individual Residence Line rate plus an EOEAS additive to subscribe to this option; in other exchanges customers pay a fixed monthly additive. (T)
 - b. Discount - This option provides a fifty percent discount from the prevailing long distance rates specified in Section A18, for DDD calls from the subscriber's location to a specified exchange or exchanges outside the subscriber's local calling area but within the same LATA. As specified in B. following, there is a minimum monthly charge per account to subscribe to this service. Customers whose total discounted toll charges to the specified exchange or exchanges less than the minimum monthly charge will be billed only the minimum monthly charge. Customers whose total discounted toll charges to the specified exchange or exchanges are equal to or greater than the minimum monthly charge will be billed the total discounted toll charges. (T)
 - c. Incoming Discount - This option permits a subscriber to pay for calls received at the subscriber's location and placed from a specified exchange or exchanges outside the subscriber's local calling area but within the same LATA. With this option a subscriber receives an assigned telephone number in the specified other exchange or exchanges with an associated directory listing if desired. (This number can be non-published at no additional charge.) Calls to this number will be forwarded to the subscriber's location. The subscriber would pay a rate equal to fifty percent of the prevailing long distance rates specified in Section A18, for each call received in addition to a fixed monthly charge as specified in B. following. The Incoming Discount option is only available to customers who subscribe to either of the above described Discount or Premium options. (T)
 - d. Drop-back - This option permits customers to reduce their unlimited local calling area to their exchange at a reduced flat rate as specified in B.2 following. With this option a subscriber would still be able to receive local calls from the local calling area described in A3.3. However, any calls placed from the subscriber's location to exchanges in the local calling area but not in the subscriber's exchange would be billed at the rates specified in Section A18. Such calls will be summary billed based on minutes, discount period and toll rate band mileage. On the customer's bills Band 1 designates calls in the 0-10 mileage bracket; Band 2, 11-22 mileage bracket; and Band 3, 23-55 mileage bracket. (T)

A3.7.2 Enhanced Optional Extended Area Service (Cont'd)

B. Rates and Charges

1. The rates for the Premium and Discount EOEAS options are shown in the following matrix. Rates for specific routes are based on the airline mileage between rate centers of the involved exchanges and, for the residence Premium option only, also on the number of access lines in the added exchange or exchanges.

Option	Mileage to Rate Center of the Added Exchange or Exchanges		
	0-10	11-22	23-55
Residence Premium Monthly Additives ¹			
Access Lines in the Added Exchange or Exchanges			
0 - 2,000	\$3.65	\$4.30	\$ 6.85
2,001 - 7,000	4.00	4.70	7.50
7,001 - 22,000	4.30	5.10	8.15
22,001 - 55,000	4.55	5.40	8.60
55,001 - 120,000	4.90	5.80	9.25
120,001 - 195,000	5.20	6.15	9.80
195,001 - 280,000	5.50	6.50	10.35
280,001 - 375,000	5.75	6.80	10.85
375,001 - 450,000	5.95	7.05	11.25
450,001 - 550,000	6.15	7.30	11.65
550,001 - 700,000	6.30	7.45	11.90
Over 700,000	6.45	7.65	12.20
Discount ² Monthly Additives (per account)			
Residence	1.75	2.20	3.80
Business Line	3.50	4.40	7.60
PBX Trunk or ESSX [®] service NAR	7.00	8.80	15.20

Note 1: The rates provided in this matrix are monthly additives. The Premium rates for the Bunnell, Flagler Beach, Palm Coast, Geneva and Sanford exchanges as provided in B.2 a-e following are the result of summing the associated Individual Residence Line (IFR) rate and the appropriate additive.

Note 2: New connections will not be allowed
upon the effective date of
Expanded Local Service.

A3.8.5 Coral Springs

Where extension line mileage charges and rates for private line services would be increased for Pompano Beach or Deerfield Beach customers when they are transferred to the Coral Springs exchange at its inception October 22, 1978, existing mileage charges will remain in effect if the associated service is continued at the same location.

A3.8.6 Deerfield Beach

- A. Subscribers with Deerfield Beach foreign exchange service on October 15, 1973, who are located in the Boca Raton exchange area will not be required to contract for Boca Raton exchange service as long as the Deerfield Beach foreign exchange service is maintained at the same location as on October 15, 1973.
- B. Channels for Remote Metering, Supervisory Control and Miscellaneous Signaling Purposes will be furnished at the rates specified for intraexchange channels in the Florida Private Line Service Tariff where one termination of the channel is at the Police Station of the Town of Hillsboro Beach in the Deerfield Beach exchange and the other termination is in a building within that part of the Town of Hillsboro Beach that is located in the Pompano Beach exchange.

A3.8.7 Delray Beach (DELETED)

~~A. Measured Service~~

~~1. Application and Regulations~~

- ~~a. Delray Beach is a pilot location of the measured service pricing concept and the subscribers in the Delray Beach exchange having one of the local measured service options as of December 1, 1981, may retain that local measured service option as long as this tariff is in effect. New connections of the local measured service options will not be permitted after this date.~~

EFFECTIVE: October 1, 1991

A3. BASIC LOCAL EXCHANGE SERVICE

A3.8 Local Exceptions (Cont'd)

A3.8.9 Fort Lauderdale

A. Theoretical Central Office

For Fort Lauderdale subscribers having telephone numbers starting with "434", determination of charges, where such determination is based upon the location of the central office, will be from either the actual switching central office or from the theoretical central office location at 9090 S.W. 50th Place, Cooper City, Florida, whichever results in the lower charge.

A3.8.10 Reserved for Future Use

A3.8.11 Green Cove Springs

A. Measured Service

I. Application and Regulations

- a. ~~Green Cove Springs is a pilot location of the measured service pricing concept and the subscribers in the Green Cove Springs exchange having one of the measured options or unmeasured local exchange service or a service which combines both a measured and an unmeasured range on the same line as of December 1, 1981, may retain that same service as long as this Tariff is in effect. New connections of the residence low use measured or residence or business measured options will not be permitted after this date. The unmeasured combination and Residence Message Rate options will continue to be available as long as this Tariff is in effect.~~

Green Cove Springs is a pilot location of the measured (C) service pricing concept and the subscribers in the Green Cove Springs exchange having "Unlimited - Unmeasured" options as of December 1, 1981 may retain that same service as long as this tariff is in effect. New connections of the Combination (Unmeasured - Measured) and the Residence Message Rate option will not be permitted after the effective date of the statewide optional statewide ~~and~~ Expanded Local Service. The Unlimited - Unmeasured option will continue to be available as long as this tariff is in effect.

Cancels Third Revised Page 51

ISSUED: March 25, 1988

BY: Vice-President Joseph P. Kocher, President - FL
Miami, Florida

EFFECTIVE: October 24, 1988

A3. BASIC LOCAL EXCHANGE SERVICE

A3.8 Local Exceptions (Cont'd)

A3.8.11 Green Cove Springs (Cont'd)

A. Measured Service (Cont'd)

1. Application and Regulations (Cont'd)

h. (Cont'd)

- (3) The selection of either flat rate service, message rate service, or measured rate service for all administrative lines of a Miscellaneous Common Carrier or Radio Common Carrier.
- (4) Premises where semipublic or public telephones may properly be located.
- (5) ~~The termination of both Low Use Measured and Basic Measured Service at the same premise. Under no circumstances will Combination Unmeasured and Measured Service be permitted at the same premises as Low Use Measured, Basic Measured, or Unlimited Service.~~ (C)

i. The following services are not offered the option of subscribing to measured local exchange service: calling will be unmeasured to Tier 1 locations and intrastate toll rates will apply to calls to Tier 2 and 3 locations.

- (1) Hotel/Motel
- (2) Hospital
- (3) Nonadministrative lines of Miscellaneous Common Carriers and Radio Common Carriers.
- (4) Centrex
- (5) Coin

2. Rates and Charges

a. The Green Cove Springs local calling area will be subdivided into three tiers for measured service calling. Tier one will include the Green Cove Springs¹ exchange. Tier 2 will be the Middleburg, Orange Park, and Julington² exchanges. Tier three will be the Jacksonville and Maxville exchanges. (C)

b. ~~For purposes of this prior measured service offering, the monthly local exchange service bill for residence or business measured services cannot exceed a maximum bill equal to 125% of the comparable Unlimited basic exchange service rate. Specifically, a local usage maximum will apply to Combination service, as well as the fully measured options.~~ (C)

c. ~~The low use offering will not be available with rotary, or time hunting, service features (D.F.L.T.D.)~~ (D)

d. Where a subscriber contracts for two or more individual measured rate lines on the same premises and agrees to grouped billing, the amount of monthly measured rate allowance per line, as specified following, will be multiplied by the number of such measured rate lines and measured usage in excess of this product will be billed at the measured charges as indicated following. PBX trunks serving the same PBX and group billed will also have the allowance multiplied by the number of trunks so billed in determining the measured charges. All lines or trunks included for such allowances must have the same central office designation and be of the same class of service.

Note 1: Penney Farms is combined with the Green Cove Springs exchange effective October 24, 1988. (C)

Note 2: The Mandarin exchange area will be subdivided; a portion becoming part of the Jacksonville exchange area, the remainder is renamed the Julington exchange, effective June 27, 1987.

2. Rates and Charges (Cont'd)

i. (Cont'd)

- (3) 8 A.M.-5 P.M. Holidays, as specified in the Message Telecommunications Service Station (Section A18.), unless the higher discount rate is applicable, the discount is 25%. (T)
- (4) 11 P.M.-8 A.M. daily, 8 A.M.-11 P.M. Sat., the discount is 50%.

A3.8.12 Hollywood

A. Optional Local Service - Pembroke Pines Central Office

1. Application and Regulations

a. ~~The Pembroke Pines Central Office of the Hollywood exchange is a pilot location of the measured service pricing concept and the subscribers in the Hollywood-Pembroke Pines office having one of the measured options or unmeasured local exchange service or a service which combines both a measured and an unmeasured range on the same line as of December 1, 1981, may retain that same service as long as this Tariff is in effect. New connections of the residence low use measured or residence or business measured options will not be permitted after this date. The Residence Unmeasured, Residence and Business Combination and Residence Message Rate options will continue to be available as long as this Tariff is in effect.~~ (C)

b. Foreign exchange and foreign central office service served from the Hollywood - Pembroke Pines central office (that is, with a Hollywood - Pembroke Pines telephone number) will no longer be offered to new customers as of the initial effective date of this Tariff. Existing customers will be allowed to continue these services at their present location.

Customers located in the Hollywood - Pembroke Pines central office serving area with foreign exchange service served from another exchange (that is, with a telephone number of another exchange) within the Tier 1 local calling scope cannot subscribe to Measured or to Low Use Measured service for their co-located local service.

Customers located in the Hollywood - Pembroke Pines central office serving area with foreign exchange service served from an exchange (that is, with a telephone number of another exchange) within Tier 2 or 3 of the Hollywood - Pembroke Pines local calling scope do not require a co-located local service line from the Hollywood - Pembroke Pines central office. If the customer does subscribe to local Hollywood - Pembroke Pines service as well, this service cannot be Measured or Low Use Measured service.

c. For foreign exchange and foreign central office served from Hollywood - Pembroke Pines (that is, with a Hollywood - Pembroke Pines telephone number), and message rate service (with the exception of hotel, motel, and hospital service, which are addressed in h. following), the fixed monthly local exchange rate will be:

Foreign central office, message rate - As listed for the Hollywood exchange in Section A3.

Foreign Exchange - As listed for the appropriate serving exchange in Section A3.

The Pembroke Pines Central Office of the Hollywood exchange
is a pilot location of the measured service pricing concept (C)
and the subscribers in the Hollywood - Pembroke Pines office
having the Unlimited-Unmeasured or ^{Combination} options as of December 1, 1981
may retain that same service as long as this tariff is in effect.
New connections of Combination (Unmeasured - Measured) and the
Residence Message option will not be permitted after the effective
date of Expanded Local Service. The Unlimited-Unmeasured
option will continue to be available as long as this tariff
is in effect.

A3. BASIC LOCAL EXCHANGE SERVICE

A3.8 Local Exceptions (Cont'd)

A3.8.12 Hollywood (Cont'd)

A. Optional Local Service - Pembroke Pines Central Office (Cont'd)

I. Application and Regulations (Cont'd)

d. Their local usage charges will be as follows:

(1) Tier 1 Calls:

Unmeasured for foreign exchange and foreign central office served from Hollywood - Pembroke Pines. (T)

Current message rate call allowance and additional message charges apply for message rate service.

(2) Tier 2 and 3 Calls:

Measured at the same tier usage charges applicable to individual line measured rate service. No usage allowance applies; no maximum monthly local exchange service bill applies.

e. Normal service charge application will not apply for one customer conversion from an optional local service pilot offering. All other regular tariff charges will apply as appropriate, except for those measured service exceptions listed herein.

f. Measured service usage charges will not apply to calls to the Company Business Office, Repair Service, 911 Emergency Service, or for Directory Assistance.

g. Any combinations of measured rate, flat rate, or message rate services will not be allowed on the same premises, with the exception of:

(1) The nonadministrative, inward terminations at a Telephone Answering Bureau.

(2) A flat rate Foreign Exchange line which is switched at a location outside the local calling area of the Hollywood - Pembroke Pines central office.

(3) The selection of either flat rate service, message rate service, or measured rate service for all administrative lines of a Miscellaneous Common Carrier or Radio Common Carrier.

(4) Premises where semipublic or public telephones may properly be located.

(5) ~~The termination of both Low Use Measured and Basic Measured Service at the same premises. Under no circumstances will a Combination Unmeasured and Measured Service be permitted at the same premises as a Low Use Measured, Basic Measured, or Unlimited Service.~~ (C)

h. The following services will retain exactly the same service arrangements and rate treatments as are in effect for the remainder of the Hollywood exchange:

(1) Hotel/Motel

(2) Hospital

(3) Nonadministrative lines of Miscellaneous Common Carriers and Radio Common Carriers

(4) Centrex

(5) Coin

A3. BASIC LOCAL EXCHANGE SERVICE

A3.8 Local Exceptions (Cont'd)

A3.8.12 Hollywood (Cont'd)

A. Optional Local Service - Pembroke Pines Central Office (Cont'd)

2. Rates

- a. The local calling area of the subscribers in the Pembroke Pines central office of the Hollywood exchange will be subdivided into three tiers for the pilot services. Tier one will include the Hollywood, Fort Lauderdale, and North Dade exchanges and the Opa Locka and Hialeah central office areas of the Miami exchange. Tier two will consist of the Pompano Beach exchange and the following central office areas of the Miami exchange: Airport, Alhambra, Allapattah, Bayshore, Beach, Biscayne, Flagler, Grande, Indian Creek, Key Biscayne, Metro, Miami Shores, North Miami, Northside, Palmetto, Poinciana, Red Road, South Miami, and West Miami. Tier three will include the Boca Raton, Coral Springs, Deerfield Beach and Perrine exchanges and the following central office areas of the Miami exchange: Canal, Kendall, and Silver Oaks.

~~b. For purposes of this pilot measured service offering, the monthly local exchange service bill for residence Measured and Low Use Measured services cannot exceed a maximum bill equal to 125% of the comparable Unlimited basic exchange service rate.~~ (D)

Specifically, there will be no maximum placed on local usage charges for residence customers selecting a Combination local service option or for any business customers.

~~c. The low use offering will not be available with rotary, or line hunting, service features.~~ (DELETED) (D)

d. Where a subscriber contracts for two or more individual measured rate lines on the same premises and agrees to grouped billing, the amount of monthly measured rate allowance per line, as specified following, will be multiplied by the number of such measured rate lines and measured usage in excess of this product will be billed at the measured charges as indicated following. PBX trunks serving the same PBX and group billed will also have the allowance multiplied by the number of trunks so billed in determining the measured charges. All lines or trunks included for such allowances must have the same central office designation and be of the same class of service.

e. The following monthly rates are applicable to individual line measured rate service.

(1) Residence Unlimited-Unmeasured¹

	Monthly Rate	USOC	
(a) Per two-way line	\$14.05	1FR	(+)
(b) Unlimited-Unmeasured, additional for hunting	7.02	HTG	(+)
(c) Per outgoing only line ²	14.05	OFR	(+)
(2) Residence Combination (unmeasured and measured) ³			
(a) Per two-way line	18.85	RUA↔	(+)
(b) Per two-way line with rotary or line hunting service ⁴	15.98	RUC↔	(+)
(c) Per outgoing only line ²	18.85	ROA	(+)

Note 1: Unmeasured calling to Tiers 1, 2, and 3.

Note 2: See A3.29 for Outgoing Only Service regulations.

Note 3: Unmeasured calling to Tier 1 and measured calling to Tiers 2 and 3.

Note 4: Hunting, or rotary service, is rated at 150% of the comparable residence line rate.

A3.8 Local Exceptions (Cont'd)

A3.8.13 Jacksonville (Cont'd) (F)

B. Aircom Service for Jacksonville Airport (Cont'd)

5. Rates (Cont'd)

g. The preceding mileage charge applies except as follows: (T)

(1) Station Lines "Off Airport" (T)

The monthly rate for each main AIRCOM station line at an "off airport" location is that shown in B.S.a., b. and c. preceding plus the appropriate additional charges for off-premises station channels as specified in Section A13 of the General Subscriber Service Tariff and Section B3 of the Private Line Service Tariff for PBX Service.

(2) Main station lines in the Jacksonville exchange, but served through a central office other than that serving the AIRCOM switching equipment. Charges apply as outlined in Section A9.2. of this Tariff for Foreign Central Office Mileage.

(3) Main station lines located in another Florida exchange: Charges apply as outlined in the Private Line Service Tariff for Full Period Service.

h. Except as specified otherwise in this Tariff, all Centrex-CO features which are compatible with AIRCOM service may be provided at the rate as specified for Centrex-CO service in Section A11.2 of this Tariff. (F)

i. Restriction Feature(s) (F)

(1) Per main station (F)

	Monthly Rate	USOC
(a) Each ¹	.70	ERSFC

A3.8.14 Jupiter

A. Measured Service (DELETED) (F)

1. Application and Regulations (F)

~~a. Jupiter is a pilot location of the measured service pricing concept and the subscribers in the Jupiter exchange having one of the local measured service options as of December 1, 1981, may retain that local measured service option as long as this Tariff is in effect. New connections of the local measured service options will not be permitted after this date.~~ (F)

~~b. Normal service charge application will not apply for one customer conversion from a measured service offering. All other regular tariff charges will apply as appropriate except for those measured service exceptions listed herein.~~ (F)

~~c. Measured service usage charges will not apply to calls to the Company Business Office, Repair Service, 911 Emergency Service, or for Directory Assistance.~~ (F)

~~d. Any combinations of measured rate, flat rate, or message rate service will not be allowed on the same premises, with the exception of:~~ (T)

~~(1) The nonadministrative, inward terminations at a Telephone Answering Bureau.~~ (T)

~~(2) A flat rate Foreign Exchange line which is switched at a location outside the local calling area of the normal serving exchange.~~ (F)

Note 1: Restriction Feature monthly rate is in addition to the main AIRCOM station line rate.

A3.8.14 Jupiter (Cont'd) ~~(DELETED)~~ (D)

~~A. Measured Service (Cont'd)~~

~~1. Application and Regulations (Cont'd)~~

~~d. (Cont'd)~~

~~(3) The selection of either flat rate service, message rate service, or measured rate service for all administrative lines of a Miscellaneous Common Carrier or Radio Common Carrier.~~

~~(4) Premises where semi-public or public telephones may be located.~~

~~(6) The termination of both Low Use Measured and Basic Measured Service at the same premise.~~

~~e. The following services are not offered (the option of subscribing to measured local exchange service:~~

~~(1) Hotel/Motel~~

~~(2) Hospital~~

~~(3) Nonadministrative lines of Miscellaneous Common Carriers and Radio Common Carriers~~

~~(4) Centrex~~

~~(5) Foreign exchange~~

~~(6) Foreign central office~~

~~f. (DELETED)~~ (D)

~~2. Rates~~

~~a. The Jupiter local calling area will be subdivided into three tiers for measured service calling. Tier one will include the Jupiter, Hobe Sound exchanges and the north zone of the West Palm Beach exchange (Riviera and Gardens wire centers). Tier two will be the central zone of the West Palm Beach exchange (Hawchill, Royal Palm Beach, and W.P.B. - Main wire centers). Tier three will be the south zone of the West Palm Beach exchange (Greenacres and Lake Worth wire centers).~~

~~b. For purposes of this measured service offering, the maximum measured service monthly billing will not exceed 125 percent of the current flat rate charges for the comparable service.~~

~~c. The low use offering will not be available with rotary, or line hunting, service features.~~

~~d. Where a subscriber contracts for two or more individual measured rate lines on the same premises and agrees to grouped billing, the amount of monthly measured rate allowance per line, as specified following, will be multiplied by the number of such measured rate lines and measured usage in excess of this product will be billed at the measured charges as indicated following. PBX trunks serving the same PBX and group billed will also have the allowance multiplied by the number of trunks so billed in determining the measured charges. All lines or trunks included for such allowances must have the same central office designation and be of the same class of service.~~

A3.8.17 Miami

A. Aircom Service for Miami International Airport

AIRCOM Service is offered to any business subscriber who is located on and engaged in the operation of the Miami International Airport as a transportation facility or in providing services to passengers. In addition, AIRCOM Service may be provided at locations not on the Miami International Airport property, to the same type of business subscriber, provided the subscriber: (1) Also has AIRCOM service on the Airport, or (2) Is located within 1/4 mile of the Airport.

1. General

a. The service features provided in the AIRCOM system are as follows:

- (1) Intercommunication between all station lines associated with the system (group use).
- (2) Dialing of outgoing calls within the Miami local calling area and to other exchanges reached through direct distance dialing of message toll service.
- (3) Identification of outgoing toll messages and billing of such messages by station line number.
- (4) Inward dialing of local and long distance calls directly to a station line or attendant.
- (5) Transfer of incoming local exchange or toll calls from one station line to another by the station line user without the assistance of an attendant.
- (6) Intercept of calls dialed to vacant numbers by either machine or attendant.
- (7) Trunk answering from any station line for systems equipped with attendant positions.

B. Measured Service - Metro Central Office

1. Application and Regulations

a. ~~The Metro Central Office of the Miami exchange is a pilot location of the measured service pricing concept and the subscribers in the Miami-Metro office having one of the local measured service options as of December 1, 1981, may retain that same service as long as this Tariff is in effect. New connections of the residence low use measured or residence or business measured options will not be permitted after this date. The combination option will continue to be available as long as this Tariff is in effect.~~

b. Normal service charge application will not apply for one customer conversion from a measured service offering. All other regular tariff charges will apply as appropriate except for those measured service exceptions listed herein.

c. Measured service usage charges will not apply to calls to the Company Business Office, Repair Service, 911 Emergency Service, or for Directory Assistance.

d. Any combinations of measured rate, flat rate, or message rate services will not be allowed on the same premises, with the exception of:

- (1) The nonadministrative, inward terminations at a Telephone Answering Bureau.
- (2) A flat rate Foreign Exchange line which is switched at a location outside the local calling area of the normal serving exchange.
- (3) The selection of either flat rate service, message rate service, or measured rate service for all administrative lines of a Miscellaneous Common Carrier or Radio Common Carrier.
- (4) Premises where semi-public or public telephones may properly be located.

(5) ~~The termination of both the Measured and Basic Measured Service at the same premises. Under no circumstances will a Combination Unmeasured and Measured Service be permitted at the same premises as a Local Measured, Basic Measured, or Unlimited Service.~~

e. The following services are not offered the option of subscribing to measured local exchange service:

- (1) Hotel/Motel
- (2) Hospital
- (3) Nonadministrative lines of Miscellaneous Common Carriers and Radio Common Carriers
- (4) Centrex
- (5) Foreign Exchange
- (6) Foreign central office

A3. BASIC LOCAL EXCHANGE SERVICE

A3.8 Local Exceptions (Cont'd)

A3.8.18 Orange Park

A. Measured Service

I. Application and Regulations

- a. ~~Orange Park is a pilot location of the measured service pricing concept and the subscribers in the Orange Park exchange having one of the measured options or unmeasured local exchange service or a service which combines both a measured and an unmeasured range on the same line as of December 1, 1981, may retain that same service as long as this Tariff is in effect. New connections of the residence low use measured or residence or business measured options will not be permitted after this date. The unmeasured, combination and Residence Message Rate options will continue to be available as long as this Tariff is in effect.~~ (C)
- b. Normal service charge application will not apply for one customer conversion from an optional local service pilot offering. All other regular tariff charges will apply as appropriate except for those measured service exceptions listed herein.
- c. Measured service usage charges will not apply to calls to the Company Business Office, Repair Service, 911 Emergency Service, or for Directory Assistance.
- d. Any combinations of measured rate, flat rate, or message rate service will not be allowed on the same premises, with the exception of:
- (1) The nonadministrative, inward terminations at a Telephone Answering Bureau.
 - (2) A flat rate Foreign Exchange line which is switched at a location outside the local calling area of the normal serving exchange.
 - (3) The selection of either flat rate service, message rate service, or measured rate service for all administrative lines of a Miscellaneous Common Carrier or Radio Common Carrier.
 - (4) Premises where semipublic or public telephones may properly be located.
 - (5) ~~The termination of both Low Use Measured and Basic Measured Service at the same premises. Under no circumstances will a Combination Unmeasured and Measured Service be permitted at the same premises as a Low Use Measured, Basic Measured, or Unlimited Service.~~ (C)

a. Orange Park is a pilot location of the measured service pricing concept and the subscribers in the Green Cove Springs exchange having the Unlimited - Unmeasured option as of December 1, 1981 may retain that same service as long as this tariff is in effect. New connections of the Combination (Unmeasured - Measured) and the Residence Message Rate option will not be permitted after the effective date of Expanded Local Service. The Unlimited - Unmeasured option will continue to be available as long as this tariff is in effect. (C)

A3. BASIC LOCAL EXCHANGE SERVICE

43.8 Local Exceptions (Cont'd)

A3.8.18 Orange Park (Cont'd)

- A. Measured Service (Cont'd)
 2. Rates (Cont'd)

- b. For purposes of this measured service offering, the maximum local service monthly billing for will not exceed 125 percent of the flat rate charges for the comparable Unmeasured full scope service.
- c. ~~The low use offering will not be available with rotary or line hunting service features.~~ (DELETED) (D)
- d. Where a subscriber contracts for two or more individual measured rate lines on the same premises and agrees to grouped billing, the amount of monthly measured rate allowance per line, as specified following, will be multiplied by the number of such measured rate lines and measured usage in excess of this product will be billed at the measured charges as indicated following. PBX trunks serving the same PBX and group billed will also have the allowance multiplied by the number of trunks so billed in determining the measured charges. All lines or trunks included for such allowances must have the same central office designation and be of the same class of service.
- e. The following monthly rates are applicable to individual line measured rate service.

	Monthly Rate	USOC	
(1) Residence Unlimited-Unmeasured ¹			
(a) Per two-way line	\$11.20	1FR	TT
(b) Unlimited-Unmeasured, additional for hunting	5.61	HTG	++
(c) Per outgoing only line ²	11.20	OFR	++
(2) Residence Combination (unmeasured and measured) ¹			
(a) Per two-way line	10.05	RUA→	TT
(b) Per two-way line with rotary or line hunting service ⁴	15.08	RUC→	TT
(c) Per outgoing only line ²	10.05	RGA	TT
(3) Residence Measured ³ (DELETED)			(D)

A3.8.29 Brooksville

1

A. Optional Calling Service from Brooksville to Inverness

(T)

1. General

This calling plan allows Brooksville subscribers the option of placing toll calls to Inverness with a discount of 30% applied to the direct dial rate appropriate for the period in which the call was made.

(T)

When a customer subscribes to this service, the rate remains in effect for a minimum of one billing cycle period for that customer. Thereafter, it will remain in effect until discontinued by the customer with such ending period coinciding with the customer's billing cycle.

The service is available only to individual line Residence and Business services. It is not available on semipublic, Public Access Telephone or FX services.

As covered in A2.2.1.B. of this Tariff, the resale of this service is not permitted.

2. Rates

Service charges as applicable in Section A4 of this Tariff will apply on a per account basis for changes to and from the service.

Minimum monthly rates as indicated following will apply.

a. Minimum Rate Per Month

(1) Per Account

	Monthly Rate	USOC
(a) Residence	\$3.98	0C187
(b) Business	7.88	0C188

A3.8.30 Dunnellon

This calling plan allows Ft. Pierce subscribers the option of placing toll calls to Port St. Lucie - South Area with a discount of 30% applied to the direct dial rate appropriate for the period in which the call was made.

percent

When a customer subscribes to this service, the rate remains in effect for a minimum of one billing cycle period for that customer. Thereafter, it will remain in effect until discontinued by the customer with such ending period coinciding with the customer's billing cycle.

The service is available only to individual line Residence and Business services. It is not available on semipublic, Public Access Telephone or FX services.

As covered in A2.2.1.B. of this Tariff, the resale of this service is not permitted.

2. Rates

Service charges as applicable in Section A4. of this Tariff will apply on a per account basis for changes to and from the service.

Minimum monthly rates as indicated following will apply.

a. Minimum Rate Per Month

(1) Per Account

	Monthly Rate	USOC
(a) Residence	\$1.95	0C196
(b) Business	3.60	0C199

A3. BASIC LOCAL EXCHANGE SERVICE (N)

A3.8 Local Exception (Cont'd)

A3.8.56 Interstate Subscriber Line Charge Waiver and Matching Program (N)

A. General (N)

1. The Interstate Subscriber Line Charge Waiver and Matching Program adopted by the Florida Public Service Commission is a Lifeline Assistance Program and provides for a federal credit equal to 100 percent of the Interstate Subscriber Line Charge plus an equivalent Company provided subsidy to qualified subscribers. The federal and Company credits are applied to the local service bills for qualified residential recipients of Aid to Families with Dependent Children (AFDC), Supplemental Security Income (SSI) or Food Stamps. (N)

B. Applications and Regulations (N)

Guidelines for implementation of this program are as follows: (N)

1. Certification Procedures (N)

All applications for this service will be verified with the state agency responsible for administration of the qualifying program. (N)

2. Processing Procedures (N)

The Company will process all applications and apply the appropriate credit on the subscriber's monthly bill. (N)

3. Verification Procedures (N)

The Company will reconcile and confirm eligibility semi-annually by providing the agency involved with a computer tape (directly or through a third party) of all credit recipients. A verification of eligible recipients will be made. The credit will be discontinued on the bill following written notification to the subscriber of ineligibility. (N)

ILLUSTRATIVE
GENERAL SUBSCRIBER SERVICES TARIFF

A3. BASIC LOCAL EXCHANGE SERVICE

(N)

A3.37 Expanded Local Service

(N)

A3.37.1 General

(N)

(N)

A. Expanded Local Service (ELS) is an optional usage based pricing plan providing local calling on a seven-digit basis from the subscriber's home exchange to all other exchanges in Rate Centers within a 40 airline mile radius of the home exchange's Rate Center. The expanded calling capability is in addition to exchanges within the basic local calling area specified in A3.3 of this Tariff.

(N)

B. ELS consists of a network access facility rate element and a network usage rate element. The network access facility rate element provides access to the public switched network. The network usage rate element provides for usage for calls within the basic local calling area (Band A) or to the expanded local calling area (Band B).

(N)

C. ELS is available to all residence, individual business line, PBX trunk and Network Access Register (NAR) customers. ELS is also available to Public Telephone Access Service for Customer Provided Equipment and Shared Tenant Service customers except for the usage cap specified in A3.37.2.C. following.

(N)

D. This service is not available on Public or Semipublic Telephone Service or to any resold service except as specified in C. preceding.

(N)

E. Rates and charges as specified herein are subject to availability of facilities as described in A2.3.1 preceding.

(N)

F. Provisioning of this service is subject to regulations for flat, measured and message rate service as specified in A2.3.2 preceding.

(N)

G. Calling card or operator assisted calls made within the basic local calling area that are not direct dialed sent paid will be billed individually at the same usage rates specified herein, in addition to any appropriate local calling card or operator assisted local call surcharges specified in A.3.10. Such calls are itemized on the subscriber's billing statement and are billed outside any applicable usage billing reductions, calling allowances or maximum usage caps for direct dialed sent paid local calls.

(N)

H. Operator assisted and credit card calls made to exchanges outside the basic local calling area will be billed at Long Distance Message Telecommunications Service rates and charges as specified in Section A18. of this Tariff.

(N)

I. Usage charges will not apply to calls to the Company Business Office, Repair Service, Directory Assistance, Emergency 911 Service or 976 Dial-It Service.

(N)

A3.37.2 Application of Rates

(N)

A. Rates for Expanded Local Service consist of a fixed monthly charge for access to the public circuit switched network and usage charges for calls within the basic local calling area (Band A) or to the expanded local calling area (Band B).

(N)

B. Rotary charges provided herein are in lieu of any other rotary charges. These charges are applicable only to residence lines, business lines, PBX trunks or NARs arranged for rotary service.

(N)

C. The monthly rate for residence lines includes a monthly usage allowance of \$3.00 per line for calls within Band A.

(N)

D. Local usage charges for calls terminated within the basic local calling area will not exceed \$10.00 per line for residence customers and \$30.00 per individual business line, PBX trunk or NAR for business customers. Usage caps do not apply to Public Telephone Access Service for Customer Provided Equipment or to Shared Tenant Service customers.

(N)

E. A 20 percent discount usage option is available to residence and business subscribers. The monthly rate for this option is in addition to the appropriate line, PBX trunk or NAR rate and is applicable per line, PBX trunk or NAR in the customer's account. The 20 percent discount is only applicable to calls made within the basic local calling area.

(N)

Note 1: Calls to exchanges crossing Numbering Plan Area (NPA) boundaries will require 1 + 10 digit dialing.

A3. BASIC LOCAL EXCHANGE SERVICE

A3.37 Expanded Local Service

A3.37.1 General

- A. Expanded Local Service (ELS) is an optional usage based pricing plan providing local calling on a seven-digit basis from the subscriber's home exchange to all other exchanges in Rate Centers within a 40 airline mile radius of the home exchange's Rate Center. The expanded calling capability is in addition to exchanges within the basic local calling area specified in A3.3 of this Tariff. (N)
- B. ELS consists of a network access facility rate element and a network usage rate element. The network access facility rate element provides access to the public switched network. The network usage rate element provides for usage for calls within the basic local calling area (Band A) or to the expanded local calling area (Band B). (N)
- C. ELS is available to all residence, individual business line, PBX trunk and Network Access Register (NAR) customers. ELS is also available to Public Telephone Access Service for Customer Provided Equipment and Shared Tenant Service customers except for the usage cap specified in A3.37.2.C. following. (N)
- D. This service is not available on Public or Semipublic Telephone Service or to any resold service except as specified in C. preceding. (N)
- E. Rates and charges as specified herein are subject to availability of facilities as described in A2.3.1 preceding. (N)
- F. Provisioning of this service is subject to regulations for flat, measured and message rate service as specified in A2.3.2 preceding. (N)
- G. Calling card or operator assisted calls made within the basic local calling area that are not direct dialed sent paid will be billed individually at the same usage rates specified herein, in addition to any appropriate local calling card or operator assisted local call surcharges specified in A.3.10. Such calls are itemized on the subscriber's billing statement and are billed outside any applicable usage billing reductions, calling allowances or maximum usage caps for direct dialed sent paid local calls. (N)
- H. Operator assisted and credit card calls made to exchanges outside the basic local calling area will be billed at Long Distance Message Telecommunications Service rates and charges as specified in Section A18. of this Tariff. (N)
- I. Usage charges will not apply to calls to the Company Business Office, Repair Service, Directory Assistance, Emergency 911 Service or 976 Dial-It Service. (N)

A3.37.2 Application of Rates

- A. Rates for Expanded Local Service consist of a fixed monthly charge for access to the public circuit switched network and usage charges for calls within the basic local calling area (Band A) or to the expanded local calling area (Band B). (N)
- B. Rotary charges provided herein are in lieu of any other rotary charges. These charges are applicable only to residence lines, business lines, PBX trunks or NARs arranged for rotary service. (N)
- C. The monthly rate for residence lines includes a monthly usage allowance of \$3.00 per line. (N)
- D. Local usage charges for calls terminated within the basic local calling area will not exceed \$10.00 per line for residence customers and \$30.00 per individual business line, PBX trunk or NAR for business customers. Usage caps do not apply to Public Telephone Access Service for Customer Provided Equipment or to Shared Tenant Service customers. (N)
- E. A 20 percent discount usage option is available to residence and business subscribers. The monthly rate for this option is in addition to the appropriate line, PBX trunk or NAR rate and is applicable per line, PBX trunk or NAR in the customer's account. The 20 percent discount is only applicable to calls made within the basic local calling area. (N)

Note 1: Calls to exchanges crossing Numbering Plan Area (NPA) boundaries will require 1+10 digit dialing. (N)

A7. COIN TELEPHONE SERVICE

A7.4 Public Telephone Access Service For Customer Provided Equipment (CPE)

(Cont'd)

A7.4.4 Service Features

A. Central Office Blocking with Operator Screening

Subscribers to this service are required to take one of the following options *where facilities are available to provide such service.* ~~(M)~~ ~~(M)~~ ~~(M)~~

1. Option C - Two-Way Service. Provides screening information to the operator to prevent operator assisted sent-paid calls from being billed to the line. Provides central office blocking of 011+ calls.^{1,2,3} ~~(M)~~
2. Option D - Outward Only Service. Provides screening information to the operator to prevent operator assisted sent-paid calls from being billed to the line. Provides central office blocking of 011+ calls.^{1,2,3,4} ~~(M)~~
3. Option E - Two-Way Service. Provides central office blocking of 7 digit local, 1+DDD, 1+900 and 011+ calls. Provides screening information to the operator to prevent operator assisted sent-paid calls from being billed to the line.^{1,2} ~~(M)~~
4. Option F - Outward Only Service. Provides central office blocking of 7 digit local, 1+DDD, 1+900 and 011+ calls. Provides screening information to the operator to prevent operator assisted sent-paid calls from being billed to the line.^{1,2,4} ~~(M)~~
5. Option G - Two-Way Service. Provides central office blocking of 1+DDD, 1+900 and 011+ calls. Provides screening information to the operator to prevent operator assisted sent-paid calls from being billed to the line.^{1,3} ~~(M)~~
6. Option H - Outward Only Service. Provides central office blocking of 1+DDD, 1+900 and 011+ calls. Provides screening information to the operator to prevent operator assisted sent-paid calls from being billed to the line.^{1,2,4} ~~(M)~~

B. Billed Number Screening

Billed Number Screening as provided in A13.21 of this Tariff is a mandatory service feature for customer provided pay telephone service. ~~(M)~~

A7.4.5 Rates and Charges

A. Public Telephone Access Service for CPE - Rates and Charges Applied by The Company

Public Telephone Access Service for CPE is provided on a Usage Rate basis at the rates and charges following ~~where facilities permit otherwise~~ ~~the service will be provided on a Flat Rate basis or at the option of the subscriber may be provided at the Business line and usage rates identified in A3.37 for Expanded Local Service (ELS).~~ (C)

1. Usage Rate Service

a. The following monthly rate is applicable to Public Telephone Access Service for CPE on a per line basis.

- Note 1: 011+ blocking provides central office blocking of calls to numbers outside the North American Numbering Plan.
- Note 2: 976 blocking is mandatory on all options as provided in A13.18 of this Tariff. ~~(M)~~
- Note 3: For the Access Line Feature options which do not offer central office blocking of 900 calls, this feature is available at the request of the subscriber as provided under Customized Code Restriction (CCR) Option #4 defined in A13.20 of this Tariff. ~~(M)~~
- Note 4: Options D, F and H may only be provided for placement in correctional institutions, schools, hospitals and other locations for which the Public Service Commission may grant a specific exemption. ~~(M)~~

TOTAL							\$16,306,502	\$15,096,518	-\$1,209,984

* OPTIONAL LAND-TO-MOBILE SERVICE IS AVAILABLE TO MOBILE SERVICE PROVIDERS (MSPs). THIS OPTION ALLOWS INTRALATA TOLL CALLS FROM TELEPHONE NUMBERS SERVED BY THE COMPANY AND TERMINATING IN AN MSP NETWORK TO BE EXCLUDED FROM THE ORIGINATING CUSTOMER'S BILL. THE MSP PAYS A USAGE RATE IN LIEU OF THE COMPANY'S LANDLINE SUBSCRIBER PAYING TOLL CHARGES. THE INTRA-COMPANY OPTION APPLIES TO CALLS ROUTED TO MSP POINTS OF INTERCONNECTION LOCATED WITHIN THE COMPANY'S TERRITORY. THE INTER-COMPANY OPTION APPLIES TO CALLS ROUTED TO MSP POINTS OF INTERCONNECTION LOCATED WITHIN ANOTHER COMPANY'S TERRITORY.

A35. INTERCONNECTION OF MOBILE SERVICES

A35.1 Mobile Services (Cont'd)

A35.1.6 Rates and Charges (Cont'd)

D. Network Usage¹ (Cont'd)

1. (Cont'd)

	PEAK	OFF-PEAK	USOC	
(a) Per access minute of use	\$.0320	\$.0228	NA	(R)
2. Calls placed in the following listed time periods are considered to be Off-Peak:				

TIME

All Days, 8:00 P.M. - 9:00 A.M.

Saturdays & Sundays 9:00 A.M. - 8:00 P.M.

3. An optional Land-to-Mobile (LTM) calling plan² is available to the MSP's. The LTM option allows intraLATA direct dialed long distance calls from telephone numbers served by the Company and terminating in an MSP network to be excluded from the originating customer's bill. The MSP will pay the following usage charges for these calls based on the point of interconnection with the MSP network.

	PEAK AND OFF-PEAK	USOC	
(a) Point of interconnection within Company territory, per minute of use	\$.0572	NA	(R)
(b) Point of interconnection within Independent Company territory, per minute of use	.1667	NA	(R)

4. Following is Southern Bell's methodologies for calculating the LATA wide usage rate for MSPs; source is the Florida Intrastate Access Tariff as specified in FPSC Order:

- a. Local Network minute of use rate component includes local switching and local transport.

Note 1: Where a Company tandem office is not equipped to record the usage detail, the interim method of obtaining data necessary to bill usage through the tandem office requires the mobile service provider to furnish monthly message count data to the Company. The assumptions used by the Company in calculating the usage charges follow:

- a. average holding time per message = two minutes
- b. 70 percent of messages occur during peak rate period
- c. 30 percent of messages occur during off-peak rate period

The interim method will remain in effect until Company tandem offices have the capability to record usage detail.

Note 2: The LTM calling plan requires that an MSP dedicate an entire NXX for this option.

A4. SERVICE CHARGES¹

(N)

CONTENTS

Note 1: The changes on this page are a result of the restructure of this section.

(N)

A4. SERVICE CHARGES¹

A4.1 Definitions

SERVICE CHARGE

Service Charge is a nonrecurring charge or charges applying to the ordering, installing, moving, changing, rearranging or furnishing of telecommunication services or facilities. Service Charges are categorized as:

- Line Connection Charge
- Line Change Charge
- Secondary Service Charge
- Premises Work Charge

Line Connection Charge (First Line and/or Additional Line) applies for establishing an exchange access line or trunk. The charge includes service ordering, central office work, exchange access line work and a standard voice miniature six position network interface.

Line Change Charge (First Line and/or Additional Line) applies per line to miscellaneous customer requested changes on existing service for, but not limited to, number change and suspend/restore.

Secondary Service Charge applies per customer request for the receiving, recording, and processing of customer requests to change services or add new or additional services.

Premises Work Charge is a nonrecurring charge based on the labor time and miscellaneous materials required to rearrange the drop wire, protector and/or network interface or to install semi-public telephone service.

CUSTOMER REQUEST

The term "per customer request" as used in this section shall be defined as a customer request for service that is ordered at the same time to be provided on the same date, the same premises, the same system, and the same account.

NETWORK INTERFACE

The network interface is a FCC approved standard registration program jack which is used at the demarcation point as a means of connection between the telecommunications network and the customer's inside wire and/or equipment.

DEMARICATION POINT

The point of demarcation and/or interconnection between Company communications facilities and the customer's terminal equipment, protective apparatus or wiring at a subscriber's premises. Company-installed facilities at, or constituting, the demarcation point shall consist of wire or a jack conforming to Subpart F of Part 68 of the Federal Communications Commission's rules. "Premises" as used herein generally means a dwelling unit, other building or a legal unit of real property such as a lot on which a dwelling unit is located, as determined by the Company's reasonable and nondiscriminatory standard operating practices.

A4.2 Application of Charges

A4.2.1 General

A. Except as provided hereinafter, the following are subject to service charges:

1. All classes of Basic Exchange Service
2. ESSX-1 Service
3. ESSX[®] service/Digital ESSX[®] service
4. Centrex Service
5. Wide Area Telecommunications Service (Intrastate)

Note 1: The changes on this page are a result of the restructure of this section.

A4. SERVICE CHARGES¹

A4.2 Application of Charges (Cont'd)

A4.2.3 Line Change Charge Application (Cont'd)

D. The Line Change Charge applies: (Cont'd)

4. For each line being temporarily suspended at the request of a customer. (N)
5. For changing from loop start to ground start and vice versa and for changing from a line to a trunk and vice versa. (N)
6. For changing from Foreign Central Office Service to home wire center and vice versa. (N)

A4.2.4 Secondary Service Charge Application

A. The Secondary Service Charge will not apply if a Line Connection Charge or Line Change Charge is applicable. (N)

B. The Secondary Service Charge applies for adding or rearranging: (N)

1. Touch-Tone Calling Service (N)
2. Custom Calling Service (N)
3. Prestige® Communications service (N)
4. Grouping Service (N)
5. RingMaster® service (N)
6. TouchStar® service (N)
7. Customized Code Restriction (N)
8. Customer requested directory listing changes (N)

C. The Secondary Service Charge applies for:

1. Transfers of responsibility. (N)
2. Changing from residence to business service and vice versa. The business charge applies when changing to business and the residence charge applies when changing to residence. If the telephone number changes the Line Change Charge applies in lieu of the Secondary Service Charge. (N)
3. Rearrangement of drop wire, protector, and/or network interface. Additionally, Premises Work Charges will apply. (N)
4. Installing a Network Interface jack at the customer's request on existing service. Additionally, Premises Work Charges will apply. (N)
5. Changing call referrals to another number at the customer's request. (N)

A4.2.5 Premises Work Charge Application

A. The appropriate Line Connection Charge, Secondary Service Charge or Line Change Charge applies in addition to the Premises Work Charge. (N)

Note 1: The changes on this page are a result of the restructure of this section. (N)

A4. SERVICE CHARGES¹

A4.2 Application of Charges (Cont'd)

A4.2.5 Premises Work Charge Application (Cont'd)

B. Premises Work Charges apply per customer request, per Company employee performing billable work on the customer's premises. The sum of their time is used to determine the number of 15-minute increments to be billed. Only one initial increment is to be billed per customer request except when the customer specifically requests more employees than the Company would normally dispatch. Where additional employees are specifically requested by the customer, the initial increment charge will also apply per additional Company employee specifically requested.

C. Premises Work Charges apply:

1. For, but not limited to, rearrangement of drop wire, protector and/or network interface.
2. For work performed beyond the protector for semi-public telephone service.

D. The charge for a Network Interface jack applies in addition to the appropriate Premises Work Charges for installing a Network Interface at the customer's request on existing service.

A4.2.6 Service Charge Exceptions

A. Any additional work done concurrently with the following excepted work will entail service charges applicable to that work.

B. Service Charges do not apply for:

1. Changing from Touch-Tone Service to Rotary Dial Service.
2. Changing from a private or semiprivate listing to a listed number.
3. Requests for establishing toll credit cards.
4. Requests for full or partial disconnection.
5. Changing from flat rate service to measured rate service or vice versa.
6. When reestablishing service at a location which has been destroyed or made untenable by fire, wind or flood.
7. Changing telephone numbers when in the judgment of the Company such changes are necessary for continuation of satisfactory service.
8. Changing the primary listing of a residence customer to the name of the remaining spouse in event of death or divorce of the spouse currently listed.

Note 1: The changes on this page are a result of the restructure of this section.

A4. SERVICE CHARGES¹

A4.2 Application of Charges (Cont'd)

A4.2.1 General (Cont'd)

- A. Except as provided hereinafter, the following are subject to service charges: (Cont'd) (N)
- 6. Mobile Telephone Service, except Bellboy service pagers (N)
- 7. Telephone Answering Service (N)
- 8. Miscellaneous service arrangements and auxiliary equipment (N)
- B. For Mobile Telephone Service, Intrastate Wide Area Telecommunications Service (WATS), and Semi-Public Telephone Service, the appropriate Business service charges are applicable. (N)
- C. The appropriate Line Connection Charge and Line Change Charge apply per main station line exchange circuit for ESSX[®] service or Digital ESSX[®] service and per main station access line for Centrex. (N)
- D. For ESSX-1, the appropriate Line Connection Charge and Line Change Charge apply per Network Access Register and when changing the type of operation for a Network Access Register. (N)
- E. The Line Connection Charge includes a standard voice miniature six position network interface for simple type services which do not require other network interfaces. See Section A14. for FCC approved network interfaces. (N)

A4.2.2 Line Connection Charge Application

- A. The Line Connection Charge First Line is applicable if the customer is requesting only one line or for the first line if multiple lines are being ordered. (N)
- B. On multiple line orders, the Line Connection Charge Additional Line applies for each additional line ordered after the first line per customer request. (N)
- C. The Line Connection Charge applies: (N)
 - 1. For the connection of an exchange access line or trunk. The charge is applicable per exchange access line or trunk. (N)
 - 2. Per main station line exchange circuit for ESSX[®] service, Digital ESSX[®] service or Centrex service. (N)
 - 3. Per Network Access Register for ESSX-1 service. (N)

A4.2.3 Line Change Charge Application

- A. The Line Change Charge First Line is applicable if the customer is requesting changes on only one line or for the first line if changes are being made on multiple lines. (N)
- B. On multiple lines, the Line Change Charge Additional Line applies for each additional line requested changed after the first line per customer request. (N)
- C. If the Line Connection Charge First Line applies on a customer request, any additional Line Change Charges applicable for the same customer request will be billed at the Line Change Charge Additional Line rate. (N)
- D. The Line Change Charge applies: (N)
 - 1. For each telephone number changed when requested by the customer. (N)
 - 2. For each change of station number for Centrex-CO, ESSX-1, ESSX[®] service and Digital ESSX[®] service. This charge is applicable in addition to the appropriate charge for station number changes when a change of basic exchange telephone number is requested coincident with a change of station number. (N)
 - 3. For each line being restored after service is temporarily denied for nonpayment. (N)

Note 1: The changes on this page are a result of the restructure of this section. (N)

A4. SERVICE CHARGES¹

A4.2 Application of Charges (Cont'd)

A4.2.6 Service Charge Exceptions (Cont'd)

- C. Service charges for connection, move or change do not apply to telephone service previously provided over a Government System in military housing where there is no break in the continuity of service.

A4.2.7 Installation Billing

- A. Except as provided in this paragraph and B. following, service connection, and/or rearrangement charges separately or in combination are required to be paid at the time of application for service. Service may be established in advance of payment of service connection charges for additions to the service of existing subscribers and for any service provided for the use of departments, administrations or agencies of the Federal, State, County or Municipal Government. Service Charges may be paid in monthly installments of not less than the amounts shown below not to exceed a total of more than six months. If additional such charges are incurred while a balance is due on previous charges, the above treatment will apply separately to the new charges.

1. First Month

	Monthly Rate	USOC	
(a) Residence	\$15.00	NA	(N)
(b) Business	25.00	NA	(N)

2. Subsequent Months

(a) Residence	5.00	NA	(N)
(b) Business	5.00	NA	(N)

- B. All persons requesting residence service will be informed that installment billing is available. Service connection charges for adding residence exchange access lines can be made in three equal monthly installments or charges may be paid in monthly installments as described in 1. preceding. For these residence customers requesting installment billing, a \$1.00 service charge will apply for each month charges are extended.

Note 1: The changes on this page are a result of the restructure of this section.

A4. SERVICE CHARGES¹

A4.3 Schedule of Charges for Connecting or Changing Service

A4.3.1 Rates and Charges

A. Line Connection Charge

1. Applies per exchange access line, trunk, Centrex main station access line, ESSX-1 Network Access Register, ESSX® service or Digital ESSX® service main station line exchange circuit.

	Residence	Business	USOC	
(a) First Line	\$40.00	\$60.00	NA	(N)
(b) Additional Line (each)	12.00	13.00	NA	(N)

B. Line Change Charge

1. Applies per exchange access line, trunk, Centrex main station access line, ESSX-1 Network Access Register, ESSX® service or Digital ESSX® service main station line exchange circuit and per occasion when changing the type of operation for a Network Access Register.

(a) First Line	24.00	38.00	NA	(N)
(b) Additional Line (each)	10.00	11.00	NA	(N)

C. Secondary Service Charge

1. Applies per customer request

(a) Each	9.00	19.00	NA	(N)
----------	------	-------	----	-----

D. Premises Work Charge

1. First 15-minute increment or fraction thereof

(a) Per increment	24.75	28.00	NA	(N)
-------------------	-------	-------	----	-----

2. Each additional 15-minute increment or fraction thereof

(a) Per increment	8.75	9.00	NA	(N)
-------------------	------	------	----	-----

A4.4 Dual Service

A4.4.1 General

- A. Dual Service is a service offering which supplies the same dial tone concurrently to two different addresses served from the same wire center for a limited period of time (90 days maximum) for nondesigned services only. The provision of Dual Service assures the customer continual service at both locations during the time of a move.

- B. A request for Dual Service occurs on orders for a transfer of service (T&F) within the same wire center where no telephone number change is involved.

- C. Dual Service will be offered subject to the availability of facilities and technical limitations.

Note 1: The changes on this page are a result of the restructure of this section.

A4. SERVICE CHARGES¹

A4.4 Dual Service (Cont'd)

A4.4.1 General (Cont'd)

- D. Payment for Dual Service is provided for by billing the nonrecurring charge from A4.4.2 following plus the applicable portion of the monthly rate on both lines during the period of service overlap, regardless of the duration of that overlap (90 days maximum).

A4.4.2 Rates and Charges

A. Exchange Access Line

1. Per line, trunk or main station line

	Nonrecurring Charge	USOC	
(a) Residence	\$20.00	NA	(N)
(b) Business	20.00	NA	(N)

A4.5 Reserved For Future Use

A4.6 Reserved For Future Use

A4.7 Link-Up Florida

A4.7.1 General

- A. Link-Up Florida is offered in all exchanges to provide subsidized assistance to qualifying applicants. It is intended to preserve and promote subscribership among low income households by providing a credit to and a deferred schedule for payment of the installation and connection charges applicable to the provisioning of residence service.
- B. The Company's rules for the Link-Up Florida program are as provided in Commission Order No. 19684, Docket No. 880847-TL.
- C. The Company's deferred payment schedule referenced in Commission Order No. 19684, Docket No. 880847-TL is as provided in A4.2.7 of this Tariff.

A4.7.2 Regulations

- A. Persons wishing to qualify for the credit must meet state certification criteria for eligibility. This credit is available only to residence customers, and will be applied to the nonrecurring charges for the establishment of service for a single telephone line per household at the principal place of residence.

Note 1: The changes on this page are a result of the restructure of this section.

A4. SERVICE CHARGES¹

A4.7 Link-Up Florida (Cont'd)

A4.7.2 Regulations (Cont'd)

- B. The subscriber must not be a dependent for federal income tax purposes, unless the subscriber is more than 60 years of age. (N)
- C. The subscriber must be a current recipient of or certified eligible for Medicaid or Food Stamps. (N)

A4.7.3 Rates and Charges

- 1. Federal credit²

(a) Each

Nonrecurring Charge	USOC
\$-	NA

A4.8 Special Number Assignment Charge

A4.8.1 General

- A. The charges listed in A4.8.2 apply for searching for and, if available, assigning a special telephone number, at the customer's request, other than that number which would normally have been assigned. The charges apply to requests for a specific number (including specific numerical patterns, such as XXXX, XYXY, XYYX, etc., where X and/or Y are not a specific numeral) or an "easy" number (i.e., one which the Company determines to have a numerical pattern, not specified by the customer, which would make it easy to remember). The charges apply to any request regardless of the number of digits requested and/or provided. The charge listed in A4.8.2.A.1. applies when the requested number (either specific or "easy") is unavailable or unacceptable to the customer. The charge in A4.8.2.A.2. applies when the requested number (either specific or "easy") is assigned to the customer. (N)
- B. Number alternatives will be limited to those normally available for the given serving central office or wire center in which the access line is provided. Therefore, the customer will be limited as to the available options for the first three digits of the special number. (N)

Note 1: The changes on this page are a result of the restructure of this section. (N)

Note 2: Credit is 50 percent of the Line Connection Charge the credit is not to exceed \$30.00. (N)

A4. SERVICE CHARGES¹

A4.8 Special Number Assignment Charge (Cont'd)

A4.8.1 General (Cont'd)

- C. All specific number requests other than numerical patterns must be made by specifying the digits desired. (N)
- D. If requesting a specific number, the customer will be allowed to name one or two alternative specific numbers, in order of preference, that would be acceptable if the first choice is not available. (N)
 - If the customer does not wish to name any specific alternative choices, he may state a desire for two "easy" number alternatives. If his first choice is not available, he will be provided with two-"easy" number candidates from which to choose. The customer may name one alternative specific number as his second choice and state a desire for an "easy" number as a third alternative. If his first and second choice are not available, he will be provided with one "easy" number candidate to consider. (N)
 - If the customer has no specific number to request but merely desires an "easy" number, he will be provided with three "easy" number candidates from which to choose. (N)
 - In the case of both specific and "easy" numbers, only one number may be assigned per each charge listed in A4.8.2.A.2. (N)
- E. The appropriate charge in A4.8.2 applies in addition to all otherwise applicable charges, e.g., Number Change, Record Service Order, Foreign Central Office, etc. (N)
- F. If a customer obtains a number under this Tariff that must subsequently be changed for Company reasons (e.g., area transfer), this charge will not apply for providing this same customer a special number from the newly available pool. A customer that moves but remains in the same serving office or wire center may retain his special number at no additional charge. Any requests to change to a new special number will be chargeable. (N)
- G. The charges apply for searching for and, if available, assigning a workable number and are not refundable. The number itself remains the property of the Company as stated in A2.3.12 of this Tariff. (N)
- H. This service is available where facilities or arrangements permit. (N)

A4.8.2 Rates and Charges

A. Nonrecurring Charges, per request for a number to be assigned. (N)			
1. Search Only (N)

A4. SERVICE CHARGES¹

(U)

A4.1 Definitions

~~The term "Service Charge" as specified herein and in other sections of this General Subscriber Service Tariff is defined as a nonrecurring charge or charges applying to the ordering, installing, moving, changing, rearranging or furnishing of telephone service, miscellaneous and supplemental equipment, and other telephone facilities.~~

~~A4.1.1 Multi-Element Service Charges~~

~~A. Service Ordering Charge~~

~~The term "Service Ordering Charge" means the charge that applies for work performed by the Company in connection with the receiving, recording, and processing of customer requests for service. Service Ordering Charges are classified as primary and secondary.~~

~~B. Access Line Connection Charge (previously Central Office Line Connection Charge)~~

~~The term "Access Line Connection Charge" means the charge that applies for arranging an exchange line to provide service between the central office and the customer's premises. This work includes, but is not limited to:~~

- ~~1. Making and changing connections in the central office.~~
- ~~2. Making and changing connections in distribution facilities between the central office and the customer's premises, including necessary cross connections and line and station transfers.~~
- ~~3. Installing the network interface for simple services, i.e., miniature modular type.~~

~~C. Premises Visit Charge~~

~~The term "Premises Visit Charge" means the charge that applies for a visit to a customer's premises to perform work requested by the customer.~~ (C)

~~D. (DELETED)~~ (D)

~~E. Network Interface Jack Charge~~ (C)

~~1. The charge for a jack used on a Network Interface includes both installation labor and material. This jack is a standard FCC Registration Program jack (or equivalent) installed by the Company at the termination point for exchange access, WATS, or Private Line Service.~~ (T)

~~2. (DELETED)~~ (D)

~~F. Premises Work Charges - Simple Residence and Simple Business Services~~ (T)

~~Simple Residence and Simple Business Premises Work Charges are nonrecurring charges based on the labor time and miscellaneous materials required to complete the installation of Semi-Public Telephone Services and customer requested rearrangements on a customer's premises. Premises work is that work performed by a Company representative on a customer premises which includes, but is not limited to, premises visit, mounting of a semi-public telephone set and directory, customer requests for rearrangement of a drop wire, plastic and/or network interface. Premises work does not include the work required to establish network access.~~ (C)

A4. SERVICE CHARGES¹

A4.1 Definitions

SERVICE CHARGE

Service Charge is a nonrecurring charge or charges applying to the ordering, installing, moving, changing, rearranging or furnishing of telecommunication services or facilities. Service Charges are categorized as:

- Line Connection Charge
- Line Change Charge
- Secondary Service Charge
- Premises Work Charge

Line Connection Charge (First Line and/or Additional Line) applies for establishing an exchange access line or trunk. The charge includes service ordering, central office work, exchange access line work and a standard voice miniature six position network interface.

Line Change Charge (First Line and/or Additional Line) applies per line to miscellaneous customer requested changes on existing service for, but not limited to, number change and suspend/restore.

Secondary Service Charge applies per customer request for the receiving, recording, and processing of customer requests to change services or add new or additional services.

Premises Work Charge is a nonrecurring charge based on the labor time and miscellaneous materials required to rearrange the drop wire, protector and/or network interface or to install semi-public telephone service.

CUSTOMER REQUEST

The term "per customer request" as used in this section shall be defined as a customer request for service that is ordered at the same time to be provided on the same date, the same premises, the same system, and the same account.

NETWORK INTERFACE

The network interface is a FCC approved standard registration program jack which is used at the demarcation point as a means of connection between the telecommunications network and the customer's inside wire and/or equipment.

DEMARCATIION POINT

The point of demarcation and/or interconnection between Company communications facilities and the customer's terminal equipment, protective apparatus or wiring at a subscriber's premises. Company-installed facilities at, or constituting, the demarcation point shall consist of wire or a jack conforming to Subpart F of Part 68 of the Federal Communications Commission's rules. "Premises" as used herein generally means a dwelling unit, other building or a legal unit of real property such as a lot on which a dwelling unit is located, as determined by the Company's reasonable and nondiscriminatory standard operating practices.

A4.2 Application of Charges

A4.2.1 General

A. Except as provided hereinafter, the following are subject to service charges:

1. All classes of Basic Exchange Service
2. ESSX-1 Service
3. ESSX® service/Digital ESSX® service
4. Centrex Service
5. Wide Area Telecommunications Service (Intrastate)

Note 1: The changes on this page are a result of the restructure of this section.

EFFECTIVE: November 20, 1991

A4. SERVICE CHARGES ¹

(A)

A4.2 Application of Charges (Cont'd)

~~A4.2.1 General (Cont'd)~~

- ~~C. The charges specified in this Section for the connection, move or change of service contemplate work being performed by Company employees involved at a time when overtime wages do not apply, unless otherwise specified.~~
- ~~D. If the customer requests that overtime labor be performed at hours of the day or days of the week other than normal work hours or days, or on holidays, or interrupts work once begun, an additional charge based on the additional costs involved applies.~~
- ~~E. No distinction is made between a "New Installation or Connection" and an "Outside Move." All changes in location of customers' equipment or service from one premises to another, except as otherwise provided in this Section, are treated as new service connections with Service Charges applying. For a definition of the term "Premises", refer to Section A1. of this Tariff.~~
- ~~F. Service Charges are in addition to other rates and charges normally applying under the tariffs. They apply in addition to construction charges made because of unusual costs in establishing service and are not in lieu of mileage charges.~~
- ~~G. In connection with Residence Service for company employees furnished at reduced rates, a like reduction is allowed for regular service charges.~~
- ~~H. Service Charges do not Apply to:

 - ~~1. Exchange access lines, trunks or stations for which no basic exchange rates apply, e.g., public telephone service, official service, etc.~~
 - ~~2. Change of telephone numbers and associated listing charges for service reasons or Company initiated reasons, e.g., continuing annoying and anonymous calls, etc.~~
 - ~~3. Service reestablished at a location which has been destroyed by or made untenable by fire, flood or other act of God. If the subscriber desires service at a new location for a temporary period, all service charges, as appropriate, will apply for the establishment of service at the temporary location.~~~~
- ~~I. Installment Billing

 - ~~1. Except as provided in this paragraph and 2 following, service connection, and/or rearrangement charges separately or in combination are required to be paid at the time of application for service. Service may be established in advance of payment of service connection charges for additions to the service of existing subscribers and for any service provided for the use of departments, administrations or agencies of the Federal, State, County or Municipal Government. Service Charges may be paid in monthly installments of not less than the amounts shown below not to exceed a total of more than six months. If additional such charges are incurred while a balance is due on previous charges, the above treatment will apply separately to the new charges.~~~~

A4. SERVICE CHARGES¹

A4.2 Application of Charges (Cont'd)

A4.2.1 General (Cont'd)

- A. Except as provided hereinafter, the following are subject to service charges: (Cont'd)
- 6. Mobile Telephone Service, except Bellboy service pagers
- 7. Telephone Answering Service
- 8. Miscellaneous service arrangements and auxiliary equipment
- B. For Mobile Telephone Service, Intrastate Wide Area Telecommunications Service (WATS), and Semi-Public Telephone Service, the appropriate Business service charges are applicable.
- C. The appropriate Line Connection Charge and Line Change Charge apply per main station line exchange circuit for ESSX[®] service or Digital ESSX[®] service and per main station access line for Centrex.
- D. For ESSX-1, the appropriate Line Connection Charge and Line Change Charge apply per Network Access Register and when changing the type of operation for a Network Access Register.
- E. The Line Connection Charge includes a standard voice miniature six position network interface for simple type services which do not require other network interfaces. See Section A14. for FCC approved network interfaces.

A4.2.2 Line Connection Charge Application

- A. The Line Connection Charge First Line is applicable if the customer is requesting only one line or for the first line if multiple lines are being ordered.
- B. On multiple line orders, the Line Connection Charge Additional Line applies for each additional line ordered after the first line per customer request.
- C. The Line Connection Charge applies:
 - 1. For the connection of an exchange access line or trunk. The charge is applicable per exchange access line or trunk.
 - 2. Per main station line exchange circuit for ESSX[®] service, Digital ESSX[®] service or Centrex service.
 - 3. Per Network Access Register for ESSX-1 service.

A4.2.3 Line Change Charge Application

- A. The Line Change Charge First Line is applicable if the customer is requesting changes on only one line or for the first line if changes are being made on multiple lines.
- B. On multiple lines, the Line Change Charge Additional Line applies for each additional line requested changed after the first line per customer request.
- C. If the Line Connection Charge First Line applies on a customer request, any additional Line Change Charges applicable for the same customer request will be billed at the Line Change Charge Additional Line rate.
- D. The Line Change Charge applies:
 - 1. For each telephone number changed when requested by the customer.
 - 2. For each change of station number for Centrex-CO, ESSX-1, ESSX[®] service and Digital ESSX[®] service. This charge is applicable in addition to the appropriate charge for station number changes when a change of basic exchange telephone number is requested coincident with a change of station number.
 - 3. For each line being restored after service is temporarily denied for nonpayment.

Note 1: The changes on this page are a result of the restructure of this section.

(N)

A4.2 Application of Charges (Cont'd)

(N)

A4.2.5 Premises Work Charge Application (Cont'd)

(N)

B. Premises Work Charges apply per customer request, per Company employee performing billable work on the customer's premises. The sum of their time is used to determine the number of 15-minute increments to be billed. Only one initial increment is to be billed per customer request except when the customer specifically requests more employees than the Company would normally dispatch. Where additional employees are specifically requested by the customer, the initial increment charge will also apply per additional Company employee specifically requested.

(N)

C. Premises Work Charges apply:

(N)

1. For, but not limited to, rearrangement of drop wire, protector and/or network interface.

(N)

2. For work performed beyond the protector for semi-public telephone service.

(N)

D. The charge for a Network Interface jack applies in addition to the appropriate Premises Work Charges for installing a Network Interface at the customer's request on existing service.

(N)

A4.2.6 Service Charge Exceptions

(N)

A. Any additional work done concurrently with the following excepted work will entail service charges applicable to that work.

(N)

B. Service Charges do not apply for:

(N)

1. Changing from Touch-Tone Service to Rotary Dial Service.

(N)

2. Changing from a private or semiprivate listing to a listed number.

(N)

3. Requests for establishing toll credit cards.

(N)

4. Requests for full or partial disconnection.

(N)

5. Changing from flat rate service to measured rate service or vice versa.

(N)

6. When reestablishing service at a location which has been destroyed or made untenable by fire, wind or flood.

(N)

7. Changing telephone numbers when in the judgment of the Company such changes are necessary for continuation of satisfactory service.

(N)

8. Changing the primary listing of a residence customer to the name of the remaining spouse in event of death or divorce of the spouse currently listed.

(N)

GENERAL SUBSCRIBER SERVICE TARIFF

~~Fourth Revised Page 6
Cancels Third Revised Page 6~~
EFFECTIVE ~~January 31, 1991~~

A4. SERVICE CHARGES¹

(N)

~~A4.2 Application of Charges (Cont'd)~~

~~A4.2.7 Termination Charge~~

- ~~A. A termination charge is determined by applying to the Basic Termination Charge the percentage which the unexpired portion of the Initial Service Period bears to the full Initial Service Period.~~
~~1. The Basic Termination Charge and the Initial Service Period are indicated in the section of this Tariff covering the service items to which they apply. The Initial Service Period is shown for each Basic Termination Charge.~~
~~B. When a subscriber discontinues one or more units of a group of the same item, the service latest installed shall be considered as the service first discontinued.~~
~~C. When a subscriber cancels an order for service carrying a Basic Termination Charge prior to the establishment of that service, a termination charge applies equal to the cost incurred by the Company in engineering, ordering, and providing the service; the termination charge in this event will not exceed the Basic Termination Charge.~~

~~A4.2.8 Service Charges for Recreation Vehicles~~

- ~~A. For the establishment of new service where the Network Interface is in place, the Primary Service Ordering Charge and the Access Line Connection Charge are applicable.~~
~~B. For the establishment of new service where the Network Interface is not in place (no previous service), a Primary Service Ordering Charge, a Central Office Work Charge and a Network Interface Charge, i.e., RJ15C as specified in Section A14 of this Tariff, are applicable.~~
~~C. The customer may provide all facilities behind the Network Interface if he so chooses, provided they conform to Southern Bell standards and guidelines.~~

~~A4.2.9 (DELETED)~~

(D)

~~Note 1: The location of the Network Interface will be on a post adjacent to the campus or utility pad.~~

Note 1: The changes on this page are a result of the restructure of this section.

--------------------------	-------------	-------------	-----------	------------

A4.4 Dual Service

A4.4.1 General

- A. Dual Service is a service offering which supplies the same dial tone concurrently to two different addresses served from the same wire center for a limited period of time (90 days maximum) for nondesignated services only. The provision of Dual Service assures the customer continual service at both locations during the time of a move. (T) (M)
- B. A request for Dual Service occurs on orders for a transfer of service (T&F) within the same wire center where no telephone number change is involved. (T) (M)
- C. Dual Service will be offered subject to the availability of facilities and technical limitations. (M)

A4. SERVICE CHARGES ¹

(N)

~~A4.4 Premises Work Charges - Simple Residence and Simple Business Services~~ (Cont'd)

~~A4.4.1 Time and Materials Charging (Cont'd)~~

~~B. Definition~~

- ~~1. Billable Premises Work - Premises work performed by a Company representative on a customer's premises exclusive of work required to establish network access. Examples of premises work include rearrangement of a drop wire, protector, and/or Network Interface. (C)~~

~~C. Regulations~~

- ~~1. The Premises Work Charges apply to all customer requested installation, move and change work done by the Company on the customer's premises exclusive of establishing or re-establishing network access, or as otherwise specified in A4.4.1.C.7 following. (C)~~
- ~~2. The Premises Work Charges apply in addition to all other applicable rates and charges for services. (C)~~
- ~~3. If for Company reasons more than one Company technician is involved in performing billable premises work on the same service order, only one Premises Visit Charge will apply. Premises Work Charges will be calculated by totaling the billable work time performed by all technicians. (C)~~
- ~~4. (DELETED) (D)~~
- ~~5. (DELETED) (D)~~
- ~~6. Residence customers with PBX, Centrex, ESX, HORIZONSM, or key equipment are subject to applicable Complex Business charges in lieu of Simple Residence and Simple Business Premises Work Charges. (C)~~
- ~~7. Premises Work Charges do not apply to the following work: (C)~~
- ~~a. To rearrange a customer's telephone service if requested or initiated by the Company. (C)~~
 - ~~b. To install or rearrange telephone equipment located on a customer's premises but used exclusively by the Company for maintenance or training activities. (C)~~
 - ~~c. The "from" portion of work involved in a transfer of service from one premise to another. (C)~~
 - ~~d. Disconnection and/or removal of the following items of service, providing no other work subject to service charges is involved: 1) Directory listing and directory services; 2) Access, line service and custom calling services.~~
 - ~~e. For the complete cancellation of the service order before any billable premises work is performed.~~

A4.8 Special Number Assignment Charge

A4.8.1 General

- A. The charges listed in A4.8.2 apply for searching for and, if available, assigning a special telephone number, at the customer's request, other than that number which would normally have been assigned. The charges apply to requests for a specific number (including specific numerical patterns, such as XXXX, XYXY, XYYX, etc., where X and/or Y are not a specific numeral) or an "easy" number (i.e., one which the Company determines to have a numerical pattern, not specified by the customer, which would make it easy to remember). The charges apply to any request regardless of the number of digits requested and/or provided. The charge listed in A4.8.2.A.1. applies when the requested number (either specific or "easy") is unavailable or unacceptable to the customer. The charge in A4.8.2.A.2. applies when the requested number (either specific or "easy") is assigned to the customer.
- B. Number alternatives will be limited to those normally available for the given serving central office or wire center in which the access line is provided. Therefore, the customer will be limited as to the available options for the first three digits of the special number.

Note 1: The changes on this page are a result of the restructure of this section.

Note 2: Credit is 50 percent of the Line Connection Charge the credit is not to exceed \$30.00.

 ISSUED: ~~November 5, 1986~~
 BY: ~~Vice President~~
 Miami, Florida

Original Page 77

EFFECTIVE: ~~January 5, 1987~~

A4. SERVICE CHARGES¹

A4.1² Special Number Assignment Charge (Cont'd)

A4.1.1 General (Cont'd)

- C. All specific number requests other than numerical patterns must be made by specifying the digits desired. (M)
- D. If requesting a specific number, the customer will be allowed to name one or two alternative specific numbers, in order of preference, that would be acceptable if the first choice is not available. (M)
- If the customer does not wish to name any specific alternative choices, he may state a desire for two "easy" number alternatives. If his first choice is not available, he will be provided with two "easy" number candidates from which to choose. The customer may name one alternative specific number as his second choice and state a desire for an "easy" number as a third alternative. If his first and second choice are not available, he will be provided with one "easy" number candidate to consider. (M)
- If the customer has no specific number to request but merely desires an "easy" number, he will be provided with three "easy" number candidates from which to choose. (M)
- In the case of both specific and "easy" numbers, only one number may be assigned per each charge listed in A4.1.1.2.A.2. (M)
- E. The appropriate charge in A4.1.1.2 applies in addition to all otherwise applicable charges, e.g., Number Change, Record Service Order, Foreign Central Office, etc. (M)
- F. If a customer obtains a number under this Tariff that must subsequently be changed for Company reasons (e.g., area transfer), this charge will not apply for providing this same customer a special number from the newly available pool. A customer that moves but remains in the same serving office or wire center may retain his special number at no additional charge. Any requests to change to a new special number will be chargeable. (M)
- G. The charges apply for searching for and, if available, assigning a workable number and are not refundable. The number itself remains the property of the Company as stated in A2.3.1.2 of this Tariff. (M)
- H. This service is available where facilities or arrangements permit. (M)

A4.1.2 Rates and Charges

- A. Nonrecurring Charges, per request for a number to be assigned. (M)
- 1. Search Only (M)

	Nonrecurring Charge	USOC	
(a) Residence	\$5.00	RNCSO	(M)
(b) Business	10.00	RNCSO	(M)
2. Search and Assign			(M)
(a) Residence	25.00	RNCSN	(M)
(b) Business	75.00	RNCSN	(M)

A2. GENERAL REGULATIONS

(N)

A2.4 Payment Arrangements and Credit Allowances (Cont'd)

A2.4.7 Reserved for Future Use

(N)

A2.4.8 Reserved for Future Use

(N)

A2.4.9 Economic Development Incentive Waivers and Discounts

(N)

- A.** In connection with Florida Statute 290, the Florida Enterprise Zone Act was added by the General Assembly of Florida to encourage the further economic development of distressed areas within the state that are targeted for economic revitalization. This program provides financial incentives to new and expanding businesses of all sizes that choose to locate or expand in one of the Enterprise Zones defined by the Florida Department of Community Affairs.

(N)

In support of the State of Florida's initiative, the Company will offer concessions on telecommunication services for qualifying businesses who locate or expand their operations in Enterprise Zones which are located in Company Territory. These concessions are intended to provide incentives for furthering the advancement of economic development in these designated areas.

(N)

B. Customer Qualifications

(N)

1. Only businesses located within Enterprise Zones that qualify under the State's requirements will be eligible for the Company's incentive offering for telecommunications services. Details of the State's qualifications are included in the Enterprise Zone Property Tax Credit Program Regulations (Chapter 220, F.S.). The Enterprise Zone Property Tax Credit Program designates qualifying businesses as new, expanding, or rebuilt businesses located in designated enterprise zones. To claim the credit, at least 20 percent of the business' workforce must be zone residents. New or expanded businesses must create at least five new jobs after the effective date of this Tariff. For purposes of this Tariff, the term "Business" shall have the meaning designated for "Corporation" in Chapter 220, F.S.

(N)

2. The business must be located within Company territory in Enterprise Zones designated by the State. The Florida Department of Commerce will qualify eligible businesses for the Enterprise Zone Property Tax Credit Program. The Company will only apply waivers and discounts to those businesses which are determined to be eligible by the State.

(N)

C. Waivers and Discounts

(N)

1. Business enterprises will be eligible to receive the waivers listed for newly ordered tariffed services, excluding "Exempt Special Service Arrangements and Contract Service Arrangements - Section A5.," local usage charges and long distance services (i.e.: MTS and WATS), which the business enterprise can demonstrate are related directly to the new or expanded employment. This discount shall be applicable for the ensuing 12 month period.

(N)

2. The waivers and discounts that are applicable for telecommunications services provided under the economic development incentives plan are as follows:

(N)

a. 100 percent waiver of deposits

(N)

b. 100 percent waiver of service connection/installation charges (excludes inside wiring)

(N)

c. 50 percent discount on monthly recurring charges for a maximum period of 12 months for all tariffed items with the exception of MTS, WATS, Special Service Arrangements, Contract Service Arrangements and local usage based pricing options.

(N)

- D.** When the application for service is made, the applying business must advise the Company of their intent to receive the discounts and waivers afforded by this Tariff.

(N)

- E.** In order to receive the waivers and discounts afforded by this Tariff, the business enterprise will be required to certify that it has met the requirements of this Tariff offering as well as the requirements of Florida's Enterprise Zone Act Property Tax Credit provision.
