On June 22, 1992, GTE Florida Incorporated (GTEFL or the Company) filed a Notice of Intent to Seek Confidential Classification of material provided in response to certain of our staff's discovery requests in this docket. On July 13, 1992, GTEFL filed a Request for Confidential Classification of the material. On July 22, 1992, the Company filed an Amended Request. The material at issue has been assigned Document No. 6592-92 and consists of information contained in the Company's responses to Staff's Interrogatory Nos. 23, 39, 41 and 42 in this docket. The material belongs to GTE Communications Corporation (GTECC) and was provided through GTEFL.

Interrogatory No. 39

The Company asks that information found on page 1, line 1 be held to be confidential because it pertains to GTECC's share of the inside wire maintenance market in its territory.

Interrogatory No. 41

The Company asks that information found on page 1, lines 2 and 3 be held to be confidential because it reveals the number and percentage of GTEFL's access lines which subscribe to GTECC's inside wire maintenance options.

Interrogatory No. 42

The Company asks that information found on page 2, lines 1-4 be held to be confidential because it reveals GTECC's revenues and expenses for inside wire options.

The Company asserts that both GTEFL and GTECC treat the aforementioned material---provided in its response to Interrogatory Nos. 39, 41, and 42---as private, that it has not been disclosed, and that disclosure of the material would harm the competitive interests of the GTECC.

Upon review, I find that the information at issue has not been publicly disclosed, that it involves the competitive interests of
