Re: Turkey Creek Utilities

Dear Ms. Hallman:

This letter will confirm our telephone conversation of this date to the effect that we will change our billing procedure commencing with our next billing to conform with PSC rules as we understand them. We will note on our billing that said bill will be delinquent after 20 days from the billing date and upon written notice service will be discontinued 5 working days from date of notice. In addition, if the Master Association does not pay the fire hydrant fees which are due today, we will send them a written notice informing them that if said bill is not paid, we will discontinue fire hydrant service after 5 working days from said date of notice. We also intend to notify all of the residents of Turkey Creek and the fire department and will furnish you with a copy of said notice.

This is also to confirm that we have requested you to furnish us with all correspondence, notes, etc. that the PSC has or receives in the future relative to Turkey Creek Utilities.

You indicated you would correspond with us sometime next week as to the dates you intend to meet with us in December. We look forward to meeting with you and you can be assured that we will cooperate with you and assist you in any way we can. In the meantime, please feel free to give us a call if you have any questions.

Yours very truly,

TURKEY CREEK UTILITIES
