RE: Docket No. 920260-TL

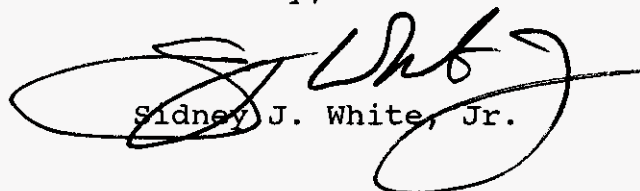

Dear Mr. Tribble:

On October 28, 1992, Southern Bell filed its Response and Objections to Staff's Sixth Request for Production of Documents and its Notice of Intent to Request Confidential Classification for certain information contained in documents responsive to Staff's request. Specifically, the Company objected to Request No. 105 on the basis that responsive documents contained customer-specific information. Upon subsequent review of the documents responsive to Request No. 105, Southern Bell has decided not to request confidential classification for any of the information contained in those documents.

Consequently, Southern Bell hereby withdraws its Notice of Intent to Request Confidential Classification for portions of documents produced in response to Request No. 105. All other responses and objections contained in the Company's October 28, 1992 filing are hereby reasserted and reaffirmed and are in no way altered as a result of this limited revision to Southern Bell's previous response.

A copy of this letter is enclosed. Please mark it to indicate that the original was filed and return the copy to me. Copies have been served on the parties shown on the attached Certificate of Service.

Sincerely,

Sidney J. White, Jr.
