2. On February 5, 1993, Southern Bell submitted some of the late-filed exhibits requested at Mr. Reid's January 7, 1993 deposition. The Company indicated at that time that it would be submitting other exhibits together with a Request for Confidential Classification relating to such exhibits as soon as they were compiled.

3. Southern Bell has now gathered the additional exhibits, those being Exhibits No. 2, 3, 4, and 6, which contain confidential information. Therefore, Southern Bell herewith files its Request for Confidential Classification for the information contained in the documents being delivered to Staff.

4. Southern Bell has appended to this Request for Confidential Classification as Attachment "A" a listing of the location in the documents of the information designated by Southern Bell as confidential, together with statements indicating why the material should be treated as proprietary confidential business information.

5. Appended hereto in an envelope designated as Attachment "B" are two copies of the document with the confidential information deleted.

6. Appended hereto in an envelope designated as Attachment "C" are copies of the documents with the proprietary information highlighted.

7. The information deemed to be confidential by Southern Bell and identified in Attachment "A" contains, among other things, information concerning competitive interests and/or

unregulated operations, information concerning other companies in Florida and internal company audits. With regard to competitive, unregulated, and other company information, any competitor would benefit from possession of this information. Possession of this information would assist Southern Bell's competitors in establishing strategies. If the information were allowed to be released in the public domain, Southern Bell's revenues could well be diminished, with a resulting shortfall which would work to the obvious detriment of Southern Bell's ratepayers, as well as harm the competitive position of Southern Bell. Therefore, under § 364.183, Florida Statutes, this information is exempt from the Open Records Act. Likewise, the information concerning internal audits is exempt from the Open Records Act under § 364.183, Florida Statutes.

8. In accordance with Rule 25-22.006, Florida Administrative Code, this information for which confidential treatment is sought is intended to be and is treated by the Company as private and has not been disclosed on a nonconfidential basis.

WHEREFORE, Southern Bell Telephone and Telegraph Company moves the Prehearing Officer to enter an Order declaring the information described above, and contained in the indicated portions of the attached exhibits, to be confidential, proprietary business information and thus not subject to public disclosure.

Respectfully submitted this 17th day of February, 1993.

EXPLANATION FOR PROPRIETARY INFORMATION

- A. This information relates to competitive interests and/or unregulated operations, the disclosure of which would impair the competitive business and/or unregulated operations of Southern Bell. In particular, this information discusses aspects of Southern Bell's CCS, CPE, and/or Inside Wire services. As such, this information is classified as confidential business information pursuant to Section 364.183, Florida Statutes, and is exempt from the Open Records Act.
- B. This information relates to competitive interests and/or unregulated operations, the disclosure of which would impair the competitive business, and/or unregulated operations of Southern Bell and/or other companies. In particular, this information discusses aspects of BAPCO's publishing and advertising business. As such, this information is classified as confidential business information pursuant to Section 364.183, Florida Statutes, and is exempt from the Open Records Act.
- C. This information reflects employee personnel information unrelated to compensation, duties, qualifications or responsibilities. As such, this information is classified as confidential business information pursuant to Section 364.183, Florida Statutes, and is exempt from the Open Records Act.
- D. This information reflects Percent Interstate Usage (PIU) of other companies in Florida. The other companies strive to keep this information confidential because it reflects usage in a competitive toll market. Thus, public disclosure of this information would impair Southern Bell's ability to deal with these other companies and is therefore proprietary under Section 364.183, Florida Statutes.
- G. This information relates to competitive interests and/or unregulated operations, the disclosure of which would impair the competitive business and/or unregulated operations of BellSouth.
