AMENDATORY ORDER

By Order No. PSC-93-0419-FOF-WS, issued March 18, 1993, the Commission approved rates and charges for W.P. Utilities, Inc., by proposed agency action. Pages 9 and 10 of that Order contain clerical errors. The second column of the quarterly rates comparisons on those pages should have the heading "Commission Calculated Non-compensatory Rates," not "Utility Requested." The utility's requested rates are the same as the Commission approved rates which appear in the fourth column. The rates in the second column are non-compensatory rates which the Commission calculated without adjusting the utility's proposed exclusion of depreciation expense and rate of return and without adjusting the billing analysis. The rates in the third column are the Commission's calculated fully compensatory rates. Accordingly, the columns on pages 9 and 10 of the Order are hereby clarified as follows.

In the absence of such a petition, Order No. PSC-92-0419-FOF-WS, as amended, shall become effective on the day subsequent to the above date as provided by Rule 25-22.029(6), Florida Administrative Code.

Any objection or protest filed in this docket before the issuance date of this order is considered abandoned unless it satisfies the foregoing conditions and is renewed within the specified protest period.

If Order No. PSC-92-0419-FOF-WS, as amended, becomes final and effective on the date described above, any party adversely affected may request judicial review by the Florida Supreme Court in the case of an electric, gas or telephone utility or by the First District Court of Appeal in the case of a water or wastewater utility by filing a notice of appeal with the Director, Division of Records and Reporting and filing a copy of the notice of appeal and the filing fee with the appropriate court. This filing must be completed within thirty (30) days of the effective date of this order, pursuant to Rule 9.110, Florida Rules of Appellate Procedure.
