**DOCKET NO. 920807-GP**

**DETERMINATION OF NEED FOR INTRASTATE NATURAL GAS PIPELINE BY SUNSHINE PIPELINE PARTNERS**

**ISSUED: MARCH 20, 1993**

The Florida Public Service Commission will hold a public hearing in the above docket at the time and place listed below. All persons interested in the hearing should appear at the beginning of the hearing on May 10, 1993.

Time reserved for continuation of the hearing, if necessary.

It will be to take evidence to determine the need, pursuant to Section 403.9422, Florida Statutes, for the construction and operation of a natural gas pipeline in Florida. The pipeline would originate at a point in Okaloosa County and extend east and south through the following counties: Okaloosa, Holmes, Jackson, Jefferson, Lake, Leon, Levy, Madison, Marion, Okaloosa, Okeechobee, Pasco, Pinellas, Polk,

and Volusia. The proposed interstate natural gas pipeline system known as SunShine Interstate Transmission Company (SITCO) mainline will extend south to a termination point in Polk County. It is also proposed that lateral lines and branch lines off the lateral lines, which will extend from the SunShine mainline system in the following manner: a four inch (4") lateral originating in Marion County and extending into Pasco County; a six inch (6") lateral originating in Marion County and extending into Pasco County; a six inch (6") lateral originating in Marion County and extending into Pasco County; and a twenty-four (24") lateral from Sumter County extending through Lake County into Polk County. In addition, SunShine will construct and place in-service in 1998, additional facilities consisting of two new compressor stations having approximately ten thousand horsepower (10,000 H.P.) each. As part of the expansion, one sixteen inch (16") lateral in Polk County through Hardee and Highlands Counties into Okeechobee County. These additional facilities will increase the capacity of the SunShine Pipeline to approximately six hundred fifteen (615),

thousand cubic feet per day and the overall miles of the pipeline to approximately six hundred fifteen (615). This expansion will add three new compressor stations, two having approximately five thousand horsepower (5,000 H.P.) and the other having approximately five thousand horsepower (5,000 H.P.). This expansion will bring the total capacity of the SunShine Pipeline to approximately 550,000 Mcf per day. The expansion will be governed by the provisions of Chapter 120, Florida Statutes, Section 403.9422, Florida Statutes, and Chapter 210, Florida Statutes. The Commission is the sole forum for the determination of need for the proposed intrastate natural gas pipeline. In making its determination, the Commission must take into account the need for natural gas delivery reliability, safety, and integrity, the need for reasonable cost, and other matters within its jurisdiction that it deems relevant. The need for the proposed intrastate natural gas pipeline and its associated facilities will be heard at the May 10, 1993, hearing. Separate proceedings will be held under the Natural Gas Transmission Pipeline Stip Act, Sections 403.9041-403.9425, Florida Statutes. Parties to the need determination proceeding will have an opportunity to present testimony regarding the need for the proposed pipeline. The need for the pipeline may be sent to the Commission at the following address:

Parties to the need determination proceeding should file an appropriate petition pursuant to Rule 25-22.039, Florida Administrative Code, and Rule 25-22.008, Florida Administrative Code. Copies of the petition should be sent by mail to all parties. Those parties appearing on their own behalf, must be represented by an attorney or other person who can be determined to be a qualified person pursuant to Rule 25-22.006(7)(a), Florida Administrative Code. Petitions for leave to intervene must be filed at least five (5) days before the hearing and must include allegations sufficient to demonstrate that the party is affected through the hearing. If you are hearing or speech impaired, please contact the Florida Public Service Commission using the Florida Relay Service at 1-800-352-7711 (TDD).

Held at the following time and place:

The Commission will be to consider: (1) the simplification of the issues; (2) the identification of the positions of the parties on the issues; (3) the identification of documents which will avoid unnecessary proof; (4) the identification of exhibits; (5) the establishment of an order of priority in the disposition of the action.

The Commission's determination of need is vested in the Commission by Chapter 366 and Section 403.9422, Florida Statutes. This proceeding will be governed by the provisions of Chapter 120, Florida Statutes, as well as Chapters 25-6 and 25-22, Florida Administrative Code.
