DATE: May 4, 1993

RE: DOCKET NO. 9-~~10000~~- Application for certificates to provide water and wastewater service in Alachua County under grandfather rights by TURKEY CREEK, INC. & FAMILY DINER, INC. d/b/a TURKEY CREEK UTILITIES.

Issue 1: Recommendation that Turkey Creek should be directed to discontinue collecting its charge for public fire protection, effective with the 1993 billing. The Turkey Creek Master Owners Association should be held responsible for one-half of the 1992 fire hydrant bill. The utility should be directed not to discontinue service to the fire hydrants in the event the association does not pay the 1992 bill.

DENIED - The fire protection charge was ruled invalid upon the effective date of the Commission's jurisdiction over this system. The utility was directed not to discontinue service to the fire hydrants for nonpayment of the 1992 bill.

Docket No. 921098-WS
May 4, 1993

Issue 2: Recommendation that the appropriate miscellaneous service charges are those contained in staff's memorandum dated 4/22/93. Turkey Creek should be required to file tariff sheets consistent with this decision. The effective date of the charges should be the effective date of the order.

APPROVED

Issue 3: Recommendation that Turkey Creek should be required to refund the accrued interest associated with the customers' deposits from June 30, 1992, the date of jurisdiction. The refund should be completed within 60 days of the effective date of the order. Refund reports consistent with Rule 25-30.311(7), F.A.C., should be filed. In addition, the utility should be required to notify the customers of the action taken herein, and such notice should be submitted to the Commission staff for approval prior to its mailing to the customers.

APPROVED

Issue 4: Recommendation that the appropriate late fee for Turkey Creek is \$3.00. The utility should be required to file tariff sheets consistent with this decision. The effective date of the charge should be the effective date of the order.

APPROVED

Issue 5: Recommendation that the service availability charges detailed in staff's memorandum be approved. The utility should be required to file tariff sheets consistent with this decision. The effective date of the charges should be the effective date of the order.

APPROVED

Issue 6: Recommendation that, if a customer desires to continue receiving irrigation service, the utility should be required to install the size meter requested by the customer at the unmetered irrigation locations and begin charging the tariffed rates. The customer should be required to pay the appropriate meter installation fee. The meters should be installed within 60 days of the effective date of the order.

APPROVED

Issue 7: Recommendation that the utility should either replace 1-inch meters with 5/8 x 3/4-inch meters at no cost to the customer or begin charging the rates for the 5/8 x 3/4-inch meter. The utility should be required to provide an affidavit within 30 days of the effective date of the order of the action it has taken.

APPROVED

Issue 8: Recommendation that the utility be required to modify its application for service as outlined in staff's memorandum and file a new standard form within 30 days of the effective date of the order.

APPROVED

Issue 9: Recommendation that this docket remain open.
