safety hazards to those people who live in close proximity to the pipeline.

4. The proposed pipeline through Hernando County may result in damage to the natural environment of the county, may interfere with County's roads and other public facilities and affect current zoning of land throughout the County.

5. Hernando County wishes to insure that analysis of the impact of the proposed pipeline on its urbanized areas accurately represents the conditions in Hernando County.

6. For the foregoing reasons, Hernando County and its residents are substantially affected by the issues which will be considered in this docket.

7. To the extent that the owners of said pipeline may exert powers of eminent domain over property in Hernando County and its residents, Hernando county is a substantially affected party.

WHEREFORE, Hernando County respectfully requests that it be permitted to intervene with full rights of participation as a party to this proceeding.

Respectfully submitted,
