25-30.033 Application for Original Certificate of Authorization and Initial Rates and Charges.

(1) Each application for an original certificate of authorization and initial rates and charges shall provide the following information:

(c) the name(s) and address(es) of all corporate officers, directors, partners, or any other person(s) owning an interest in the applicant's business organization;

(r) a detailed statement (balance sheet), certified if available, of the financial condition of the applicant, that shows all assets and liabilities of every kind and character.

The statement shall be prepared in accordance with Rule 25-30.115, Florida Administrative Code;

(s) a statement of profit and loss (operating statement), certified if available, of the applicant for the preceding calendar or fiscal year. If an applicant has not operated for a full year, then for the lesser period;

OPC Comment: The Citizens believe that additional information should be required from the utility when it files for an original certificate. Specifically, information necessary to evaluate the finances of the utility before granting reasonable initial rates and charges.

Accordingly, the Citizens offer the following alternative rule for consideration.

OPC Proposed Rule:

~~(s) a statement of profit and loss (operating statement), certified if available, of the applicant for the preceding calendar or fiscal year. If an applicant has not operated for a full year, then for the lesser period;~~

25-30.033 (u) a cost study including customer growth projections supporting the proposed rates, charges and service availability charges. A sample cost study, and assistance in preparing initial rates and charges, are available from the Division of Water and Wastewater;
