EAS-BETWEEN THE CROSS CITY, KEATON BEACH AND PERRY EXCHANGES
WITH SEPARATE STUDIES FOR THE TAYLOR COUNTY POCKET AREA OF THE CROSS CITY EXCHANGES

ANALYSIS STATEMENT

LINE 4 The traffic studies indicate limited calling on the Perry to Cross City and Keaton Beach to Cross City routes. The Keaton Beach to Cross City and the Perry to Cross City routes appear to be about equal at [REDACTED] M/A/M's and [REDACTED] M/A/M's respectively.

The community of interest appears to be from the Cross City customers located in Taylor County, and is based on the fact that the County Offices, School Board, and other governmental offices are located in Perry.

In addition, there is a community of interest from the Keaton Beach customers due to the fact that the Keaton Beach Exchange abutts the Community of Steinhatchee, which is served out of the Cross City Exchange.

This has resulted in neighbors paying Toll charges to call each other over the exchange boundries.

There are no known proposed changes in surface transportation between these exchanges.
