Filed: July 8, 1993

PREHEARING STATEMENT BY TIME WARNER AXS OF FLORIDA, L.P.

COMES NOW, Time Warner AxS of Florida, L.P., ("Time Warner"), pursuant to Rule 25-22.038, Florida Administrative Code, and the Order Establishing Procedure (Order No. PSC-93-0811-PCO-TP), and respectfully submits its Prehearing Statement in the above-captioned docket to the Florida Public Service Commission ("Commission").

I. SUMMARY STATEMENT OF BASIC POSITION

Expanded interconnection is in the public interest, and should be available to all telecommunications services providers who do not provide monopoly services. Expanded interconnection offers the consumers of the state the advantage of union between end-users and the most advanced telecommunications technology. This union will facilitate the growth of competitive telecommunications networks which will provide consumers throughout the State with the assurances of uninterrupted telecommunications service.

Under the current structure of Chapter 364 of the Florida Statutes, the Commission does have the authority to enact a statewide expanded interconnection policy. The policy adopted by the Commission should require all local exchange companies within the State to allow competitive telecommunications services providers an equal opportunity to interconnect with their networks.
