ORDER GRANTING CONFIDENTIAL TREATMENT TO  
SPECIFIC MATERIAL CONTAINED IN DOCUMENT NO 6413-93

On March 23, 1993, by Order No. PSC-93-0416-PCO-TL, we required United Telephone Company of Florida (United or the Company) to file traffic studies on the routes under consideration in this Docket. On June 14, 1993, United filed the required traffic studies along with a Request for Confidential Treatment of certain specified information contained therein. The studies in question have been assigned Document No. 6413-93 by the Commission. The routes under consideration are interLATA. United asserts that specific material contained in the traffic studies represents the confidential business information of AT&T Communications of the Southern States, Inc. (AT&T).

United argues that the material at issue contains market information including volumes of traffic on specific interLATA routes broken out by several categories including volumes of messages, minutes, revenues, time-of-day, and residence and business. United concludes that disclosure of the information would cause AT&T competitive harm by allowing its competitors to pinpoint routes and segments of routes which are most susceptible to competition.

Upon review, I find that the material at issue is proprietary business information pursuant to Section 364.183, Florida Statutes, and Rule 25-22.006, Florida Administrative Code. As such, it shall be kept confidential and exempt from Section 119.07(1), Florida Statutes.

Therefore, it is

ORDERED by Commissioner Julia L. Johnson, as Prehearing Officer, that United Telephone Company of Florida's June 14, 1993, Request for Confidential Treatment of the specifically identified material contained in Document No. 6413-93, is granted. It is further
