ORDER APPROVING TARIFF FILING

BY THE COMMISSION:

GTE Florida Incorporated (GTEFL or the Company) filed proposed revisions to its general and access service tariffs on August 4, 1993. The purpose of this filing was to apply revenues generated through the Company's newly-implemented pay telephone set use fee as an offset to reduce its carrier Busy Hour Minute of Capacity (BHMOC) charge and related cellular interconnection access charges.

GTEFL proposes to apply the revenues associated with the set use fee to reduce its BHMOC charge. BHMOC is an access charge unique to Florida paid by interexchange carriers to GTEFL (as well as other LECs that have not eliminated the charge). The Company estimates it will generate \$421,757 per year in revenues from set use fees. Applying this amount to the BHMOC charge, the Company's rate would drop from \$1.64 to \$1.58.

The instant tariff filing will reduce the time until BHMOC charges can be completely eliminated. Upon review, we shall approve the tariff.

Therefore, it is

ORDERED by the Florida Public Service Commission that the proposed tariff by GTE Florida Incorporated to apply set use fee revenues to busy hour minute of capacity charges is hereby approved. It is further
