Gentlemen:

Re: Toll-Free Long Distance Phone Service  
for Marion County Residents

On February 10, 1993, I forwarded to you a letter and a copy of Marion County Resolution 93-R-20 requesting the P.S.C., United Telephone, and Southern Bell take the necessary steps to initiate a toll-free dialing service for Marion County residents in the extremities of the county. During a recent County Commission meeting, the Commissioners were once again approached by residents in the outer extremities of the county, this time from the Spruce Creek (southwest) area near the Lake County Line, requesting extended area service and a petition was presented signed by the area residents.

The Board directed that we forward the petition to you with the request that you consider the southwest area along with your review of the request submitted last February.

Your consideration of the above is appreciated and if I can be of further assistance, please let me know.

Sincerely,

Joseph L. Cone,  
County Administrator
