HAND DELIVERY

Re: Docket No. 920199-WS

Dear Mr. Tribble:

Enclosed for filing in the above-referenced docket are the original and fifteen copies of Southern States Utilities, Inc.'s Second Quarterly Report on the Status of Meter Testing and Replacement Program filed pursuant to Order No. PSC-93-0423-FOF-WS, at page 92, issued in the above-referenced docket.

Please acknowledge receipt of these documents by stamping the extra copy of this letter "filed" and returning the same to me.

Thank you for your assistance with this filing.

Sincerely,

  
Kenneth A. Hoffman

**SUBJECT: Meter Replacement Program**

---

Citrus County Pipeline was selected from a list of several underground contractors to begin changing out residential meters. The price per meter change out will be \$11.00 per residence.

Bill Williams, Regional Manager of the West Region, has designated areas in the Spring Hill area to begin the meter replacement program, and as of today's date the actual change out program is underway. Our goal is to change out 100 meters per day.

Jim Ragsdale, the Central Region Manager, has elected to begin the meter replacement program for his region by using in house labor. This area is well under way with its replacement program. Approximately 750 meters will be changed out in this region in 1993.

Citrus Pipeline has submitted a proposal to retrofit our large meter installations with bypasses and test plugs so we can begin annual testing of our commercial account meters. We plan to complete this construction by December 1994.
