IN RE: Petition for Interim and)	Docket No.:	940109-WU
Permanent Rate Increase in)	Submitted for filing:	
Franklin County by ST. GEORGE)	January 31, 1994	
ISLAND UTILITY COMPANY, LTD.)		
_____)			

PETITION FOR
INTERIM AND PERMANENT RATE INCREASE

ST. GEORGE ISLAND UTILITY COMPANY, LTD., 3848 Killearn Court, Tallahassee, FL 32308 ("Petitioner"), files this its Petition for authority to increase its water rates for service in Franklin County, Florida, and states:

1. Petitioner operates as a water utility under the Commission's jurisdiction on St. George Island in Franklin County, Florida.

2. ST. GEORGE ISLAND UTILITY COMPANY, LTD. is the exact name of the Petitioner, and the address of its principal place of business is 3848 Killearn Court, Tallahassee, FL 32308. Petitioner is a Florida limited partnership.

3. The person authorized to receive notices and communication in respect to this Petition is:

Gene D. Brown
3848 Killearn Court
Tallahassee, FL 32308
(904)668-6103

Attorney for Petitioner

4. This Petition is filed pursuant to Chapter 367, including but not limited to sub-sections 367.081(2), 367.081(3), 367.0816 and 367.082, Florida Statutes, and Rule 25-22.036, Florida Administrative Code. The utility does not request use of

DOCUMENT NUMBER-DATE

00984 JAN 31 1994

FPSC-REG/DISC/REPORTING

001

the proposed agency action procedure provided in Subsection 367.081(8), Florida Statutes.

5. The names and addresses of all owners of the business are attached as Exhibit "A."

6. The address within the service area where the application will be available for customer's inspection during the time that the application is pending:

St. George Island Utility Company, Ltd.
Gulf Beach Drive
St. George Island, FL 32328

7. An affidavit signed by an officer of the utility stating that the utility will comply with Rule 25-22.0407, F.A.C. is attached as Exhibit "B."

8. On March 31, 1978, Certificate No. 302-W was granted to Petitioner by Public Service Commission Order No. 8238, Docket No. 770665-W. With the exception of a price index adjustment approved by the Commission on August 14, 1990, Petitioner's rates are as set in Docket No. 871177-WU, which is the last case to fully consider Petitioner's rate structure. The Commission recently considered a petition to increase Petitioner's rates in Docket No. 930770-WU, but that petition was dismissed by Order No. PSC-93-1735-FOF-WU, issued December 2, 1993.

9. Filed herewith are the following: Exhibit "C," the proposed permanent rates; Exhibit "D," the proposed interim rates; Exhibit "E," the proposed interim tariff sheets; and a check for the filing fee in the amount of \$2,000. Also in support of and accompanying this Petition are the following

documents containing the minimum filing requirements for a Class "B" water utility:

Volume I - Docket No. _____ -WU, Application of St. George Island Utility Company, Ltd., for Increased Rates in Franklin County containing Financial, Rate and Engineering Minimum Filing Requirements for the period ending December 31, 1992.(16 copies); together with 16 copies of the direct testimony of Frank Seidman, Wayne Coloney, Jeanie Drawdy and Gene Brown.

Volume II - Docket No. _____ -WU, Application of St. George Island Utility Company, Ltd., for Increased Rates in Franklin County containing Schedule E-14, Billing Analysis Schedules. (2 copies)

Volume III - Docket No. _____ -WU, Application of St. George Island Utility Company, Ltd., for Increased Rates in Franklin County containing Additional Engineering Information. (2 copies; together with one copy of Petitioner's detailed system map.

10. The necessity for a rate increase arises from the fact that as adjusted for the test year ending December 31, 1992, Petitioner will have a net loss in its water operations of (\$299,598). Petitioner proposes in this proceeding to increase its water operating revenues by \$428,201, which is sufficient to produce an 8.07% rate of return on its rate base.

11. Filed with this Petition as Exhibit "F" is an Initial Customer Notice for approval by the Commission to be mailed to the utility's customers pursuant to 25-22.0407 F.A.C.

12. Filed with this Petition as Exhibit "G" is a copy of Petitioner's Rate Case Synopsis prepared pursuant to 25-22.0407 (4) F.A.C.

13. Copies of the Initial Customer Notice and Rate Case Synopsis are being filed with this petition pursuant to the requirements of Commission Order No. PSC-93-1735-FOF-WU, issued December 2, 1993 in Docket No. 930770-WU.

14. A copy of this petition has been mailed to the Chairman of the Board of County Commissioners of Franklin County, which is the governmental entity having jurisdiction over Petitioner's service area.

15. Filed with this Petition as Exhibit "E" are the following proposed interim tariff sheets for water: Fifth Revised Sheet 17; Fifth Revised Sheet 18; and Fourth Revised Sheet 24.

Permanent Rates

16. The following data is provided in support of the Petition for permanent rate increase:

- a. Adjusted Rate Base: \$1,029,277
- b. Adjusted Net Income Before Rate Increase: (\$299,598)
- c. Fair Rate of Return: 8.07%
- d. Required Total Revenue: \$742,718
- e. Required Increase in Revenue: \$428,201
(Includes the \$120,935 requested for interim increase below.)

17. The petition for a permanent increase in rates is based on the recovery of the utility's expenses necessary to provide safe, adequate and sufficient service, to meet operating and maintenance requirements mandated by this Commission and by the Department of Environmental Protection (and its predecessor, the Department of Environmental Regulation) in their respective compliance and consent orders, and to earn a fair return on the net plant in service and other assets used to serve the utility's customers, including the additions to plant mandated by the Commission and by the Department of Environmental Protection.

Interim Rates

18. Petitioner seeks the approval of interim rates as provided by law, including but not limited to Section 367.082, Florida Statutes. The following data is provided in support of the Petition for interim rate increase:

- a. Adjusted Rate Base: \$364,970
- b. Adjusted Net Income Before Rate Increase: (\$86,407)
- c. Fair Rate of Return: 7.97%
- d. Required Total Interim Revenue: \$435,453
- e. Required Interim Increase in Revenue: \$120,935

19. The calculation of interim rate requirements is based on the historical test year ended December 31, 1992, without any proforma plant adjustments, but with an annualization of test year revenues and expenses and with a used and useful adjustment using the methodology included in Order No. 21122. The utility disagrees with the methodology and has used it only for determination of interim rates. The cost of capital for interim purposes is the actual cost of debt for the test year, based on a capital structure consistent with Order No. 21122. These adjustments are consistent with the provisions of 367.082, Florida Statutes.

WHEREFORE, Petitioner requests as follows:

1. That the Commission take jurisdiction over this Petition.
2. That the Commission allow Petitioner to place into effect, on an interim basis, the water rates shown on Exhibit "D"

which would produce additional operating revenues for water in the amount of \$120,935.

3. That the Commission allow Petitioner to place into effect, on a permanent basis, the water rates shown on Exhibit "C" which would produce operating revenues over its interim revenues in the additional amount of \$307,266.

4. That the Commission find that a fair and reasonable rate of return on Petitioner's rate base of \$1,029,277 is 8.07%, based on the test year ending December 31, 1992.

5. That the Commission grant to Petitioner a rate of return on equity of 9.07%, which is the maximum of the return of the current equity leverage formula, established by order of the Commission pursuant to Section 367.081(4), F.S.

6. That the Commission grant such other relief as may be appropriate.

Respectfully submitted this 31st day of January, 1994.

APPLICATION FOR WATER SERVICE

ST. GEORGE ISLAND UTILITY CO., LTD.
RESIDENTIAL WATER USERS AGREEMENT

This agreement, between St. George Island Utility Co., Ltd., hereinafter called the Utility, and _____, hereinafter called the Customer.

WITNESS:

WHEREAS, the Customer desires to purchase domestic water service from the Utility and to enter into a water users agreement as required by the Utility.

NOW, THEREFORE, in consideration of the mutual covenants, promises, and agreements herein contained, it is hereby understood and agreed:

The Utility shall furnish, subject to the limitations hereinafter provided for, such quantity of water for domestic use or purposes as the Customer may desire in connection with his occupancy of the following described property:

Subdivision	Block Number	Lot Number
-------------	--------------	------------

The Customer shall install and maintain at his own expense the service line which shall begin at the property line and extend to the dwelling. The Customer must provide evidence that a structure is or will be present at the service location. Evidence may include a building permit, or the installation of any device capable of delivering water, such as a faucet on the property. The device must be inspected and approved by the Utility. A meter will not be placed on the property until the evidence is produced.

The Customer shall pay for such water service at the following rates per month, effective as of the date of this agreement:

METER SIZE	BASE FACILITY CHARGE
5/8" x 3/4"	\$ 19.57
1"	48.91

Effective Date: For service rendered on or after:
Type of Filing: Interim Increase

ST. GEORGE ISLAND UTILITY

4" Compound	489.27
4" Turbine	586.97
6" Compound	978.55
6" Turbine	1,222.86
8" Compound	1,565.68
8" Turbine	1,761.38
10" Compound	2,250.66
10" Turbine	2,837.79
12" Compound	4,207.75

Charge per 1,000 gallons \$2.33

MINIMUM CHARGE - The minimum charge per month is the base facilities charge for the respective meter size. This charge covers the availability of water service, and accordingly continues to accrue whether the Customer has any device capable of delivering water, whether water service is connected or disconnected. All base facility charges must be paid prior to service being reconnected at the same location.

The Utility will purchase and install a cut-off valve and water meter in each service. The Utility shall have exclusive right to use of such cut-off valve and water meter and to turn it on and off, according to the rules and regulations of the Utility. The Utility shall have the right to install the service line of the meter on the property of the Customer.

The Utility shall have final jurisdiction in any question of location of any service line connection to its distribution system; may shut off the water to a Customer who allows a connection or extension to be made on his service line or the meter on the property of the Customer. The Customer will pay the cost of extending the line from the meter to the edge of the Customer's property if the Utility's water line is not already adjacent to the property line as well as all line extension expenses from the edge of the property to the Customer's residence.

 COMPANY, LTD.)

ST. GEORGE ISLAND UTILITY COMPANY, LTD.
 RATE CASE SYNOPSIS

ST. GEORGE ISLAND UTILITY COMPANY, LTD. has filed with the Florida Public Service Commission an application to increase its water rates to its customers in Franklin County. The following are the present and proposed rates:

	<u>Present</u>	<u>Proposed</u>
<u>Residential and General Service</u>		
	<u>Base Facility Charge</u> <u>Per Month</u>	<u>Base Facility Charge</u> <u>Per Month</u>
<u>Meter Size</u>		
5/8 x 3/4"	\$14.05	\$37.45
1"	35.11	93.63
1-1/2"	70.24	187.26
2"	12.37	299.62
3" Compound	224.74	599.24
3" Turbine	245.81	655.42
4" Compound	351.16	936.31
4" Turbine	421.39	1,123.57
6" Compound	702.31	1,872.61
6" Turbine	877.89	2,340.77
8" Compound	1,123.70	2,996.18
8" Turbine	1,264.17	3,370.71
10" Compound	1,615.33	4,307.01
10" Turbine	2,036.72	5,430.58
12" Compound	3,019.96	8,052.24

Gallage Charge \$1.67 per 1,000 gals. \$3.16 per 1,000 gals.

In this proceeding, the Commission is being asked to decide the rate base for applicant, establish a fair and reasonable rate of return, and establish the revenues to be produced along with rates that will produce those revenues.

The basic reason for the rate request is to provide Petitioner an opportunity to show that the requested increase is necessary to enable Petitioner to recover its operating expenses

and to obtain a fair and reasonable rate of return on its rate base. The major issues will be: (1) the determination of Petitioner's operating expenses; and (2) the determination of Petitioner's rate base, which will require a decision as to the portion of Petitioner's water system that is "used and useful" in serving its customers on St. George Island.

The Florida Public Service Commission has issued an Order Establishing Procedure setting the time for filing of testimony by Intervenor, if any, by _____; and by Commission Staff by _____. A pre-prehearing conference has been set for _____, at a time and place to be determined; and a prehearing conference has been set for _____, at a time and place to be determined. A hearing on the application is scheduled by the Commission for _____, 1994, at a time and location to be determined. A final order is scheduled to be issued by the Commission on or before _____, 1994.

The issues in the proceeding will be developed at the Prehearing Conference and a Prehearing Order will be issued by the Prehearing Officer. At the hearing, the applicant will present its case to the Commission, and the Commission will ultimately decide the disposition of applicant's request to increase its rates after hearing testimony and receiving evidence presented by all interested parties pursuant to the rules of the Commission. A copy of the Minimum Filing Requirements filed with the application is available for inspection at the following addresses:
