Re: Docket No. 940001-BI

Dear Ms. Bayo:

It has been brought to the attention of Florida Power & Light Company (FPL) by FPSC Attorney Shiela Erstling, that FPL inadvertently submitted an incorrect page in its April 14, 1994 filing of its Request for Confidential Classification for its January, 1994 Form 423-1(a) Fuel Report. In order to correct the error, please find enclosed for filing an original and fifteen (15) copies of revised Page 1 of Attachment C to the Request for Confidential Classification. Please substitute this revised Page 1 for the Page 1 filed with the April 14, 1994 submission.

ACK ✓ FPL apologizes for any inconvenience this may have caused the  
AFA 5 Commission and the parties of record. FPL is sending this revised  
page to all parties of record.

-----Rationale for confidentiality:

- (1) This information is contractual information which, if made public, "would impair the efforts of {FPL} to contract for goods or services on favorable terms." Section 366.093 (3) (d), F.S. The information delineates the price FPL has paid for No. 6 fuel oil per barrel for specific shipments from specific suppliers. This information would allow suppliers to compare an individual supplier's price with the market quote for that date of delivery and thereby determine the contract pricing formula between FPL and that supplier.

Contract pricing formulas generally contain two components, which are: (1) a markup in the market quoted price for that day and (2) a transportation charge for delivery at an FPL chosen port of delivery. Discounts and quality adjustment components of fuel price contract formulas are discussed in paragraphs 3 and 4.
