Dear Ms. Erstling:

This will follow up our conversation yesterday regarding Tampa Electric's pending request for confidential treatment of certain information contained in audit workpapers for the period ended March 31, 1992. Our letter requesting confidential treatment was dated June 24, 1992 and the request was assigned PSC Document No. 6774-92.

You and Donna Canzano have pointed out that Tampa Electric's Form 423s for the month of March 1992 are due to be declassified May 18, 1994 and that those forms contain the same type of information for the latest month covered in my June 24, 1992 request for confidential treatment of the audit workpapers. That being the case, Tampa Electric hereby withdraws, effective May 18, 1994, its request for confidential treatment on the audit workpaper information which is the subject of Commission Document No. 6774-92. The information for which confidentiality was sought need not be protected after May 18, 1994. However, if the Commission no longer needs the information in question, we would appreciate your returning it to us.

Sincerely,

James D. Beasley

MESSAGE:

Regarding TECO documents 6774-92 and 5934-92 - you mentioned that TECO was planning to withdraw its Request for Confidential Class. Have they done so yet? I need to know if it refers to both document nos, if not K Smith needs a memo from me that explains the one set of documents is the same as the other and should also be declassified.

Funny, we are on the same track. Today, I gave Barbara a Memo for K Smith, together with the letter from TECO withdrawing its REquest for Conf. as of this date. The letter does not explain that 5934-92 documents are the same. TECO requested that, if we have no further use, the documents be returned.

Above was copied to you. It is ok with me for you to take steps necessary to release the documents.
