SUBJECT: Docket No. 920260-TL; Southern Bell Telephone Company Continuing Property Records Compliance Audit; Audit Control No. 93-245-5-1; Document No. 13369-93

By memo dated January 6, 1994, I recommended that Document Nos. 13335-93 through 13338-93 be declassified. These documents related to the audit report and workpapers for the continuing property records audit for Southern Bell and the utility did not request that these be classified as confidential information. Document No. 13369-93 is a related document (in fact, it is a duplicate of 13335-93). Therefore, Document No. 13369-93 should be declassified.
