RE: DOCKET NO. 931044 - PETITION OF GULF POWER COMPANY FOR AUTHORITY TO IMPLEMENT A REPLACEMENT RATE SCHEDULE FOR ITS STANDBY ELECTRIC SERVICE.

DOCUMENT NO. 07513-94

In accordance with the Gulf Power Company's request for return of documents filed on August 11, 1994, this is staff's notification that Deposition Exhibit No. 9 attached to Volume 2 of the deposition of Mr. James I. Thompson may be returned to Gulf Power Company. Staff did not enter the exhibit as evidence at the hearing since an agreement was reached with the utility to modify that part of the tariff to which the exhibit had reference. Therefore, since staff has no further use for the exhibit, it is appropriate to release the Exhibit No. 9 back to the utility without them having to file a request for confidential classification.

There is nothing, however, within the body of the deposition itself which provides specific details of that exhibit. Therefore, the deposition without Exhibit No. 9 can become public information after the 21 day period to file a request for confidential classification has expired.
