FPSC-RECORDS/REPORTING

Issues and positions

Issue 1. Which of the following proposals to dispose of \$25 million for Southern Bell should be approved?

- a) SBT's proposal to implement the extended calling service (ECS) plan pursuant to the tariff filed on May 15, 1995.
- b) CWA's proposal.
- c) McCaw's and FMCA's proposal.
- d) Any other plan deemed appropriate by the Commission.

Citizens' position: The Commission should use the upcoming rate reduction for expanded local calling. Southern Bell's proposal generally presents the best use of the rate reduction.

Issue 2. If the Southern Bell proposal is approved, should the Commission allow competition on the extended calling service routes? If so, what additional actions, if any, should the Commission take?

Citizens' position: Competition should be allowed on the extended calling service routes.

Issue 3. When should tariffs be filed and what should be the effective date?

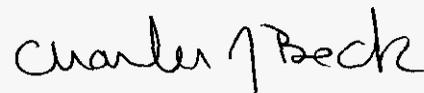

Citizens' position: Tariffs should be effective October 1, 1995.

Issue 4. Should the docket be closed?

Citizens' position: No. The Commission should leave this docket open to consider sharing amounts due customers and additional rate reductions next year.

Respectfully submitted,
