RE: Docket No. 921098 - Cancelling Certificates of Turkey Creek Utilities in Alachua County **FPSC RECORDS/REPORTING**

This memorandum is to follow up our conversation of September 8, 1995. By Order No. PSC-93-0229-FOF-WS, issued February 10, 1993, Turkey Creek Utilities was granted Certificate Nos. 550-W and 480-S to provide water and wastewater service in Alachua County. Since the order was protested by the utility, the provisions of the order were never effective and the territory granted under that order became invalid. Accordingly, the certificates were never issued to the utility. Prior to the Commission hearing (which included the territory as an issue), the utility withdrew its protests to the order and Order No. PSC-93-1769-FOF-WS was issued. This order made Order No. PSC-93-0229-FOF-WS final and effective. It was after this order was issued that I informed you to activate the certificate numbers.

On January 5, 1994, the utility filed an appeal with the First District Court of Appeals. Since territory remained an issue, we did not issue certificates to the utility. In addition, the utility had been purchased by the City of Alachua on September 23, 1993. As you are aware, this transfer was recently acknowledged by Order No. PSC-95-1101-FOF-WS. Since we had never issued any certificates, we did not require that the certificates be cancelled. The numbers, however, need to be deactivated. Therefore, please deactivate Certificate Nos. 550-W and 480-S. The date of the order should be the date the deactivation is effective.
