Re: Docket No. 950007-EI; Environmental Cost Recovery Clause (ECRC)

Dear Mr. Stone:

Per our conversation earlier today, below is the proposed issue and staff position regarding meal expenses.

ISSUE: Should Gulf Power Company be allowed to recover the cost of meals through the environmental cost recovery clause?

POSITION: Only the meal costs incurred for an employee's own consumption while traveling on environmental cost recovery clause business should be charged to ECRC accounts and recovered through the ECRC. Any meal costs incurred for employees of other companies and any meal costs incurred in connection with meetings held at local restaurants as a matter of convenience should not be recovered through the ECRC. Gulf Power Company should make the necessary adjustments to remove the costs of meals previously charged to ECRC accounts that do not comply with the above stated policy.

As we discussed, staff's position incorporates our previous understanding as to the actions Gulf will take to address Staff's concerns regarding the meal expenses. Staff will withdraw the testimony of Michael E. Buckley if the Company agrees to stipulate the audit report into the record.

Sincerely,

A handwritten signature in cursive script that reads "Vicki D. Johnson".
