The Florida Public Service Commission received Manatee County's resolution on October 17, 1995. The effect of the resolution is to invoke Public Service Commission jurisdiction over privately owned water and wastewater systems in Manatee County. Pursuant to Section 367.031, Florida Statutes, all utilities subject to the Commission's jurisdiction must obtain either a certificate to provide water and wastewater service or an order recognizing the exempt status of the system.

On December 7, 1995, Mr. Crawford Mizell filed an application on behalf of Lighthouse Full Gospel Church (Lighthouse) for an exemption as a water service provider from the Florida Public Service Commission under Section 367.021 (12), Florida Statutes, and Rule 25-30.060(3)(j), Florida Administrative Code as a non-jurisdictional entity. The location of the water system is on Route 301, Parrish, Florida, 34219. The system provides water service for the church facility only. The mailing address is P.O. Box 405, Parrish, Florida, 34219. Mr. Crawford Mizell will continue to be the contact person for Commission purposes. Lighthouse is a church operating as a corporation. Water service is provided by a well. Wastewater service is provided by septic tank.

In its application, Lighthouse states it provides water service and there is no charge for providing utility service. Additionally, all costs of providing service are treated or recovered as operational expenses. The applicant acknowledged Section 837.06, Florida Statutes, regarding false statements.

Based upon the facts presented herein, staff believes Lighthouse is exempt from Commission regulation as a water service provider as defined by Section 367.021(12), Florida Statutes, and Rule 25-30.060(3)(j), Florida Administrative Code. Section 2.08(C)(14) of the Administrative Procedures Manual (APM) gives staff the administrative authority to approve requests for exempt status when the application is clear-cut and without controversy.
