## P R O C E E D I N G S

(Hearing convened at 10:00 a.m.)

1  
2  
3 COMMISSIONER DEASON: Ladies and gentlemen,  
4 if I could have your attention, please, we'll go ahead  
5 and call the hearing to order. We'll begin by having  
6 the notice read.

7 MR. JAEGER: Pursuant to notice, this time  
8 and place has been designated for a customer service  
9 hearing in Docket No. 950495-WS, Application for Rate  
10 Increase and Increase in Service Availability Charges  
11 by Southern States Utilities, Incorporated.

12 COMMISSIONER DEASON: Thank you. Take  
13 appearances. Mr. Shreve, we'll start with you,  
14 please.

15 MR. SHREVE: Jack Shreve and Charlie Beck,  
16 Office of Public Counsel, representing the Citizens of  
17 the state of Florida and the customers of Southern  
18 States in opposition to Southern States rate increase.

19 MR. JAEGER: Ralph Jaeger on behalf of the  
20 Commission Staff. 2540 Shumard Oak Boulevard,  
21 Tallahassee, Florida.

22 MR. FEIL: Matthew Feil, 1000 Color Place,  
23 Apopka, Florida 32703, on behalf of the Southern  
24 States Utilities, Inc.

25 COMMISSIONER DEASON: Ladies and gentlemen,

1 let me take this opportunity to welcome you to this  
2 morning's hearing. In way of introduction, my name is  
3 Terry Deason, I will be chairing this hearing today.  
4 Seated on my near left is Commissioner Julia Johnson.  
5 Seated on my far left is Commissioner Joe Garcia. And  
6 seated to my right is Commissioner Diane Kiesling.

7 We also have a number of Staff persons here  
8 today. I would like to introduce those, as well.

9 Mr. Jaeger, our Staff attorney, just introduced  
10 himself when he made his appearance. Seated to his  
11 left is Mr. Troy Rendell; seated to his right is  
12 Mr. Marshall Willis; and seated behind him is Mr. Ted  
13 Davis. They're with the Professional Staff of the  
14 Public Service Commission.

15 I would invite you if you have any questions  
16 that if you can come up and ask them at some  
17 convenient time, they would be more than glad to take  
18 a moment and help you with any question or problem  
19 that you may have.

20 The purpose of the hearing today is to hear  
21 from you, the customers, concerning Southern States  
22 Utilities' rate increase request which is currently  
23 pending before the Florida Public Service Commission.  
24 As you entered the room today, you were given a blue  
25 information sheet. This should provide with you some

1 background information on the nature of the case that  
2 is pending and the purpose of today's hearing.

3           The procedure that we're going to follow  
4 today is that when we dispose of the preliminaries,  
5 I'm going to allow Mr. Shreve and the Company to make  
6 a brief opening statement. Following the brief  
7 opening statement, I will ask all those persons from  
8 the public who wish to testify to stand and be sworn  
9 in.

10           This is necessary so your testimony will  
11 become a part of the official proceedings. This case  
12 is being is reported by our Official Court Reporter  
13 and the information which we gather here today will be  
14 part of the record and will be evidence upon which the  
15 Commission can rely in making its ultimate decision in  
16 this case.

17           When your name is called -- and Mr. Shreve  
18 will be calling the persons' names to come forward.  
19 When your name is called, will you please come forward  
20 to the podium in front and begin by giving us your  
21 name and address and the system, the Southern States  
22 system, from which you receive service.

23           If you believe it would be helpful to the  
24 court reporter, you may wish to spell your name so  
25 that it is accurate in the record.

1           After you complete your statement, wait for  
2 just a moment, there may be a few clarifying questions  
3 concerning your statement.

4           With that, I'm going to ask that we go ahead  
5 and begin with opening statements unless there are any  
6 preliminary matters we need to address. Any of the  
7 parties have any preliminary matters?

8           MR. FEIL: Commissioners, we do have the  
9 Proof of Publication and Affidavit of Noticing; if you  
10 would like to have that identified now, we can do  
11 that.

12           COMMISSIONER DEASON: That would be fine.  
13 That will be identified as Exhibit No. 34. Do you  
14 have a copy of that to provide to the court reporter?

15           MR. FEIL: Yes, sir, I do.

16           (Exhibit No. 34 marked for identification.)

17           COMMISSIONER DEASON: Thank you.

18           We will begin with the Company's opening  
19 statement followed by Mr. Shreve's opening statement.

20           MR. FEIL: Thank you, Commissioner.

21           My name is Matthew Feil; I'm here on behalf  
22 of Southern States Utilities. Southern States filed  
23 this rate case because it has not been able to earn a  
24 fair rate of return on the investment made in the  
25 utility plant from the rates that it is currently

1 collecting.

2 Are you able to hear me?

3 Since SSU's last consolidated rate case, SSU  
4 has invested and will invest an additional \$100  
5 million in utility plant. The rates set in SSU's last  
6 consolidated rate case were based on 1991 information,  
7 so SSU's additional investments since that time,  
8 roughly \$20 million a year through 1996, were not  
9 considered.

10 SSU submitted information to the Commission  
11 showing that in 1994 SSU earned less than a 3% return  
12 on its investment through 1994. Because of the plant  
13 additions I just mentioned, roughly \$20 million a  
14 year, that rate of return will disappear in 1995 and  
15 in 1996 and SSU will lose money.

16 You could ask why in light of these poor  
17 returns SSU has continued to make plant additions?  
18 The answer in large part is that SSU did not have a  
19 choice. The majority of the investments I have  
20 referred to were made after 1991, which SSU was  
21 required to make by the Department of Environmental  
22 Protection, water management districts, Environmental  
23 Protection Agency, through its rules, regulations,  
24 orders, permits and the like.

25 SSU's expert witnesses in this case will

1 testify as to the necessity of and the reasonableness  
2 of the costs of those investments.

3           What I have just been talking about is the  
4 total revenue issue, which is one of the two big  
5 issues in this case. The second big issue in the case  
6 is the rate structure issue.

7           Total revenue issue concerns how much money  
8 in total the Company will be allowed to collect from  
9 all its customers. The rate structure issue concerns  
10 which customers, which customer groups, are going to  
11 pay for what portion of that total amount.

12           In this case, SSU has requested what's  
13 called a uniform rate structure. A uniform rate  
14 structure reflects a pooling of the revenue  
15 requirements from various localities such that, when  
16 the rates are calculated, customer groups pay the same  
17 rate.

18           There are two classifications that we have  
19 asked for for water service: One for conventional  
20 treatment, which all of you have in this room; and the  
21 other for reverse osmosis treatment, which is a more  
22 expensive form of treatment for treating brackish  
23 water.

24           A possible alternative to the uniform rate  
25 structure is what is called a stand-alone rate

1 structure where revenue requirements are calculated  
2 for each locality and rates for each locality are  
3 different such that you could have a wide variety of  
4 rates from one service area in Marion County to  
5 another service area in the same county.

6           How these different rate structures affect  
7 you is best illustrated by the interim rates which the  
8 Commission recently authorized SSU to collect.

9           Interim rates are temporary rates subject to  
10 refund which the Utility collects during the pendency  
11 of a rate case. The interim rates which the  
12 Commission approved should be going into effect fairly  
13 soon and you should have received a notice regarding  
14 those rates within the last few days.

15           The interim rates the Commission approved  
16 have been structured according to this stand-alone  
17 rate structure or a version of the stand-alone rate  
18 structure. As a result of that rate structure, every  
19 single residential customer in Marion and Putnam  
20 Counties -- with the exception of Citrus Park, who  
21 receive water only service -- will pay interim rates  
22 higher than the uniform rates SSU has requested at the  
23 conclusion of this case based on the customer's  
24 average usage.

25           The uniform rates SSU has requested at the

1 conclusion of this case is based on 1996 information  
2 and the interim rates was based on '94 information, so  
3 the '96 information doesn't even reflect plant  
4 additions that are made through '95 and '96.

5           For example, If you live in Silver Lake Oaks  
6 and you have water and wastewater service, the bill  
7 SSU is requesting that you pay at the end of this case  
8 will be some \$32 lower than the interim rates that  
9 will soon coming into effect. In Marion Oaks, it will  
10 be \$22 lower. Again, why? Because under uniform  
11 rates the customers in Marion and Putnam County  
12 benefit.

13           Some customer groups adamantly oppose  
14 uniform rates because they see their stand-alone rates  
15 as being lower than uniform rates. One of those  
16 groups is in Sugarmill Woods in Citrus County.

17           Those customers are among the highest users  
18 of water in all SSU's service areas and are not  
19 willing to pay even \$1 for 1,000 gallons of water  
20 while some of you are being asked to pay as much as \$4  
21 for 1,000 gallons of water under the interim rates  
22 structured according to the stand-alone rates.

23           The customers in Marion and Putnam are low  
24 consumers of water and they conserve water. The  
25 customers in Sugarmill Woods do not.

1           That point is just one of the many arguments  
2 SSU will be making during the hearings in this case in  
3 support of uniform rates. I thank you for your  
4 attention and remind you that the Commission is  
5 interested in hearing your comments regarding rate  
6 structure as well as other comments. Thank you.

7           COMMISSIONER DEASON: Thank you, Mr. Feil.  
8           Mr. Shreve?

9           MR. SHREVE: Thank you, Mr. Chairman.  
10           You know, every time I come to one of these  
11 meetings I think I'm going to talk about one thing, I  
12 hear what they say and I end up talking about  
13 something else.

14           What he just went through is 180 degrees out  
15 of what they said last night in a hearing over in  
16 Citrus County. I will be glad to furnish that; I know  
17 Karla is getting a big kick out of that, but that's  
18 the truth. Karla Teasley is. She got a kick out of  
19 some of the things I said last night.

20           He just mentioned Silver Lake Oaks, and I  
21 just pulled this out, talking about the rates there.  
22 When they came into the '92 rate case, the revenue  
23 that was being paid in by Silver Lake Oaks that he  
24 mentioned in Putnam County was \$5,126. If they get  
25 what they want out of this case, they will be getting

1 \$26,706, five times as much.

2 Marion Oaks, in water, when it came in in  
3 1992, 366,000 was the revenue. If they get what they  
4 want out of this case, it is 1,147,000 coming from the  
5 people -- from the people in the state of Florida into  
6 Southern States' and Minnesota Power's pocketbooks.  
7 But they don't talk about that; they talk about  
8 everything else in the world but that.

9 There are two issues to talk about. Some of  
10 you go one way, and some of you have an interest in  
11 the other on uniform rates and on stand-alone. That's  
12 fine. But the first and biggest issue in this case is  
13 how many money is Southern States trying to get out of  
14 the people of the state of Florida?

15 In the water case in Marion County -- are  
16 there any people here from Putnam County? Great,  
17 okay. I was afraid you all wouldn't be here.

18 But in Marion County, the water rates  
19 produced in 1992 when they came into the case,  
20 \$442,000. If they have their way coming out of this  
21 case the rates will produce \$1,346,000. Regardless of  
22 where they get the money, they want it.

23 From Putnam County, the rates produced  
24 coming into the '92 case were \$234,000. Mostly small  
25 systems. What do they want out of this case?

1 \$612,000. But they don't tell that you in these  
2 meetings they go around. That's where the money is  
3 going.

4 And the first thing the Commission is going  
5 to have to do is get the money right and what Southern  
6 States is taking out, then decide how they are going  
7 to distribute the rates, and that's fair.

8 Southern States should not be able to take  
9 advantage of the system by covering up what they are  
10 getting, and that's exactly what they are trying to  
11 do. They're having these little hearings all over the  
12 state and never talking about that, never talking  
13 about how much money they're getting.

14 In the sewer systems -- only four of them in  
15 Marion County, coming into the '92 case -- \$513,000.  
16 Out of this case, they want \$1,222,000.

17 In Putnam County, \$43,000 coming into the  
18 '92 case -- now, we could have gone back before that.  
19 Because at that point you had sort of uniform rates in  
20 Putnam County. They want \$253,000, over five times as  
21 much from you.

22 On the rates in Putnam County, it is  
23 absolutely ridiculous what they are trying to do.  
24 They are going -- one example. He mentioned Silver  
25 Lake Oaks. Coming into the '92 case, that would be

1 \$5.18 and \$2.35 per thousand gallons. That was the  
2 rate you had at that time and I think it was close to  
3 the rate that most of the people in Putnam County had  
4 because they had uniform rates over there.

5           The Public Service Commission granted the  
6 money to them. Regardless of who was paying for it,  
7 this is the money they got out of there, \$15.70 base  
8 facility charge compared to the \$5.18 and \$8.90 per  
9 1,000 gallons compared to the \$2.35. That's what they  
10 got out of the people of the state of Florida in that  
11 much of an increase.

12           They are now -- now -- asking for \$30.34 and  
13 \$11.05 per thousand gallons. That's just an example,  
14 I'm glad it was the one he brought up. Throughout the  
15 state of Florida they're that way.

16           The Public Service Commission in the last  
17 rate case -- and I haven't checked this but I will be  
18 glad to bet on it -- granted on a system-by-system  
19 basis higher rates and revenues per person than they  
20 ever have in the state of Florida. And we've gone  
21 into almost every case that's ever been.

22           I will be glad to bet that and I would love  
23 for the Staff of the Public Service Commission to  
24 check it out.

25           The first thing -- and also he's taking

1 about the investment in the -- during the last rate  
2 case they first came in with all the numbers. Then  
3 about halfway through they decided, "Hey, let's talk  
4 about the environment, let's talk about conservation,"  
5 they sounded like a good thing and they used that in  
6 the whole case.

7           Most of the investment that they have here  
8 is for growth. You take a look -- and I passed out a  
9 few this morning -- that's where most of it is. I  
10 don't see much that's going in there to conserve  
11 water. Except the higher rates. You're not going to  
12 be able to afford to use the water, you're going to be  
13 conserving a lot before long. Then they'll raise the  
14 rates because of that.

15           The Public Service Commission is going to  
16 have to get back to basics and say how much money this  
17 Company should be able to take out of the pocket of  
18 each and every individual, and see what rates are  
19 fair, just and reasonable. And if a system has rates  
20 that are not reasonable, cut it out, cut it down to a  
21 reasonable rate, don't give Southern States the money.  
22 Don't just pass it over and let somebody else pay it,  
23 but cut the money down first, then we'll get the pot  
24 right and everything will be okay.

25           Thank you very much. (Applause)

1           COMMISSIONER DEASON: Ladies and gentlemen,  
2 now is the time that we are going to hear from you,  
3 the customers. We invite you to give us your comments  
4 and your thoughts concerning the operations of  
5 Southern States, the quality of service that you  
6 receive, the level of the rate request, and the rate  
7 structure. Any of those matters that you would like  
8 to bring to your attention we certainly invite you to  
9 do so.

10           At this point I'm going to ask all those  
11 members of the public who have signed up to testify  
12 and do wish to testify to please stand and raise your  
13 right hand.

14           (Witnesses collectively sworn.)

15           COMMISSIONER DEASON: Mr. Shreve, you may  
16 call your first witness.

17           MR. SHREVE: Thank you, Commissioner Deason.  
18 Mr. Sparacia.

19           WITNESS SPARACIA: Thank you, sir. Good  
20 morning. All you members, ladies and gentlemen.  
21 Members of the board here and so forth.

22           If I may, my name is --

23           COMMISSIONER DEASON: I believe the mike is  
24 on, you have to speak right directly into the  
25 microphone.

1                   WITNESS SPARACIA: Thank you. Before I  
2 start, can I please be sworn in again? I would want  
3 that, please.

4                   COMMISSIONER DEASON: Yes, sir, you may.

5                   - - - - -

6                   **FRANK J. SPARACIA**

7 was called as a witness on behalf of the Citizens of  
8 the State of Florida and, having been duly sworn,  
9 testified as follows:

10                  WITNESS SPARACIA: Frank J. Sparacia. I  
11 reside at 287 Marion Oaks Drive, Ocala, Florida 34473.

12                  COMMISSIONER DEASON: Could we have the  
13 spelling of your last name, please, sir?

14                  WITNESS SPARACIA: Yes, sir,  
15 SP-P-A-R-A-C-I-A.

16                  COMMISSIONER DEASON: Thank you.

17                  WITNESS SPARACIA: Now, is it possible, and  
18 I don't want any special things being done for me or  
19 anybody else, if I may start off from the very  
20 beginning and if you are able to read this little  
21 article dating back to Saturday, October 1 of '88.  
22 This is very important if you read it and then keep it  
23 for the record, I would appreciate that. Is it  
24 possible?

25                  COMMISSIONER DEASON: Yes, sir, you may

1 provide us with that. Go ahead and read what you need  
2 to read. And if you have an extra copy you wish to  
3 leave with us?

4 WITNESS SPARACIA: Yes, I would. Okay,  
5 thank you.

6 This starts back, it was October 1 of '88  
7 and that's going to start back.

8 "Marion Oaks Utilities Notes Sewer Problem.  
9 Officials of Marion Oaks Utilities have acknowledged  
10 there is a problem in the subdivision with sewer lift  
11 stations," which they didn't have at the time there in  
12 that area, "that are unable to pump effluent through  
13 central treatment plants, State Attorney Investigator  
14 Charles VoWinkle said Friday.

15 "He met with the officials of the utility  
16 and the Deltona Corporation, its parent company, to  
17 view a videotape made by Marion Oaks resident who  
18 complained to the Marion County Commission about the  
19 problem last week.

20 "Frank Sparacia told the Commissioners last  
21 week about situation involving sewer line serving a  
22 small shopping center in the subdivision that was not  
23 connected to a central system.

24 "The Utility used trucks to pump out the  
25 holding tank in a nonfunctioning pump station to move

1 the untreated sewage into the central system, county  
2 health officials and the utility do not have the  
3 proper permits to build the lines to a pump station.  
4 Complained about periodic spills, raw sewage and odor.  
5 The utility officials requested time before the County  
6 Commission Tuesday to discuss the problem."

7 If I may? Thank you so much.

8 MR. SHREVE: Yes, sir.

9 WITNESS SPARACIA: Starting at the  
10 beginning, this is very, very important. And the  
11 reason I know quite a bit about it, because I am a  
12 shareholder in Deltona Corporation for five shares  
13 since over ten years ago.

14 And I knew that Deltona was in trouble, they  
15 were negotiating with General Development to buy  
16 Marion Oaks, that part of it. And then again there  
17 was a toy company involved. But it happened to be  
18 Minnesota Topeka, at that time it was named Minnesota  
19 Topeka.

20 And I was able to call up Minnesota and  
21 speak to the president -- I don't know if he's still  
22 the president. At that time, "Before you take over,"  
23 because it would have been the stockholder in Marion  
24 Oaks then, to take the Utility over, but Deltona just  
25 didn't want to give it up because that was a money

1 maker at that time for them.

2           So I kept calling. "Please send your people  
3 out here before you take over. And if you can't make  
4 it, send somebody here and I'll show them around." It  
5 never did happen. But they did take the utility  
6 company over.

7           What happened, it is a fact they have put a  
8 lot of money into it, I'm not saying they're not. But  
9 what they want to make now, it is out of order.

10           Now, another thing, after this, what  
11 happened, I was able -- and I'm very proud what I have  
12 done, a lot of people don't like the idea but I'm  
13 going to continue with the Lord's help.

14           At that time, what happened here was that  
15 they took over -- and in fact it was a court case,  
16 too, after, that Deltona had to give 80 pieces of  
17 property concerning the utility company. And the  
18 utility company I believe it was like \$7 million --  
19 the Marion Oaks -- I'm sorry, the Southern States at  
20 that time. That was it.

21           Now, and I was able through the help of  
22 Commissioner Needham at that time to stop building  
23 permits there in that area. And they were stopped for  
24 about six months.

25           Now, what happens here is that they are

1 supposed to -- if you see the regular contracts, some  
2 people were asked to bring water mains when the new  
3 utilities company took over, as much as \$36,000.  
4 That's a lot of money. Why? Because they have put  
5 mains in there and so forth to the foreign areas  
6 there.

7           The idea is this. Are all the water mains  
8 up throughout the whole area now? Because originally  
9 it said, originally it said that where they were going  
10 to build it would have water and sewer. That is not  
11 so. Only the housing area has water and sewer.  
12 That's all.

13           Now this is very important. It is a fact,  
14 and again I'm repeating myself, they did spend a lot  
15 of money, but look what they want to do.

16           Here's another thing that happened, too. I  
17 asked at the last meeting -- and boy, thank God it's a  
18 good day out here. Remember that night? You sure do,  
19 don't you? I do, too. Thank you.

20           Now, here's another thing that happened here  
21 is the problem that I did ask Mr. Armstrong here to  
22 please give me a breakdown what they applied. Because  
23 a lot of people knew about it, a lot of people didn't  
24 know about it.

25           The Southern States took over, it was water,

1 sewer and gas. They sold a portion of the gas. And I  
2 requested to get a copy only of Marion Oaks, and that  
3 took almost three weeks after me calling up and so  
4 forth. And they gave me a breakdown of four,  
5 including Marion Oaks. And I just want to know what  
6 they invested and got in return from the gas company,  
7 and whether the property was sold with it or they  
8 obtained the property and are keeping it and just  
9 renting out to the Heritage, yes, Gas Company.

10 Now, this is very important.

11 Now I have got plenty of papers here but I  
12 won't go through them. Because if I did -- and also,  
13 if you want copies of them, you can get them.

14 Here's another thing. I have a bag full of  
15 tapes here. What happened there in back of the Quick  
16 King, a dummy sewer. A dummy sewer. That's why the  
17 rates are going up. They are spending money, I can't  
18 deny the fact. But nevertheless it is not fair that  
19 we must pay all of that.

20 And I have news for you. I have shares in  
21 the Southern States but I don't care for the pennies  
22 that I intend to get when the time comes. But I'm  
23 going to continue.

24 But please, it's very important. I don't  
25 want no uniform rates, I just want to know.

1           We are being discriminated against because  
2 we are in the housing area. I got one bill -- in  
3 fact, Ms. Teasley could tell you because I called her  
4 up. I'm all alone there, \$72 for one month.

5           "Well, if you can't pay it, Mr. Sparacia,  
6 we'll wait and take a little bit at a time." No,  
7 thank God, I'm able to pay it and I did pay it all.

8           One more important thing, and this is very  
9 important. Cards were sent out for Dunnellon, by the  
10 Dinner Bell, part of the Public Service Commission --  
11 I'm sorry, I rescind that, I made a mistake. Not by  
12 the Public Service but the utility company. This was  
13 January 16.

14           You wouldn't believe it, I got mine on  
15 January 16, my mail was delivered at 5:00. People got  
16 it two days later. I got plenty here and I could have  
17 gotten more, besides.

18           This is not fair. So what happened to me?  
19 I did call up and again they blamed it on us having a  
20 holiday that day. That's why the mail was late.

21           If you have to do something, let's do it  
22 right. Please, if you want more information and the  
23 tape that I had taken where the dummy was in back of  
24 the Quick King and I am glad what I have done.

25           Another thing I want to say to the attorney

1 here for the people, Mr. Shreve, and Mr. Nettesheim.  
2 They have done a wonderful job. At the very beginning  
3 I started this by getting different water rates  
4 from -- not Marion Oaks, I should say Bellevue,  
5 Dunnellon, Ocala, and so forth. And they were a lot  
6 cheaper then. Nevertheless, I don't mind paying but  
7 I'm not paying for anybody else because it isn't fair.  
8 We have an awful lot of retired people.

9 I know I wouldn't get it but I'm going to  
10 try. I would like to put a septic tank on my  
11 property. Because there are places there they were  
12 promised sewer and they don't, they have septic tanks.  
13 Lord bless them, it's a wise move to have it on your  
14 property.

15 Nevertheless, in that case if you're not  
16 aware of it, also Feather Nest had a problem there  
17 that they couldn't build any more until they wanted  
18 septic tanks.

19 I was at that meeting, the County  
20 Commissioners meeting. They wanted something like 12  
21 or 14 septic tanks. I spoke, "That's not fair." They  
22 only put I believe it was at that time four of them.

23 Now if one can have it, why shouldn't all of  
24 them have it? I would like to get a septic. And  
25 believe it or not I'm going to apply for it; I know I

1 won't get it, but I'm going to apply and see what I  
2 can do.

3 I want to thank you for listening to me. If  
4 you want more and if you want to borrow a tape or two,  
5 I brought them here. Look at them and then you'll see  
6 what's right. But I warned Minnesota and Topeka to  
7 please --

8 Not only that. Since this has started, they  
9 could put four lift stations. One directly by the  
10 Quick King, one by the Barnett Bank, one by in back of  
11 the Touch of Italy and one by the townhouses. Not  
12 only that, each and every one of them I believe now  
13 has vented the existing ones that was before that,  
14 believe it or not.

15 It's all down on paper, the County  
16 Commission and so forth, they have records of it. So  
17 if you want to do a little bit of investigating,  
18 you'll find out it is all there.

19 I want to thank you for listening to me. But  
20 it is a fact. I want to thank you so much, all of  
21 you. Thank you.

22 COMMISSIONER DEASON: Thank you, sir, any  
23 questions for Mr. Sparacia? Thank you, sir.

24 MR. SHREVE: Thank you, Mr. Sparacia.

25 (Applause)

1 (Witness Sparacia excused.)

2 - - - - -

3 MR. SHREVE: Mr. Gypert.

4 WILLIAM GYPERT

5 was called as a witness on behalf of the Citizens of  
6 the State of Florida and, having been duly sworn,  
7 testified as follows:

8 WITNESS GYPERT: I'm William Gypert, Citrus  
9 Park, 3950 Southeast 19th Avenue.

10 Number one, I was just curious, since I work  
11 for the state, do you people have to take the same  
12 oath I do that I'm going to enforce laws and anybody  
13 breaking the law or attempting to break the law or  
14 trying to coerce people into breaking the law is  
15 supposed to be reported?

16 UNIDENTIFIED SPEAKER: Can't hear you.

17 WITNESS GYPERT: I'm sorry.

18 I have to take an oath when I took my job of  
19 knowing anybody breaking the law, trying to coerce  
20 people into breaking the law, I'm supposed to be  
21 reported and prosecuted. Do you have to take the same  
22 oath?

23 COMMISSIONER DEASON: I don't remember that  
24 specific language. We had to take an oath we would  
25 uphold the Constitution and things of that nature. It

1 may be involved in there, but not specifically. We're  
2 not specifically law enforcement. We do take an oath  
3 but it may not be the same as the oath that you take.

4 WITNESS GYPERT: In other words, you are  
5 supposed to be enforcing or notifying people of  
6 somebody trying to break the law, aren't you? Or can  
7 you watch people break the law and go from there?

8 COMMISSIONER DEASON: As I indicated, we're  
9 not specifically law enforcement. We have a set  
10 jurisdiction from the Florida Statutes and we enforce  
11 the jurisdiction in the area that we do have  
12 jurisdiction, and that's regulation of utility  
13 companies in the state of Florida.

14 WITNESS GYPERT: Well, as far as I'm  
15 concerned, Southern States is coercing people and they  
16 are trying to break the law: If you are not going to  
17 go with our uniform rates, we are going to make these  
18 rates so high it is going to be very costly. For  
19 everybody. You're going to give us our way.

20 Now I have a couple of slips here, I'll put  
21 Jack to work, to prove a few points about what is  
22 happening. I have all kinds of goodies.

23 I'll go with that and we'll go from there,  
24 how is that?

25 UNIDENTIFIED SPEAKER: Please speak louder.

1           COMMISSIONER DEASON:  Sir, you are going to  
2 need to get as close to that microphone as you can,  
3 some folks are indicating they cannot hear you.  I  
4 wish the microphone could stand up a little taller.  
5 You're a taller gentleman.

6           WITNESS GYPERT:  You don't make microphones  
7 high enough, what can I tell you?

8           COMMISSIONER DEASON:  We didn't make the  
9 microphones, sir.

10          WITNESS GYPERT:  Somebody did.

11          All right, now, accordingly to, first, I'll  
12 go against the uniform rates.  Why?  Uniform rates,  
13 they say it is the same thing throughout the state.  
14 It isn't.

15          If we look at what people have to do  
16 throughout the state, No. 1 -- oops, I don't know,  
17 have you got one of them?  Coliform levels?  Fecal  
18 coliform levels?  I guess you don't.

19          COMMISSIONER DEASON:  I have been given  
20 three pieces of paper, sir.

21          WITNESS GYPERT:  Marion County is one of the  
22 higher grounds in the state of Florida.  We turn  
23 around in Marion County, we can turn around and have  
24 400 fecal counts in here in 100 milliliters for spray  
25 fields.  We get down to Broward County, they are

1 allowed none. And they -- the higher the ground, the  
2 more they can more or less filter themselves through  
3 the things.

4 No. 2, we get down -- come on, Jack. I got  
5 another one here.

6 MR. SHREVE: Okay.

7 WITNESS GYPERT: We get down to West Palm,  
8 they go through seven different processes for water.  
9 A lot more costly. They charge \$1.65 from a private  
10 utility for their water and they go through seven  
11 different processes.

12 There's a couple more.

13 Accordingly to the code of water, we have to  
14 have two milligrams per liter for our water. This  
15 will break down to our unit that we will end up with  
16 150 pounds of I believe it's -- get my breakdown  
17 here -- 150 pounds cylinder of chlorine is about \$70.  
18 Three of these a year is all they'll need.

19 Wastewater, we'll use ten of them a year.  
20 Total cost a year to meet disinfective requirements  
21 under Florida Statutes for water and wastewater. I  
22 believe you have a projected cost there of these  
23 things and I believe your people from water and  
24 wastewater will agree that that's where we're looking  
25 at.

1           When we break this down, it is not --  
2 because they keep saying projected costs, projected  
3 costs. That's real good. Our projected costs went  
4 from 127 to 72 to 150. Why buying new ones? Any  
5 company that works knows when I buy a new company  
6 there's no profit until I get them companies working.

7           If they're worried about their profit, why  
8 did they buy the new ones? Because it is easier to  
9 try to go from there.

10           Our EPA standards and everything else, the  
11 EPA standards, as far as I'm concerned, breaks down to  
12 they blew it. And they have the EPA all over them.  
13 We'll show you exactly from there that they have spent  
14 over a million dollars. And the man who wrote this in  
15 the Naples Daily News on 8-10-95, he said that was a  
16 very conservative figure, a million dollars.

17           They blew it. And now they would like to  
18 fight the EPA, as far as I'm concerned, that's why  
19 they want it. And they're worried about the  
20 environment? No.

21           Let's go farther. What exactly are we doing  
22 by giving these raises? How long do you think you are  
23 going to keep people working? Where is this money  
24 going to come from? Do you think a company is going  
25 to go through these raises? They're going to chase

1 every company out of here. And there's a lot of them  
2 that are thinking of closing their doors now. When  
3 this rate comes in, I know a couple in the city say,  
4 "Hey, I'm all done." They're moving out.

5 Now everybody, every county had to put in a  
6 comp plan besides this. This comp plan is supposed to  
7 be projected until 2000. And the state of Florida  
8 mandated most of it that the counties take over their  
9 own water, their own natural resources.

10 Well, what are they building? They're  
11 building an empire here that the people are going to  
12 pay them millions and millions of dollars on top of  
13 what they are making now. For what? To buy back  
14 their rights? Their own water? No.

15 You people are put in a position -- and I,  
16 I'll be truthful with you, I feel sorry for you to a  
17 degree -- because you are being put in a position  
18 between a rock and a hard place. But you people are  
19 young. Who is going to pay for this over the years?

20 These people have notably -- and I believe  
21 Mr. Shreve has got and you should have the  
22 information. They buy these places for \$50,000 or  
23 \$60,000 and want to sell them for \$2 or \$3 million  
24 after making a profit throughout.

25 Who is paying for it? The people can't pay

1 for it. The counties will have to pay for it. The  
2 counties pay for it and now up goes the taxes and away  
3 we go.

4 We even went to the point of view of saying  
5 there's no more than a 5% increase in the state. But  
6 they can end up with a 71% increase? No way. This  
7 should never happen. And we go from this point; and I  
8 believe that you have a breakdown of the cost that it  
9 should cost to run our plant, and it should be a  
10 little under \$10,000.

11 Kind of nice to get \$400,000 back when you  
12 put 10,000 in it. I wish every business could.

13 Oh, and how they justify some of these  
14 things is even better, that "We have to buy trucks and  
15 we have to do this and we have to do that."

16 Well, here is how well they take care of  
17 their business. If you look at both pictures, there's  
18 two pictures of the same thing. One of them shows  
19 you -- now, if you look, we need a half an hour a day  
20 for each utility, one for the water and one for our  
21 wastewater.

22 COMMISSIONER DEASON: I'm sorry, can I ask  
23 you again, these are?

24 WITNESS GYPERT: Southern States trucks.

25 COMMISSIONER GARCIA: You said one is for

1 water, one is for wastewater --

2 WITNESS GYPERT: No, no. In other words,  
3 we're supposed to have, in other words, accordingly to  
4 what we're supposed to have, we're supposed to have a  
5 half an hour a day is all we're needed for our plants.  
6 Okay? Now one truck, two trucks were talking there;  
7 another one showed up; finally they called the third  
8 one. He come in. They're all sitting out there  
9 talking.

10 I mean, let's face it, it's kind of stupid.  
11 And the guy's out there, "Here, do you want me to pose  
12 for you?" They thought it was very smart, their  
13 people working for them.

14 And I don't see how you can ask these people  
15 to pay any more if they cannot live on what they are  
16 making. And everyone is making at least  
17 one-and-a-half times what the City is charging. Maybe  
18 they had better get out of the business of business  
19 because they are not very good business people. We  
20 cannot afford to support Florida and Minnesota at all.  
21 And this is what you are coming to.

22 The property is going down in any of these  
23 utilities that they have. People come down to take a  
24 look at these waters from almost any state, "This is  
25 ridiculous," they say. Where are they moving?

1 They're not coming down and giving us their taxes or  
2 spending their money or doing anything else.

3 We are getting more and more undesirables as  
4 far as I'm concerned in this state. And if you don't  
5 believe it, we are the second highest amount of people  
6 with prisoners. Our jails percentage-wise are higher  
7 than any other state but California.

8 Why? A person that's trying to make a  
9 decent living cannot live here at all. You figure it  
10 out. Now you're going to turn around and you're going  
11 to work for 40 hours and you're going to maybe work  
12 for \$6 an hour? They're trying to make a living.

13 What are we doing? We're saying, "Well,  
14 wonderful, give me \$150 of it." Is this person really  
15 going to keep working or have they got a choice to  
16 survive?

17 It's not as though it is a telephone, I can  
18 say to hell with it. A lot of things this is going to  
19 create. Besides older people that turn around and are  
20 on Social Security, where is the person that turns  
21 around and has to spend \$200 a month on medication  
22 going to pay \$150 for water? And it just keeps on  
23 going farther and farther.

24 And they're not satisfied. The more they  
25 get, the more they want. And when they turn around --

1 and we have sat on them finally, "Maybe we'll take the  
2 state back and stop Minnesota from dictating what  
3 Florida does."

4 Thank you. Any questions? (Applause)

5 COMMISSIONER DEASON: Any questions? No  
6 questions. Thank you, sir.

7 MR. SHREVE: Thank you, Mr. Gypert.

8 (Witness Gypert excused.)

9 MR. SHREVE: Mr. Nettesheim.

10

- - - - -

11

**JOE NETTESHEIM**

12 was called as a witness on behalf of the Citizens of  
13 the State of Florida and, having been duly sworn,  
14 testified as follows:

15 WITNESS NETTESHEIM: My name is Joe  
16 Nettesheim. I live at 330 Marion Oaks Drive, Ocala,  
17 Florida 34473. I spell my name N-E-T-T-E-S-H-E-I-M.  
18 I do have some is extra copies of the remarks that I'm  
19 going to make.

20 In the interest of being as short as  
21 possible, I hope you will permit me to read what I'm  
22 going to say.

23 COMMISSIONER DEASON: Do you have extra  
24 copies of that?

25 WITNESS NETTESHEIM: Yes, I do.

1           COMMISSIONER DEASON: It would be helpful if  
2 we have that while you're going over it.  
3 (Commissioners provided document.)

4           WITNESS NETTESHEIM: Several communications  
5 received since Southern States Utilities made  
6 application for rate increase per Docket No. 950495-WS  
7 have made reference to large capital expenditures made  
8 by the Utility since 1992. The September 12, 1995,  
9 communique carries these words, and I quote:

10                 "The amended application states that  
11 Southern States has or will have placed over \$100  
12 million of additional water and wastewater plant  
13 improvements into service since 1992 through the end  
14 of December 31, 1996. The amended application also  
15 states that the majority of these plant improvements  
16 were required by environmental laws, rules or  
17 regulations."

18                 The implication is clear the rate increase  
19 is needed to allow the Utility to recover these  
20 capital expense costs.

21                 I cannot speak to the entire Southern States  
22 system of utilities in Florida; however, such scenario  
23 has questionable application to Marion Oaks. A  
24 listing of capital expenditures totalling \$2,909,064  
25 for Marion Oaks covering the period 1992 through 1994

1 was received from Ms. Karla Teasley, Vice President of  
2 Customer Services at the Utility. The itemized list  
3 includes cost figures for various water lines and  
4 water main extensions totalling \$1,912,562. Similar  
5 expenditures for the wastewater system total \$666,775.  
6 These expenditures cover 89% of the total of \$2.9  
7 million.

8           It is my understanding such expenses are to  
9 be recovered through service availability charges and  
10 should not appear in the rate base for water and  
11 wastewater service.

12           Service availability charges have been in  
13 place for Marion Oaks since 1984. AFPI charges have  
14 been in place since 1988. Although the Utility will  
15 not invoice much of this cost until actual connections  
16 are made, the PSC has structured the system to provide  
17 the Utility with an ample award for their patience.

18           If we use the Utility's proposed uniform  
19 service availability charge schedule as interpreted  
20 from the MFRs for Docket 950495-WS of \$750 for a  
21 single ERC water connection, the Utility could invoice  
22 approximately \$6.9 million for connections to existing  
23 lines. An additional \$6 million could be invoiced for  
24 AFPI charges. To repeat, much of this is not  
25 collectible until connections are made; however, some

1 of these funds have already come aboard.

2 In 1991, referencing Docket 881501-WS and  
3 PSC Order No. 24134 dated February 18, 1991, Deltona  
4 agreed to turn over to the Utility a portion of the  
5 sale price of certain lots sold after September 1,  
6 1989. The amount set at that time was \$500 for water  
7 and \$1,000 for sewer.

8 The Utility was to escrow these funds; and  
9 in the words of the order, and again I quote, "These  
10 fees are credited against the service availability  
11 charges authorized under the Utility's tariff at the  
12 time initial service is requested. The Utilities will  
13 treat all amounts collected and turned over by Deltona  
14 under the new sales contracts as CIAC."

15 The figures referenced are for water service  
16 only. The proposed uniform service availability  
17 charges for wastewater is \$1,500 minimum for a  
18 four-inch connection. That's taken from the MFRs.  
19 The concurrent AFPI charge is approximately \$1,300.  
20 Such wastewater charges will have little bearing on  
21 Marion Oaks until the time comes to expand the  
22 Utility's sanitary system.

23 What is true for Marion Oaks may also be  
24 true for other utilities in the SSU system. As the  
25 PSC reviews the \$100 million capital cost expenditures

1 incorporated in this Utility's application for rate  
2 increase, care must be taken to keep costs properly  
3 assigned to service availability charges out of the  
4 rate base. There is no indication in any of the  
5 communications I have received to date that such  
6 segregation has been clearly identified by the Utility  
7 in its letters or in the MFRs.

8 Thank you.

9 COMMISSIONER DEASON: Questions?

10 MR. SHREVE: Thank you, Mr. Nettlesheim.

11 COMMISSIONER DEASON: Thank you, sir.

12 (Applause)

13 (Witness Nettlesheim excused.)

14 - - - - -

15 MR. SHREVE: Joan DeCarli.

16 **JOAN DECARLI**

17 was called as a witness on behalf of the Citizens of  
18 the State of Florida and, having been duly sworn,  
19 testified as follows:

20 WITNESS DeCARLI: I'm Joan DeCarli. I live  
21 at 14691 Southwest 39th Court Road in Marion Oaks.

22 I only have a couple of questions to ask  
23 that really bother me. That is, I moved into Marion  
24 Oaks 17 years ago. My bill has doubled and tripled  
25 since I moved there. It cost me \$5 to turn my water

1 on, the same way they do it today, and they charge  
2 over \$100. Some places, \$150 to go out and turn this  
3 little thing on out in the road.

4           Also, when I water my lawn I have to pay you  
5 sewerage, which has nothing to do with watering my  
6 lawn. I want to know why you are charging such  
7 ridiculous prices to do this little thing that costs  
8 so much less years ago. I can count all these new  
9 trucks in Marion Oaks riding around doing absolutely  
10 nothing all day. (Applause)

11           They go in their house during the working  
12 hours and they park their trucks in their yard and  
13 they'll stay there for an hour. And I'm paying them  
14 to stop there and have their lunch with these new  
15 trucks you are charging us for.

16           You are also charging us for the meters that  
17 are on houses that have wells. You are charging us  
18 ridiculous for people that have wells and their own  
19 sewerage and I don't know why you are charging this  
20 and I would like an explanation.

21           And I thank you so much. (Applause)

22           MR. SHREVE: Thank you.

23           (Witness DeCarli excused.)

24           - - - - -

25           MR. SHREVE: Mr. Larry Brideau.

1 responsibility to all of the people in Florida, all of  
2 the people involved in this water problem, to deal  
3 with this in a very, very fair way.

4 This is all I have to say. I thank you for  
5 the opportunity to speak to you.

6 COMMISSIONER GARCIA: Could I ask you to  
7 tell me -- and forgive me, I didn't hear it -- what  
8 system you belong to again?

9 WITNESS BRIDEAU: We're the Interlocken,  
10 Putnam County.

11 MR. SHREVE: Is that Palm Court?

12 UNIDENTIFIED SPEAKER: Interlocken Lakes.

13 WITNESS BRIDEAU: Interlocken Lakes Estates.

14 MR. FEIL: Also referred to as Park Manor.

15 UNIDENTIFIED SPEAKER: They're across the  
16 street from us.

17 COMMISSIONER GARCIA: I don't need you, I  
18 just wanted to find it on the listing here --

19 (Simultaneous conversation)

20 COMMISSIONER DEASON: It's listed on  
21 Interlocken Lakes.

22 WITNESS BRIDEAU: First page, down at the  
23 bottom, Putnam, Interlocken Lakes, Park Manor.

24 COMMISSIONER GARCIA: Thank you, sir.

25 MR. SHREVE: Sir, if I may?

1                   COMMISSIONER DEASON: Mr. Shreve has a  
2 question for you.

3                                   **DIRECT EXAMINATION**

4 BY MR. SHREVE:

5           Q       In 1992 -- now at one point, Putnam County,  
6 I think, Southern States with the Commission set up  
7 some uniform rates which were relatively low. I think  
8 for water \$5.59, and 2.53, before the 1992 case. And  
9 for sewer was 6.95 and 3.94.

10                   Coming into the '92 case, the revenue that  
11 Southern States wanted out of your system for water  
12 was \$34,777. Coming out of this case, they are asking  
13 for \$76,585.

14           A       And we're looking at better than double.

15           Q       In sewer, they had coming into the '92 case  
16 \$7,990. They're asking for \$35,843. Do you know of  
17 anything in your area or your systems that would  
18 justify that type of increase?

19           A       Absolutely not.

20           Q       They are asking in your sewer system rates  
21 to go from what was on the uniform rates 6.95 and 3.94  
22 per thousand gallons to \$35.66 and \$6.22 per thousand.  
23 Now, that's the stand-alone rate but that's the money  
24 they want out of there.

25                   Do you see any justification for them

1 getting that?

2 A None whatsoever. That's why I'm pleading  
3 with the Commission to consider the fairness of the  
4 whole thing.

5 MR. SHREVE: Thank you, sir.

6 WITNESS BRIDEAU: Thank you. (Applause)

7 (Witness Brideau excused.)

8 - - - - -

9 MR. SHREVE: Mr. Jim Holtz.

10 **JIM HOLTZ**

11 was called as a witness on behalf of the Citizens of  
12 the State of Florida and, having been duly sworn,  
13 testified as follows:

14 WITNESS HOLTZ: Jim Holtz, 4426 Southwest  
15 161 Street, in Marion Oaks. You know Jim Holtz, he's  
16 the brother of Lou. You know Lou, right? we don't  
17 get our way, we bring the team down.

18 COMMISSIONER DEASON: Is that the same team  
19 that got battered in the Orange Bowl? (Laughter)

20 WITNESS HOLTZ: No, we're bringing that team  
21 up.

22 Basically, I used to work for a electrical  
23 company up north. And I know, we went through a lot  
24 of rate increases all the time. And you know the  
25 numbers that they generate for rate increases, never

1 did believe them, was part of it, and they always put  
2 some higher numbers in there.

3           And I know that SSU is doing the same thing,  
4 they always do. Always do higher numbers and then its  
5 like a union contract, right? You give them a little  
6 bit less, so you kind of cut it down here and then  
7 everybody is satisfied, we leave here and we're all  
8 happy.

9           The problem is on uniform rates versus  
10 statewide rates, you kind of got us in the middle  
11 right now in a sense. For us, we'd say, "Hey, yeah,  
12 we want the uniform rates, they're great," and we'd  
13 accept a 145% increase maybe based on the uniform  
14 rates versus the stand-alone, which the way I  
15 calculate it, is 229% in a housing area of Marion  
16 Oaks. That's quite a bit of rate increase.

17           Now, you know, later on you play the game,  
18 you come back down, everybody gets a little bit happy  
19 and all that kind of stuff.

20           I've already sent my letter of concern to  
21 you people in Tallahassee so you have mine.

22           The sewage, as you heard, the sewage charge  
23 increase is amazing. Going up, going up from what,  
24 \$12 up to about \$50? That's hard to believe for a  
25 sewage charge rate increase. Just hard to believe.

1           We have talked to people in Marion Oaks.  
2           Some people in Marion Oaks now are considering putting  
3           in wells and in connecting it to their homes. Some  
4           have already connected it to their homes. SSU is --  
5           and they have been working on us, I'm part of the deed  
6           restriction committee and they have been working with  
7           us how can we get those people to disconnect their  
8           wells in a sense. Because they are not using the  
9           water and that reflects on the sewage --

10           COMMISSIONER GARCIA: I'm sorry, excuse me  
11           just a second. You said SSU is working with you to  
12           try to get people to stop using wells?

13           WITNESS HOLTZ: In our meetings, because of  
14           deed restrictions, deed restrictions includes wells.  
15           Wells is a deed restriction problem because it was  
16           turned over from Deltona, okay?

17           COMMISSIONER GARCIA: Right.

18           WITNESS HOLTZ: And then SSU bought it from  
19           Deltona. So we still do the deed restriction  
20           enforcement.

21           So they're kind of working with us as to how  
22           we can help them in a sense have the people disconnect  
23           their wells from their house. And the only case they  
24           have really basically I think is the state or the  
25           federal says you have to put in a backflow valve,

1 that's the only reason they have to do it.

2 Now, in a sense, though, what they are  
3 planning to do is to disconnect the people and then  
4 they would just charge them for sewage in those  
5 housing areas, in a sense. That's what they are  
6 planning to do right now, that's their only recourse.

7 But what I see with these rates coming in,  
8 there's going to be more wells, more connections, and  
9 what does that do? That means inside the community  
10 the people remaining are going to pay more because  
11 they are going to come in with more increase the next  
12 time they come here.

13 Now we've talked about before. And I think  
14 we've talked to our Commissioners; and I think our  
15 Commissioners already have said that Silver Springs  
16 Shores was taken over by the county and Marion Oaks  
17 was the next one to be looked at. I'm almost certain  
18 that if these rate increases come in, that's our next  
19 step. We will be going to the Commissioners for this  
20 one.

21 Thank you.

22 MR. SHREVE: Thank you, sir. (Applause)

23 (Witness Holtz excused.)

24 - - - - -

25 MR. SHREVE: Mildred Musho.

**MILDRED MUSHO**

1  
2 was called as a witness on behalf of the Citizens of  
3 the State of Florida and, having been duly sworn,  
4 testified as follows:

5           WITNESS MUSHO: My name is Mildred Musho,  
6 M-U-S-H-O. I live at 15438 Southwest 34th Avenue,  
7 Marion Oaks.

8           I'm a relative newcomer to Marion Oaks, but  
9 I do live in the Feather Nest section. And  
10 regarding -- I don't know anybody there that has  
11 septic systems, for the gentleman that spoke on that  
12 before.

13           But my biggest shock the first month I got  
14 my water and sewer bill when I moved for Florida was  
15 that it was double what I was paying in Pennsylvania  
16 for more gallon usage in Pennsylvania.

17           And now I don't mind because I know we're  
18 developing an area here; and having served on a water  
19 and sewer authority in my own township before, I  
20 understand the costs of purifying wastewater to filter  
21 back into the streams and your usable water systems.

22           But on the other hand, when the federal and  
23 state governments require local municipalities to  
24 undertake the purification of that wastewater and to  
25 provide safe drinking water, they, in turn, should

1 provide some funds to that municipality to see that  
2 those regulations are carried out. And the user  
3 should not have to bear the full brunt of the cost.

4 Just as a comparison of what I paid for my  
5 service from November 17 to December 22nd, I believe,  
6 my total bill was \$62.06. The interim rate, my total  
7 bill -- let me get that here -- my interim bill with  
8 the billing if SSU tags the increase on to us with the  
9 next billing will be \$131.21, an increase of 111.4%.

10 Now, if the uniform rate is granted to SSU,  
11 based on what I paid last month, the same gallonage  
12 would cost me \$94.36 for water and sewer, a net  
13 increase of 52%.

14 If we go to the Commission's stand-alone  
15 final projected rate, my 62.06 last month for the same  
16 usage would cost me 162.48. A total of 161.8%  
17 increase.

18 That is very unreasonable and very unfair.  
19 I would rather have -- I would have no increase but I  
20 understand business must continue, people must get a  
21 raise, benefits are included in your work force and I  
22 don't deny that. But a reasonable increase should be  
23 looked into and that reasonable increase should be  
24 distributed on a uniform basis.

25 One other question I wanted to ask the SSU

1 representative, how much of the \$116 million I think  
2 today's paper said that's been expended refers to  
3 environmental requirements?

4 MR. FEIL: I don't know the answer to that  
5 off the top of my head but we can provide you that  
6 information if you would like.

7 WITNESS MUSHO: Now do you get any monies  
8 from the state and federal government for environmental  
9 upgrades?

10 MR. FEIL: We do have some cooperative  
11 funding arrangements --

12 WITNESS MUSHO: Is that deducted from the  
13 116?

14 MR. FEIL: In your total, I don't believe  
15 so. But I'm just going by --

16 WITNESS MUSHO: It must be before we agree  
17 to pay this 116 because you are taxing us twice then.

18 MR. FEIL: The government funding available  
19 is not great for investor-owned utilities such as SSU.

20 WITNESS MUSHO: But whatever it is should be  
21 reduced. This figure should be reduced because you  
22 are actually taxing the users twice by the federal  
23 reciprocation you are getting and now an increase.

24 MR. FEIL: I agree with you that if a  
25 project is funded by the government then it should go

1 to reduce rate base, yes, ma'am.

2 WITNESS MUSHO: Okay. That's the brunt of  
3 my comments. I thank you. (Applause)

4 **DIRECT EXAMINATION**

5 BY MR. SHREVE:

6 Q Thank you for your comments. And the  
7 question you had about asking the attorney for SSU how  
8 much of the \$100 million investment was for water  
9 conservation, I'm a little surprised they didn't know  
10 that. Because in every speech they have given, every  
11 talk they have made, they would lead you to believe  
12 and infer that most of it is caused by conservation or  
13 the environment.

14 A I got that from the letters, too.

15 Q Good.

16 A I got that from the memorandums that they  
17 sent out that most of it was environmental  
18 enforcement.

19 Q They really lead you to believe that, don't  
20 they?

21 A That's right.

22 Q The other thing I wanted to ask you, you  
23 went over the rates and the last one, the stand-alone  
24 projected -- I hope you understand that there is an  
25 argument about the uniform rates and about the

1 stand-alone. And I certainly understand different  
2 people feel different ways, and they're entitled to.

3           The largest figure you had there is what  
4 Southern States wants to take out of the pot no matter  
5 who pays it. And that's where I think we have to get  
6 the Public Service Commission to look at the  
7 individual systems and see that that rate for you  
8 would be outrageous, it would not be fair, it should  
9 be cut down and Southern States should not get the  
10 money no matter who pays it.

11           Thank you.

12           A     Thank you. (Applause)

13                     (Witness Musho excused.)

14                             - - - - -

15           MR. SHREVE: Mr. Rezutka.

16                             **RAY REZUTKA**

17 was called as a witness on behalf of the Citizens of  
18 the State of Florida and, having been duly sworn,  
19 testified as follows:

20           WITNESS REZUTKA: Good morning. My name is  
21 Ray Rezutka, spelled R-E-Z-U-T-K-A. I live at 107  
22 Marion Oaks Drive in Marion Oaks. I was present at  
23 the last meeting.

24           I want to start with this little item, as so  
25 much of us have. We never got them until the day of

1 the meeting in the late mail. How convenient to say  
2 they represent their constituents here on services and  
3 we don't get a chance at the meetings.

4 Secondly, when I was at the last --

5 COMMISSIONER GARCIA: Excuse me, could you  
6 explain that? They sent you registered mail and you  
7 never got it?

8 WITNESS REZUTKA: No, no, they send it  
9 through the mail so that it comes after the meeting.

10 COMMISSIONER KIESLING: What is it, though?

11 WITNESS REZUTKA: How many have gotten one  
12 of those that was received after the meeting?

13 COMMISSIONER KIESLING: What is it? (Pause)

14 WITNESS REZUTKA: I was at the last meeting  
15 they held here during a tremendous rainstorm so there  
16 wasn't much participation, but the lawyer that  
17 represents SSU didn't know the answers then, too. He  
18 didn't have them at hand.

19 It's amazing on such important issues that  
20 they're not available. When I called their offices  
21 later to get that information, they also were  
22 unavailable.

23 I'm also a little irritated, as everyone in  
24 this place should be, at trying to demean our  
25 intelligence here by their letters. I would like to

1 read from one of them that they sent to us. For  
2 example, one part here says, "Rate structures does not  
3 impact on the revenue of SSU. Revenues a company  
4 needs are determined first. Then a rate structure is  
5 selected."

6 If rate structure is not at issue, how the  
7 hell do they get at those revenues?

8 Secondly, here in one of their things they  
9 speak about the government has passed very extensive  
10 environmental laws to protect the underground water,  
11 groundwater and waterways. This is the essence of  
12 their argument but that is not where these  
13 improvements are going. I have noticed a tremendous  
14 influx lately in Marion Oaks in the amount of their  
15 trucks driving around since they have been pushing for  
16 their rate increases. Those trucks have never been  
17 there before when you needed them.

18 Then another thing in here that insults my  
19 intelligence. They use these words like "aquifers."  
20 That's just tying water systems together. It is  
21 nothing to do with the cost of purification of water.  
22 Don't let them mislead you by such terms.

23 I would have spoken on a lot of things I had  
24 here but it seems to be a lot is repetitious. My only  
25 request here is that the Commission do some extensive

1 investigation in their figures. It seems that every  
2 time they publish something the figures change  
3 according to what they feel they deserve.

4 I feel that if they can't handle the  
5 business properly, get out of it, sell it to somebody.  
6 Sell it to the communities. They'll do a hell of a  
7 lot better job for a hell of a lot less. Thank you.

8 (Applause)

9 COMMISSIONER GARCIA: Mr. Rezutka, I wanted  
10 to ask you, sir. When you got this, did you call the  
11 Company on this?

12 WITNESS REZUTKA: I certainly did. It came  
13 in the mail 4:00 in the afternoon, the meeting was in  
14 the morning.

15 COMMISSIONER GARCIA: Just to let you know,  
16 if I'm not mistaken, somebody can correct me, this is  
17 not a notice of a meeting by the Commission, right,  
18 this is --

19 WITNESS REZUTKA: No, by the Utility.

20 COMMISSIONER GARCIA: This is your attempt  
21 to talk to the customers directly, correct?

22 MR. FEIL: Yes, sir.

23 MR. SHREVE: Commissioner, that's an  
24 excellent point, an excellent question. I wonder how  
25 many customers out there thought this was a notice

1 from the Commission and when they received this late  
2 they thought this hearing was already passed and they  
3 didn't bother to come. It didn't fool you but I  
4 wonder how many that's happened to.

5 UNIDENTIFIED SPEAKER: I can answer that.

6 COMMISSIONER DEASON: Only the witness one  
7 at a time can testify and the attorneys can ask them  
8 questions. So Mr. Shreve, if you have a question, go  
9 right ahead.

10 DIRECT EXAMINATION

11 BY MR. SHREVE:

12 Q You're from Marion Oaks?

13 A Correct. A new resident. I came from a  
14 high utility rate area. By comparison, they are dirt  
15 cheap.

16 Q Being a new resident, Mr. Nettesheim and  
17 some of the others have been involved in this for  
18 years. Did you realize when they purchased your  
19 system as well as the rest of these systems from  
20 Deltona that they received a rate base and a return on  
21 an amount of probably \$9 million more than they paid  
22 for --

23 A Correct.

24 Q -- and that's in their rates now?

25 A Correct, I understood they received a

1 tremendous amount of padding.

2 Q Yes. So when Mr. Feil says they have done  
3 their calculating on their investment --

4 A Not so.

5 Q -- that is not their investment?

6 A That is not their investment in Marion Oaks.

7 Q That's a phantom amount.

8 Also on this card that you handed to me and  
9 the Commission has, "Are you confused about all the  
10 literature you have received about the upcoming FPSC  
11 hearing concerning a statewide uniform rate  
12 structure?"

13 "Concerning a statewide uniform rate  
14 structure." I thought this case was about a rate  
15 increase the Company requested. They came in asking  
16 for a rate increase and that's really the reason for  
17 this case. Totally misleading as is all of the other  
18 correspondence. And I don't know how the people here  
19 feel, it's coming out a little at a time at the  
20 meetings. I think it has really culminated here.

21 Mr. Chairman, I'm sure Southern States will  
22 be glad to cooperate with the Commission on this  
23 because they are so good at sending out  
24 correspondence. I would request that the Commission  
25 be furnished by Southern States all the correspondence

1 that has been sent to customers and identify the  
2 customer groups that they have sent it to so that we  
3 know that one group of customers is not receiving  
4 something that another group of customers is. To all  
5 elected officials, County Commissioners, legislators,  
6 I think that is something that is before us now, the  
7 public has raised it, and I'm sure Southern States  
8 will be more than happy to furnish it to the  
9 Commission. I'll take the responsibility to  
10 disseminate it to the customers.

11 A Incidentally, speaking on that, I found  
12 very, very lack of information or disinformation on  
13 these. And I did send it up to Tallahassee when I  
14 found that and they were going to further investigate  
15 on it. I don't know whether anything was done, but I  
16 think this particular utility needs a heck of a lot of  
17 in-depth study on their rates.

18 MR. SHREVE: Mr. Chairman, would it be  
19 possible, would Southern States be willing to furnish  
20 the Commission and our office with all the  
21 correspondence and where it's gone that they have sent  
22 out? I'm sure they're not going to hide anything.

23 COMMISSIONER DEASON: Mr. Feil?

24 MR. FEIL: I'm sure we would, Commissioners.  
25 I believe there has been one discovery request and

1 perhaps more than that pertaining to those  
2 communications, but that was perhaps as long as three  
3 months ago and there apparently have been some  
4 subsequent to that.

5 MR. SHREVE: Southern States will agree to  
6 furnish all of that correspondence that's gone out  
7 describing this case and then following this case?

8 MR. FEIL: Sure.

9 MR. SHREVE: Perfect. Thank you, Mr. Feil.

10 (Witness Rezutka excused.)

11 - - - - -

12 WITNESS SPARACIA: When we're all done on  
13 the rest of the case can I say something about that?  
14 Because I know all about it.

15 COMMISSIONER DEASON: Call your next  
16 witness.

17 MR. SHREVE: Barbara Fitos.

18 UNIDENTIFIED SPEAKER: She had to leave.

19 MR. SHREVE: Thank you. Karl Neufeld.

20 - - - - -

21

22

23

24

25

**KARL NEUFELD**

1  
2 was called as a witness on behalf of the Citizens of  
3 the State of Florida and, having been duly sworn,  
4 testified as follows:

5 MR. SHREVE: Mr. Neufeld, you have been here  
6 more than many of us, including Mr. Nettesheim.

7 WITNESS NEUFELD: Many years. Sorry for the  
8 cold, I can't control that.

9 I also received a card 3:00 or 4:00 in the  
10 afternoon the date of the meetings. Why are we  
11 getting the cards late?

12 COMMISSIONER DEASON: Sir, could we have  
13 your name and address, please?

14 WITNESS NEUFELD: Yes. My name is Karl  
15 Neufeld, N-E-U-F-E-L-D, at 4041 Southeast 21st Court,  
16 Ocala, Citrus Park.

17 COMMISSIONER DEASON: Thank you.

18 WITNESS NEUFELD: First of all, if I can ask  
19 the Commission, isn't that SSU's table? Why aren't  
20 they up there? (Applause)

21 Why? Please Commissioners, tell me why.

22 COMMISSIONER DEASON: I don't understand  
23 your question.

24 WITNESS NEUFELD: This is SSU's table,  
25 right? The whole table. But their people aren't

1 there. Where are they?

2 COMMISSIONER DEASON: Mr. Feil is  
3 representing the Company --

4 WITNESS NEUFELD: Oh, one person. Come on  
5 now, there's people in the audience. They should be  
6 sitting up there, shouldn't they? That's normally the  
7 procedure in most cases.

8 COMMISSIONER DEASON: No, sir. If they wish  
9 to sit up there, they have the space available. If  
10 they care to sit in the audience, that's their  
11 decision. There's no requirement they sit at the  
12 table.

13 WITNESS NEUFELD: I don't think those people  
14 can sit in the audience. They represent the state.  
15 They represent SSU. There's an awful lot of shoddy  
16 stuff going on with SSU and I hope you Commissioners  
17 are looking into a little bit of it.

18 I just was handed something a short time ago  
19 of the improvements that SSU has made in Citrus Park.  
20 And I read here, "hydrants." My gosh, hydrants.  
21 There's only one hydrant in the place and that's at  
22 the tank. All we have is a community water system --  
23 community well, excuse me, well, rather, and a  
24 community septic tank. That's all we have. But yet  
25 we're charged the highest rates in the area -- at

1 least three times as high as any other utility in  
2 Marion County. Should that be taken into  
3 consideration?

4 Every corporation I have been CO of we  
5 didn't get any guarantees or monopolies. We had to  
6 make our own money. When we bought corporations that  
7 weren't making money, we dissolved, disposed of them  
8 or turned them into money, one of the two.

9 You people sit there with a monopoly.  
10 According to the legislature, we can't even drill a  
11 well. I have already tried. We can't put a septic  
12 tank in. We're hostage, we're being held hostage.  
13 And they can charge any rate they want.

14 Please, Commissioners, think before you make  
15 a decision. They don't deserve any more than a 5%  
16 increase. They don't deserve anything.

17 By the way, Citrus Park. When I checked  
18 with the PSC, we're already paying on uniform rates  
19 we're already paying or subsidizing all the rest of  
20 them, we're paying 8% higher.

21 And I believe, didn't the District Court of  
22 Appeals refuse allowing SSU to go into statewide  
23 rates? Now they come up with a similar thing,  
24 removing two or three utilities and calling them  
25 modified. What was the court's decision? I believe

1 it was constitutionality, wasn't it? At least that's  
2 what I read.

3           When Citrus Park, according to the rates  
4 that were given to us, we don't know exactly what  
5 those rates are but at least what was printed here, we  
6 have an increase of 32% on our base water rate, 34% on  
7 the gallonage, wastewater 63% rates and 101.4% for  
8 gallonage. But listening to some of these other  
9 people, I feel privileged here. We have to add  
10 another 8% to this, because we're already paying with  
11 statewide rates we're paying 8% more.

12           In regulating, do you compare utilities  
13 within a county to see if they are all controlled  
14 equally? Or are all decisions made by, "I didn't make  
15 any money so I want more higher rates"? Could you  
16 tell me that, Mr. Deason?

17           COMMISSIONER DEASON: I'm sorry, sir, I  
18 don't understand your question.

19           WITNESS NEUFELD: The question is: When you  
20 consider increases in rates, do you compare to the  
21 county area because of the economy? Our county and  
22 Marion County is much different than it is in  
23 Tallahassee; so therefore I would think, I know when I  
24 was on a regulatory commission, the first thing we did  
25 is we compared what the other utilities are getting.

1 And we put them in that perspective so they're all  
2 paying the same.

3 But here, I believe now comparing to Citrus  
4 Park, comparing to the City of Ocala, which is across  
5 the street, we're paying almost three times as much as  
6 they are. I believe that should be some consideration  
7 for you, shouldn't it?

8 COMMISSIONER DEASON: Sir, we do not compare  
9 this Utility's rates with the City's rates to  
10 determine if this Company's rates are just and  
11 reasonable.

12 By statute, we have to consider the costs,  
13 the prudently incurred costs that this Company incurs  
14 in providing service. We have the obligation to  
15 review those costs and make sure that only the  
16 necessary and prudently incurred costs are included in  
17 the rates to the customers.

18 But to simply look at the city's rates and  
19 then to say that your rate should be equal to to the  
20 city's rates, we're not allowed to do that by law.  
21 That is not part of our jurisdiction as set forth in  
22 Florida law. It is a cost-based rate that we have to  
23 set for this Company to allow them the opportunity to  
24 earn a fair return on their investment. That's the  
25 constraints within which we have to operate.

1                   WITNESS NEUFELD: Now, when I was a CEO of a  
2 corporation, none of our division made any money. We  
3 didn't want them to, because we wanted to pay the  
4 taxes and we wanted to dispose of the money in  
5 corporate. That's the same thing they're doing. They  
6 don't allow Citrus Park to make any money, they take  
7 it out before. You should understand those things.

8                   First of all, I would think on this sheet  
9 here you would see those irregularities immediately,  
10 that they haven't got hydrants. And also the  
11 insurance companies tell us they don't have hydrants.  
12 So it can't be my opinion only. Therefore, they rate  
13 us as rural, so our insurance rates are much higher.

14                   COMMISSIONER GARCIA: Let me ask you. You  
15 said you read the SSU documents and they said that you  
16 in particular your development had hydrants?

17                   WITNESS NEUFELD: Yes, improvements. They  
18 were hydrants in 1995 they were installed, it says 58.  
19 I assume that's \$58,000 for quality of service. I  
20 don't know what they mean by "for." The last item in  
21 1995 they installed some more hydrants, it says seven,  
22 I assume that's 7,000, and one safety. I don't know  
23 what they mean by that.

24                   But I believe this should be an indicator  
25 that there's some irregularities when you are

1 considering costs.

2           But if you think that the Citrus Park  
3 utility or Marion Oaks utility are making any money  
4 no, they won't, they never will. They're not supposed  
5 to, the money is taken out of that area, like attorney  
6 Jack said here a bit ago. They are demanding so much  
7 money out of that utility so how can it? So the  
8 figures you get will always be lower. So I would  
9 appreciate your taking consideration some of these  
10 things these people are mentioning to you. I hope not  
11 futilely, I hope your decision has not been made  
12 before you got here.

13           COMMISSIONER GARCIA: Sir, could you speak,  
14 when you finish, could you speak to the engineer and  
15 show him what you're looking at he's sitting right  
16 there against the wall.

17           WITNESS NEUFELD: Sure. (Pause)

18           COMMISSIONER DEASON: Mr. Neufeld, could you  
19 complete your statement? We have a lot of people  
20 waiting, sir, and then you can meet with Mr. Davis  
21 afterwards and go into as much detail as you would  
22 like.

23           WITNESS NEUFELD: I would like to repeat one  
24 more thing on the monopoly issue. I believe you  
25 should take into consideration we have no control of

1 use of water or sewer. It must be received from SSU  
2 only. Therefore, we should be given some leniency.  
3 unless the legislature changes the regulations and  
4 allows us to put in our own wells and septic tanks.

5 I'm sort of envious of Marion Oaks, they  
6 still have some wells. And I'll be damned if I will  
7 change my well over to you -- I mean over to SSU.  
8 That's all I have. Thank you.

9 COMMISSIONER DEASON: Questions?

10 **DIRECT EXAMINATION**

11 BY MR. SHREVE:

12 Q One question, Mr. Neufeld. You may not  
13 recall this, you have been involved in this with SSU  
14 for a long time.

15 Do you recall, when SSU purchased the Citrus  
16 Park system, did the Public Service Commission give  
17 them a larger rate base or a larger amount to receive  
18 a return on than they paid for the system?

19 A I don't recall exactly but it was a short  
20 time before they did increase our rates.

21 MR. SHREVE: Yes, sir. Thank you.

22 (Applause)

23 (Witness Neufeld excused.)

24 - - - - -

25 MR. SHREVE: Mr. Nieman.

1 from colon cancer about eight years ago. I guess he  
2 drank too much of the water there.

3 To raise Marion Oaks residents' bills 32%  
4 for water and 15.8% for a total of 47% for use of us  
5 people living in Marion Oaks is awful.

6 Please give us justice and don't permit  
7 these high costs of water and wastewater rates in  
8 Marion Oaks.

9 Thank you for listening. (Applause)

10 COMMISSIONER DEASON: Thank you.

11 (Witness Nieman excused.)

12 - - - - -

13 MR. BECK: Dale Danielsen.

14 **DALE DANIELSEN**

15 was called as a witness on behalf of the Citizens of  
16 the State of Florida and, having been duly sworn,  
17 testified as follows:

18 WITNESS DANIELSEN: Dale Danielsen,  
19 D-A-N-I-E-L-S-E-N. 1971 Southeast 39th Street, Citrus  
20 Park, Ocala.

21 Citrus Park has quite a number of retirees  
22 who live on fixed incomes, but I guess we all know  
23 that. The ones who are not on fixed incomes, they are  
24 not really a high income family, they are regular blue  
25 collar people like you find throughout the United

1 States.

2 In fact, the amount that they pay for their  
3 water prices right now before this tentative increase  
4 was held was way too much for their income.

5 So a few weeks ago, the Marion County  
6 Commission held two public hearings to approve a  
7 multicounty waste recycling company to locate in a  
8 sensitive section in Marion County. Now you ask, what  
9 has this got to do with it? Well, what it has to do  
10 with it, because hundreds of people wrote letters and  
11 signed petitions and protested and after the last  
12 person contested it at the end of the second meeting,  
13 which lasted nearly six hours, the Commission  
14 immediately approved a special use permit, a rezoning  
15 of the location to an M-2 and presented the applicant  
16 with 23 prewritten conditions. Now that was the end  
17 of this public hearing, the last public hearing  
18 meeting.

19 This was sort of an insult to the residents  
20 down in that particular area. Wasn't this  
21 prearranged? Would you imagine it was rearranged if  
22 they had all this information ready to do at the end  
23 of this public hearing?

24 UNIDENTIFIED SPEAKER: Speak louder then.

25 WITNESS DANIELSEN: So what good are public

1 hearings? I know we're all gathered here to vent our  
2 emotions and so on, but are these hearings with SSU  
3 the same as Marion County hearings? In other words,  
4 are these just appeasement hearings?

5           Has the interim rate been accepted, nothing  
6 else is going to be done about it? In other words,  
7 when you come up with two rates, the interim and the  
8 final rate -- they always do that, because that way  
9 they will be sure of getting the interim rate.  
10 Because they say, "We're not going to pay the big  
11 rate, we'll give you the interim." So there's a  
12 little psychology used there. So we can look as if  
13 we're saddled right now into this interim rate.

14           Well, most foreign companies -- I call them  
15 foreign if you are out of Florida and this company  
16 here is in Minnesota, so you have an awful lot of  
17 out-of-state companies that invest money in Florida.  
18 In fact, Florida says we encourage this, we want  
19 out-of-state people to invest money in Florida.

20           But the beautiful part of that is these  
21 companies then can send their officials down in the  
22 wintertime and write the whole thing off. This has  
23 been done in Florida ever since there has been a  
24 Florida.

25           You don't really need any out-of-state

1 companies because they're really peeling it all off  
2 and taking it back home.

3 I guess we as customers are compared as  
4 sheep. We are used for shearing. The wool, which are  
5 the profits, are for the out-of-state owners, the  
6 parent company. This parent company is compared to  
7 shepherders. The Florida Power -- FPSC, Florida  
8 Public Service Commission, is compared to the humane  
9 society to protect the sheep. It was given this  
10 authority in 1959 by the state to gather all your  
11 people together, Public Service Commission.

12 Although there are times when the  
13 shepherders and the humane society become very  
14 chummy, then the sheep suffer. The sheep are  
15 considered as moot and captive; however, to appease  
16 these sheep, who complain or become unruly, the humane  
17 society puts on a show. It's called a public hearing.  
18 I don't mean to be insulting, I'm only telling you as  
19 I see it.

20 The outcome or response to these public  
21 hearings have little merit or effect on the  
22 shepherders or the humane society. Primarily because  
23 their intent had been solidified prior to or at the  
24 time of the rate submittal. It's just a matter of  
25 formality. Like when you say we're going to give

1 these people a little more because their experiences  
2 as they show us are all warranted.

3 But it's all relative. They might say,  
4 "Well, it costs us \$500 to do something," when in  
5 reality somebody else would do it for \$100. So if you  
6 give them a rate increase you ought to go see if it's  
7 valid.

8 This was obvious at a recent Marion County  
9 public commission hearing. It ended up by all  
10 protesting residents and they had a rough time at this  
11 thing.

12 So speaking for the majority, I believe, of  
13 the Citrus Park residents, what they would like is a  
14 standard rate. They would like a standard rate  
15 figured on their water, they would like a standard  
16 rate figured on their sewage. Like the previous lady  
17 said, "You base my water and my sewage in two  
18 different levels, how much water I use and then I got  
19 to pay sewage?" This doesn't make sense. I know it  
20 is being done but it still doesn't make sense in this  
21 country.

22 So I think if are you going to take and have  
23 some new rates, I think this whole thing should be  
24 reinvestigated, especially for Citrus Park. These  
25 other people, if you want us to pay higher rates to

1 compensate the other communities, if these other  
2 people's rates are too high for them, they shouldn't  
3 have moved in there to begin with.

4           People move in to the area where they figure  
5 they can afford it. The same way with Citrus Park.  
6 These people moved in because the rates are lower. We  
7 don't want to be subsidizing the whole state of  
8 Florida.

9           I think really this whole thing boils down  
10 to one thing. I don't know if you attorneys will pick  
11 this up or not. To me, this looks like a first class  
12 case of usury.

13           Have you ever heard of usury? It used to be  
14 something that was held as a very highly contagious  
15 disease that people used to do to try to take money  
16 from people. So I look around and you people don't  
17 think this has any smelling of usury whatsoever? I  
18 do. I think it's usury. When you use somebody to try  
19 to take money away from them that they don't deserve  
20 to give to you, that's usury.

21           Same way with antitrust. I think this is a  
22 good indication of antitrust. I think something  
23 should be done about it because this whole thing  
24 smells.

25           So, with that in mind, that's all I have to

1 say. I just lost a friend here in the back who is a  
2 County Commissioner because he didn't like me telling  
3 the people what I thought about the Commission.

4 Thank you very much.

5 COMMISSIONER DEASON: Thank you. (Applause)

6 MR. BECK: Thank you, Mr. Nieman.

7 (Witness Nieman excused.)

8 - - - - -

9 COMMISSIONER DEASON: Mr. Feil?

10 MR. FEIL: Commissioner? May I request a  
11 five-minute recess? Or we can continue, if you would  
12 like.

13 COMMISSIONER DEASON: We do need to take a  
14 break. We have one court reporter and she has been  
15 taking down every word that's being said. We've been  
16 here since 10:00; that's an hour and 45 minutes. I  
17 think this probably would be a convenient time to take  
18 a break.

19 We'll take a ten-minute recess at this time.

20 (Brief recess.)

21 - - - - -

22 COMMISSIONER DEASON: If I could have your  
23 attention, please, we'll call the hearing back to  
24 order and we will resume with customer testimony.  
25 Mr. Shreve, no, we're not going to have you testify

1 today.

2 MR. SHREVE: Swear me in.

3 COMMISSIONER DEASON: Some people would say  
4 you have been doing enough of that already.

5 (Laughter)

6 You may call your next witness.

7 MR. SHREVE: You keep that up, we're going  
8 to vote before we leave here.

9 Mr. Andrew.

10 - - - - -

11 **JAMES A. ANDREW**

12 was called as a witness on behalf of the Citizens of  
13 the State of Florida and, having been duly sworn,  
14 testified as follows:

15 WITNESS ANDREW: James A. Andrew, 3991  
16 Southeast 21st Court, Ocala. I have just a few  
17 remarks to make because many of them have already been  
18 covered. But I would like to know a little bit more  
19 about the contract that the SSU has with the Public  
20 Commission. We have no idea when this was granted,  
21 how long it lasts; and I think it is fair as we as  
22 taxpayers have a right to know that. That's Item 1.

23 COMMISSIONER DEASON: Are you referring to  
24 the interim increase?

25 WITNESS ANDREW: Pardon me?

1           COMMISSIONER DEASON: Are you referring to  
2 the interim increase?

3           WITNESS ANDREW: I'm referring to the total  
4 contract given to them, if they have one, or the  
5 agreement with Marion County. How long does SSU have  
6 a monopoly? That's all.

7           COMMISSIONER DEASON: I'm not aware of any  
8 contract they have with Marion County.

9           WITNESS ANDREW: So how did they come into  
10 existence?

11           COMMISSIONER DEASON: They're certificated  
12 by the Florida Public Service Commission to provide  
13 service within specified areas within Marion County.

14           WITNESS ANDREW: Was that proposed to the  
15 public? Did the public have any input to that?

16           COMMISSIONER DEASON: Yes. The granting of  
17 territory is a matter which is noticed by the Public  
18 Service Commission and there is the opportunity for  
19 public input into that process.

20           WITNESS ANDREW: Was it given to the public?  
21 I have no knowledge of that.

22           COMMISSIONER DEASON: Well, it was probably  
23 done --

24           WITNESS ANDREW: I have been here ten years  
25 and know nothing about it. I want to know how long it

1 lasts. In other words, can there not be any  
2 competitive bids put out to counteract SSU?

3 COMMISSIONER DEASON: There's no time limit  
4 on their certificate to provide service.

5 WITNESS ANDREW: So it could go on forever,  
6 right? This could go on interminably, we don't know  
7 when it would be finished or if we could do better?

8 COMMISSIONER DEASON: There's no time limit  
9 to their ability to provide service.

10 WITNESS ANDREW: Shouldn't there be a time  
11 limit if they don't perform or they are charging us  
12 exorbitant rates if we have no say? I have never  
13 heard of this.

14 COMMISSIONER DEASON: All I can tell you is  
15 that Florida law allows them to provide service as  
16 long as they --

17 WITNESS ANDREW: They're not providing  
18 service. If some of the competitors can do it even  
19 better --

20 THE REPORTER: Mr. Andrew?

21 WITNESS ANDREW: Yes?

22 THE REPORTER: Would you each take your  
23 turn? I can't write when both of you are speaking.  
24 All I can do is --

25 WITNESS ANDREW: I'm sorry.

1 THE REPORTER: -- say there is simultaneous  
2 conversation and nothing --

3 WITNESS ANDREW: I'm just frustrated as all  
4 the other people and perhaps it is coming out a little  
5 too quickly, I'm sorry. Okay?

6 In other words, I don't quite understand how  
7 this was granted in the first place. Isn't it normal  
8 in this type of business or government that bids are  
9 put out for competitive rates to make comparisons as  
10 to what is the best for the consumer?

11 COMMISSIONER DEASON: No.

12 WITNESS ANDREW: It isn't?

13 COMMISSIONER DEASON: It is not.

14 WITNESS ANDREW: So then what is the point?  
15 In other words, if there is no competition and we have  
16 to live with it, they can do what they want and they  
17 get away with it. There's no sense.

18 COMMISSIONER DEASON: That is the reason  
19 that they are subject to the jurisdiction of the  
20 Commission, because there is no competition. It is a  
21 regulated monopoly.

22 WITNESS ANDREW: I think perhaps from the  
23 frustrations and some anger you have heard this  
24 morning that this is one of the big problems that we  
25 have.

1           You know, we are the public. We're paying  
2 the taxes, paying everything that is due, and we have  
3 so little input into it because nothing seems to  
4 happen. The rates are suggested, they go up, and we  
5 pay, and that's all. And it doesn't make sense.

6           I wanted to just make a point because many  
7 of the points have been covered. But last weekend --  
8 I'm on the homeowners association -- on Saturday and  
9 Sunday, I made a tour of the Citrus Park area and  
10 found out that 16 families, homeowners and rentals,  
11 have left the area and the principal reason for most  
12 of them leaving is the high cost of utilities.

13           I talked to one lady that was 80-something  
14 years old. And she said she showers only three times  
15 a week, she washes clothes -- she's a widow -- once a  
16 week, and her bill for water for that last month was  
17 \$62.

18           Now is this fair? She said, "I cannot live  
19 in this area any longer because of the cost of the  
20 utilities." And to me that is inconceivable.

21           I thought we could expect a little more  
22 consideration as being taxpayers, but it doesn't seem  
23 to make any difference.

24           Thank you.

25           MR. SHREVE: Thank you, sir. (Applause)

1 (Witness Andrew excused.)

2 - - - - -

3 MR. SHREVE: Mr. Carl Puglisi.

4 **CARL V. PUGLISI**

5 was called as a witness on behalf of the Citizens of  
6 the State of Florida and, having been duly sworn,  
7 testified as follows:

8 WITNESS PUGLISI: Good afternoon, ladies and  
9 gentlemen. My name is Carl Puglisi, 4475 Southwest  
10 151th Street, Marion Oaks.

11 COMMISSIONER KIESLING: Would you spell your  
12 last name for me?

13 WITNESS PUGLISI: Yes, P-U-G-L-I-S-I.

14 First of all, I would like to start, I'm  
15 looking at this from a totally different perspective a  
16 little because I'm here only about five months, I  
17 don't know anyone other than my neighbor that is  
18 sitting next to me. And I'm sure that you people  
19 don't know me.

20 But the first thing I really feel quite  
21 sorry for most of the people in our area here,  
22 including myself now. But I think, just looking at  
23 this gentleman sitting here from SSU, I think it shows  
24 a total lack of responsibility on SSU's part to have  
25 only one gentleman who he doesn't have all the facts

1 and figures -- and understandably so, not to put him  
2 down at all. I have been in situations like this  
3 before. But it just shows a total lack of  
4 responsibility for SSU to send one individual to such  
5 an important meeting as this.

6 The other thing I don't understand these is  
7 yellow sheets, these yellow meetings.

8 I mean, most of the people got them on the  
9 same day; I got it three days later, which is  
10 absolutely meaningless. I mean, not knowing -- I'm  
11 quite ignorant of the facts of what's going on here.  
12 I don't know whether I'm for interim rates or for  
13 stand-alone rates -- probably not the interim rates,  
14 the uniform rates, I mean.

15 But the one thing maybe any of you can  
16 answer, how do we have a meeting of this nature after  
17 the fact? I mean, the rate went in supposedly on the  
18 23rd, which is two days ago. Why are we having a  
19 meeting today? Why are you hearing all the complaints  
20 from my neighbors on something that already cannot be  
21 done, that cannot be changed? I don't quite  
22 understand that.

23 COMMISSIONER DEASON: Because the final  
24 decision has not been made in this case.

25 WITNESS DeCARLI: I understand the final has

1 not been made. But in the meanwhile, we're talking  
2 about a ludicrous amount of money, an increase in  
3 rates which is absolutely ludicrous for most of us. I  
4 don't quite understand.

5 I mean, why should we have a meeting after  
6 the fact? This is what I'm saying.

7 I mean, I understand what you just said.  
8 But the thing to me that just boggles my mind -- as  
9 this gentleman, I don't know your name, I'm sorry,  
10 sir -- as this gentleman alluded to, I just quickly  
11 figured this out. I mean, 122% increase in the basic  
12 facility charge, 159% in the basic gallonage charge.  
13 I don't have sewers, I'm fortunate. From what I  
14 understand now, I'm very fortunate I don't have  
15 sewers. I have a septic system. Still, for the  
16 people with sewers, 38% increase in the base charge,  
17 103%.

18 I was a manager for many, many years, not to  
19 blow my own horn, dealing with millions and millions  
20 of dollars in budgets. I was ecstatic if I got a 5%  
21 or 10% increase in my budget.

22 Now SSU, not you, but SSU is asking these  
23 ridiculous amounts. I have not seen anything,  
24 anything at all, that justifies -- as this gentleman  
25 alluded to and many people have alluded to before --

1 that justifies the increase.

2 Not to pick on individuals who are working  
3 for SSU, but it was not only a cultural shock coming  
4 down here but just an absolute shock coming down here  
5 looking at the way most of these people work when they  
6 work. They are the laziest, the most lackadaisical  
7 people I have ever seen in my life. I just cannot  
8 understand how these people are still working.

9 I'm not talking about the brand-new trucks.  
10 Trucks, they break down, you have a budget, this is  
11 fine. But when you call someone from SSU to put some  
12 dirt where they dug a hole where they put the pipe;  
13 and they send four people to investigate it; and then  
14 three days later two people show up; nothing is done;  
15 then a day later after that someone with a backhoe  
16 that doesn't know how to work the backhoe and spends  
17 three hours on something that I finished raking out in  
18 25 minutes -- that is absolutely absurd.

19 This gentleman said, and correct me if I'm  
20 wrong, said you made something like a 3% increase per  
21 year. Fine. If you are making only a 3% increase, my  
22 dear friend, what the Commission should look at and  
23 also SSU should look at, something is wrong with the  
24 management in this area.

25 The '90s is the era, unfortunately, of

1 downsizing. I've gone through several of those  
2 things. Thank God I'm retired now. But if these  
3 people cannot efficiently run their organization,  
4 these people should be terminated, starting from the  
5 bottom all the way to the top.

6 And I'm very sorry there's only one  
7 gentleman here. Where the hell are the managers?

8 (Applause)

9 COMMISSIONER DEASON: They're there, they're  
10 back behind you.

11 WITNESS DeCARLI: Are they behind me? It's  
12 appalling to me. I thought I did all my research, I  
13 always -- I was a scientist for many, many years, and  
14 I have always been in research.

15 Before I came down here, I bought some  
16 property from Deltona, I said it was a nice area, I'm  
17 going to go down to look for builders. And then in  
18 1994 I was subscribing to Ocala Star Banner, they were  
19 sending it to me in New Jersey and I was reading it.  
20 I feel, let me really get to know the area. I was  
21 priding myself in really knowing the area.

22 And you know, all of a sudden, I'm seeing  
23 this rate increase, that rate increase. I didn't  
24 think anything of it. I figured in '94 they came out  
25 Ocala, statistical profile of Ocala, for \$24. Bingo,

1 I wrote the check, I got it. I would look at it, the  
2 population, the forests, this, that, the other thing,  
3 the rates. And I said, "This is great, this is fine  
4 for me."

5 Right now thank God I'm in a situation that  
6 even if these rate increase goes in and they stay that  
7 way, I can afford it. I don't know if this happens  
8 ten years from now -- if I'm still alive, hopefully --  
9 if I can afford that.

10 It's absolutely ludicrous -- I can't use  
11 strong enough terminology -- that nothing, absolutely  
12 nothing, justifies this kind of rate increase. Unless  
13 we have some kind of natural disaster that this  
14 gentleman doesn't know anything about that happened  
15 and nobody told us, and all of a sudden we have to buy  
16 new plants -- and I'm sorry I'm pointing to you, but  
17 you're the only one here. When I say "you," I mean  
18 the professorial you that we used to refer to in  
19 science.

20 MR. SHREVE: Pleads don't feel you have to  
21 apologize to him, no problem. (Laughter)

22 WITNESS DeCARLI: But It just boggles my  
23 mind that this type of increase is even thought of.  
24 You know, 5%, 10%, I wouldn't be here. 20%, I won't  
25 come to the meeting. Above 20%, I figure someone has

1 to say something.

2 But in closing, I think I'm just rambling  
3 and rambling, I don't want to say too much more. I  
4 don't think anyone is against a fair increase, I don't  
5 think any of these people in this room. The only  
6 thing I ask of the Commission, please investigate this  
7 rate increase and make it fair and not what this is  
8 here. What is proposed is absolutely ludicrous.

9 Thank you very much, ladies and gentlemen.

10 (Applause)

11 MR. SHREVE: Thank you, sir.

12 (Witness Puglisi excused.)

13

- - - - -

14 MR. SHREVE: Mr. Goodwin.

15 **JOSEPH GOODWIN**

16 was called as a witness on behalf of the Citizens of  
17 the State of Florida and, having been duly sworn,  
18 testified as follows:

19 WITNESS GOODWIN: My name is Joseph Goodwin,  
20 I'm from Putnam County. I live in Park Manor  
21 subdivision. My Address 301.

22 The first question I want to know, I have  
23 talked to one of the employees, he told me that SSU is  
24 trying to get back some money what they overcharged  
25 some other people. I want to know is that true or

1 not?

2 COMMISSIONER DEASON: I guess you can ask  
3 SSU, I don't know what you are --

4 WITNESS GOODWIN: I don't know anything  
5 about it.

6 COMMISSIONER DEASON: Trying to get back  
7 money they overcharged?

8 WITNESS GOODWIN: They overcharged some  
9 other people and they don't have the money to give it  
10 back --

11 COMMISSIONER DEASON: Are you talking about  
12 the refund?

13 WITNESS GOODWIN: Right, the refund. What  
14 they have done here, I don't know how many years ago  
15 or --

16 COMMISSIONER DEASON: They have not made the  
17 refund so they don't need that money, they still have  
18 it.

19 MR. SHREVE: Mr. Chairman, if you don't  
20 mind. I think this gentleman does know what he is  
21 talking about.

22 The Public Service Commission ordered  
23 Southern States to make a refund which I think is in  
24 the neighborhood of \$8 million now to a part of the  
25 customers primarily because of the court case that

1 came down and they responded to that court case. And  
2 I would assume that at all of the meetings Southern  
3 States has had with all the people they have told you  
4 that if they have to make that refund, yes, they want  
5 to take it back from the other customers. That's what  
6 they want. I'm sure that's correct, isn't it,  
7 Mr. Feil?

8 MR. FEIL: I haven't been to those meetings,  
9 so I don't know.

10 MR. SHREVE: Yes, sir, that is correct. If  
11 they make the refund, they would like to and have  
12 asked to take it from the other customers.

13 WITNESS GOODWIN: Good. That's what I  
14 wanted to know.

15 COMMISSIONER DEASON: Let's talk about that  
16 for just a moment.

17 I thought that was something that was  
18 debated at the Commission and the Commission said,  
19 "No, you cannot do that." Are you saying that they  
20 are pursuing that in the courts, Mr. Shreve?

21 MR. SHREVE: I'm saying it is on  
22 reconsideration. And the Public Service Commission  
23 did decide not to allow them to take it from the other  
24 people.

25 COMMISSIONER DEASON: But it is on

1 reconsideration?

2 MR. SHREVE: But Southern States wants to  
3 take it from the people.

4 COMMISSIONER DEASON: Thank you, Mr. Shreve.

5 MR. SHREVE: Yes, sir.

6 WITNESS GOODWIN: The other thing I have to  
7 say about Park Manor, there's only 26 homes in Park  
8 Manor on the sewerage and water, the sewage plant  
9 there. There's only four houses out of the 26 that's  
10 empty right now.

11 But here we have, if we're going to uniform  
12 rates, if the machines break down, we don't know how  
13 this many people is going to get the money up to fix  
14 the machines. We are charged this much money, we get  
15 hit real hard for our utilities here.

16 I only been here eight months. I took all  
17 my money and bought me a house. If this is going to  
18 keep up like this, I'm going to have to try to sell my  
19 house -- I doubt if I get all my money back -- to go  
20 and get into a house trailer, have my own septic tank  
21 and have my own well. Park Manor, they have rules  
22 there, we cannot have a well or a septic tank put in.

23 Well, that's all I would like to say, thank  
24 you. (Applause)

25 MR. SHREVE: Thank you, sir.

1 (Witness Goodwin excused.)

2 - - - - -

3 MR. SHREVE: Mr. Melvin Ollman.

4 **MELVIN OLLMAN**

5 was called as a witness on behalf of the Citizens of  
6 the State of Florida and, having been duly sworn,  
7 testified as follows:

8 WITNESS OLLMAN: Good afternoon to all you  
9 all. I am Melvin Ollman, O-L-L-M-A-N. 3761 Southwest  
10 147th Street, Marion Oaks.

11 In regards to that little yellow letter or  
12 card that you have been handling around here, my wife  
13 had called them the Tuesday that we got that  
14 particular card. The woman that answered said that it  
15 was sent out Thursday. There's no legal -- no, I'm  
16 sorry.

17 There's no logical reason why we should not  
18 have received it by Saturday. Therefore, it did not  
19 go out on a Tuesday. Maybe they printed it that day.  
20 They probably mailed that out at Friday night, making  
21 sure that, Monday being a holiday, we wouldn't get it  
22 before Tuesday.

23 And in my area, we get the mail about 2:00,  
24 2:30, 3:00. And the meeting was at 11:00 a.m., I  
25 believe.

1           My neighbors, some of them have not received  
2 it at that time. Others got it about, well, actually,  
3 the same time I did. I hear now some got it as late  
4 as two or three days after that. So no, no, no way  
5 did that mail go out, that card go out on a Thursday.  
6 Okay?

7           It didn't have to come from New York or  
8 Chicago. I know they have bad weather out there but  
9 we just didn't have that kind of weather.

10           Now, going to the stats for Marion Oaks on  
11 here, okay, now I am discarding the stand-alone rates  
12 and the modified stand-alone because I realize that  
13 those are the rates that they are trying to tell us  
14 that they must absolutely have to have. Knowing  
15 damned well that they shouldn't and don't deserve it.  
16 But we'll go now to the other part, okay?

17           Present rates versus the approved interim  
18 rates, which I believe is in effect now. The  
19 percentages have been given to you already by others,  
20 okay? But they had time, they used probably  
21 calculators that are probably a little stronger than I  
22 am.

23           But I do remember at the last meeting that I  
24 have been with this Commission -- and I have spoken to  
25 at least one I think that probably remembers me -- it

1 had asked for and above a lot of objections received  
2 100% plus of the existing rate at that time. Now,  
3 they figure, "Well, heck, let's go for all the  
4 marbles." So they're asking again for another  
5 hike -- which you have given them on the interim --  
6 above 100% in the BFC and over 200% over the GC rates.  
7 Okay? Totally unjustified.

8           What you are giving them is the equivalent  
9 of a good pat on the head and saying, "You're doing a  
10 wonderful job, keep on taking from the people all that  
11 you can." Okay?

12           Now, there is a question I would like to ask  
13 your panel. I have my own idea how it should be done,  
14 but I'm pretty sure you're going to say it anyways.  
15 Your decisions are per -- I forget what it's called --  
16 per section, or do you consider it as a whole? How do  
17 you consider this, the rate adjustments?

18           COMMISSIONER DEASON: This rate case, we  
19 will be considering their revenue requirement as a  
20 whole for the whole Company. And then there's a  
21 question as to the rate structure as to how that  
22 revenue requirement is going to be allocated to  
23 specific systems.

24           Maybe I'm not understanding your question.

25           WITNESS OLLMAN: Okay. The particular

1 areas, you know, all right. Marion County, Marco  
2 Shores, Meredith Manor, Morning View, do you go  
3 individually down the list or do you make it as one  
4 whole big lump sum? Because each one has their own  
5 systems, they have their own problems, their own  
6 headaches, their own blessings, if you can find them,  
7 okay? But they are individual, unlike each other.  
8 Okay? Am I incorrect in assuming that?

9 COMMISSIONER DEASON: No, you're correct.  
10 Each individual system has its own characteristics  
11 which are unique to that system, that's true.

12 WITNESS OLLMAN: And do you assess it as  
13 such, as individuals?

14 COMMISSIONER DEASON: Yes. We have all the  
15 necessary information to review each individual  
16 system's costs as well as the overheads which are  
17 allocated to each individual system. That information  
18 has been required to be filed and it has been filed  
19 and it is in this docket.

20 WITNESS OLLMAN: Okay. One more question.  
21 Is it your position -- no, that's the wrong word. Is  
22 it within your power to exceed anything other than the  
23 rates adjustments?

24 COMMISSIONER DEASON: I'm sorry, to exceed  
25 what?

1           WITNESS OLLMAN: Okay, I'll expand on that,  
2 okay? When it is -- okay. The communication that you  
3 received from SSU, I believe it is more written than  
4 it is oral, isn't it? What they have done, what they  
5 needed, what they bought, what they didn't buy, what  
6 they charged for, what it cost them -- these are  
7 written or oral?

8           COMMISSIONER DEASON: It is written in the  
9 form of the Minimum Filing Requirements as well as in  
10 the form of prefiled testimony which is written.

11          WITNESS OLLMAN: Okay. Now the question is,  
12 have you investigated the written materials that they  
13 give you, or do you assume that it is correct and just  
14 say, "Uh-huh, okay."

15          COMMISSIONER DEASON: Yes, it is reviewed.  
16 It is not assumed to be correct. In fact, it is  
17 scrutinized. It is the assumption that it is up to us  
18 to review that information to see if there are in fact  
19 any inaccuracies or any costs which are included which  
20 are not prudent.

21          The Commission employs auditors,  
22 accountants, rate analysts, engineers, financial  
23 analysts to make the necessary review of that  
24 information.

25          So no, it is not assumed to be true, it is

1 reviewed.

2 WITNESS OLLMAN: Okay. But then again,  
3 that's the mechanical part. That's the logical part.  
4 That's what you take care of.

5 What you haven't said was that you ever send  
6 any field people out to see if this was acquired, if  
7 this was hooked up, if it is even there, that they  
8 have even ordered it or is it just on your piece of  
9 paper which you have verified that yes, if it is  
10 according to paperwork, yes, this happened, this  
11 happened, and this happened?

12 Because that's where the money is, okay?  
13 The money is, have they already spent it, are they  
14 going to spend it, or are they just thinking about it?  
15 And if they are thinking about it, it looks awfully  
16 good in black and white.

17 COMMISSIONER DEASON: We do have auditors  
18 and engineers who make field visits. Auditors look at  
19 the records, the books and records, and the engineers  
20 make field visits of the actual facilities. So yes,  
21 this is done.

22 WITNESS OLLMAN: The only thing I can say is  
23 you should consider two things, okay? One, that they  
24 have already received after your last meeting over  
25 100% increase. Added to that now they want more of

1 100% increase.

2 Now your own conscious of where you live, if  
3 the same thing happened to you, how long can you live  
4 there? How long can you afford to live there?

5 Your salaries are minimal, I assume. Okay?  
6 Because it is more of a voluntary basis, a courtesy,  
7 from what I understand. Okay? But most of these  
8 developments, over 50% of them, are retired people.  
9 They don't get a raise just because SSU wants a raise.  
10 They have no choice but to vacate, to go elsewhere.

11 And really, the way I'm looking at it and  
12 the way I see my own neighborhoods, houses are being  
13 sold and resold and resold and resold. People can't  
14 stay here either. And it is nothing like Citrus, from  
15 the way I understand it, we're way out of orbit.

16 I think you should take a little -- change  
17 your comb a little, fine-comb it a little, look a  
18 little deeper. Because it doesn't sound kosher to me  
19 that an organization with so much money can't find a  
20 better profit? It has to be going someplace. And if  
21 it is not being sent to the place where it is called  
22 profit, then, like the water, it is going down the  
23 drain. And that's waste. Okay?

24 And their waste also shows up in your sheets  
25 as a loss. But that's for you people to find out

1 because that's what you are here for.

2 Check it out. Check it real good. That's  
3 all I'm really asking.

4 Thank you.

5 COMMISSIONER DEASON: Sir, there's a  
6 question, I believe.

7 MR. SHREVE: Sir, you asked a question about  
8 checking the facilities and the investment that SSU is  
9 claiming. And I don't disagree with a thing that  
10 Chairman Deason said. They do not assume that  
11 everything that SSU puts in there is correct. It is  
12 SSU's information and their filing; and like I said,  
13 it is in writing.

14 However, I want you and the other customers  
15 to realize it's not like it used to be when we had one  
16 case, one facility, when you could go out and see what  
17 they had actually done and checked the figures.

18 There are 150 different systems brought into  
19 this case and it is an absolute impossibility to check  
20 on everything that they filed.

21 I know the Staff is going to do the best  
22 they can on it, we're going to do what we can on it,  
23 and I will be looking forward to getting the Staff's  
24 report and their notes on their checking on each one  
25 of these facilities and what they have in.

1 I know SSU has tried to say everything is  
2 environmental, everything is water conservation. I  
3 don't think it is. I hope we will able to check out  
4 everything they presented when you bring in 150  
5 different systems separated by 400 or 500 miles. But  
6 you have raised very good questions, sir.

7 WITNESS OLLMAN: Thank you. (Applause)

8 (Witness Ollman excused.)

9 - - - - -

10 MR. SHREVE: Mr. Williams.

11 **RICHARD G. WILLIAMS**

12 was called as a witness on behalf of the Citizens of  
13 the State of Florida and, having been duly sworn,  
14 testified as follows:

15 WITNESS WILLIAMS: My name is Richard G.  
16 Williams, 1606 Juneau Trail, Astor, Florida. Mailing  
17 address is Lake County but I live in the Jungle Den  
18 subdivision, Volusia County.

19 COMMISSIONER GARCIA: Which one?

20 WITNESS WILLIAMS: Myself and my neighbors  
21 are also recipients of this valueless yellow card  
22 which we got the day before the meeting and I would  
23 like to go on record as that.

24 At that meeting, SSU had quite a few  
25 representatives who knew all the answers. But yet,

1 nothing went on record. Here, we have a meeting where  
2 everything is going on record but they don't have any  
3 answers and they have one representative at their  
4 table and a bunch of espionage agents out in the  
5 audience. This may give you an indication of what we  
6 are dealing with.

7 COMMISSIONER GARCIA: Sir, just to let you  
8 know, any question you do ask we're going to get back  
9 to you on an answer on that. Just like anyone else  
10 who has asked questions, we will get back to you.

11 WITNESS WILLIAMS: They had answers that  
12 night except for one question I asked.

13 COMMISSIONER GARCIA: I just wanted to point  
14 that out. I know what you mean, sir.

15 WITNESS WILLIAMS: The following day they  
16 called me with an answer to the one they didn't have  
17 an answer for.

18 And that brings up a good subject. I asked  
19 them how much they paid for water from Astor Park  
20 Water Company. They paid \$2.50 per 1,000 gallons for  
21 the first 50,000 gallons; \$3 per thousand for over  
22 50,000 gallons.

23 They want to charge us -- well, as a matter  
24 of fact, I can get that easier here going to a  
25 total -- on the uniform proposed, 21.57 a month. On

1 the stand-alone, 49.33 a month.

2 We're using about 4,600 gallons a month at  
3 my home; and you compare that with what they are  
4 getting for \$3 a gallon maximum, they're making a lot  
5 of money.

6 MR. SHREVE: Sir, which system are you on?

7 WITNESS WILLIAMS: Jungle Den subdivision.

8 MR. SHREVE: Jungle Den?

9 WITNESS WILLIAMS: In Volusia County.

10 MR. SHREVE: Okay, good example.

11 UNIDENTIFIED SPEAKER: We get our water from  
12 Astor Park.

13 WITNESS WILLIAMS: SSU has not to my  
14 knowledge invested anything in the water system in  
15 Jungle Den subdivision. Not one penny. They --

16 COMMISSIONER GARCIA: May I ask you a quick  
17 question. Is that subdivision growing, sir?

18 WITNESS WILLIAMS: No, it is not.

19 COMMISSIONER GARCIA: Is it sold out  
20 completely?

21 WITNESS WILLIAMS: There is no room for any  
22 other houses there. And the only reason we have the  
23 sewage treatment plant is because there are  
24 condominiums at the end of my street.

25 There's a total of 113 ratepayers in Jungle

1 Den subdivision. Out of that 113, approximately 70%  
2 to 80% of them are only there for about four months a  
3 year at a maximum but SSU collects their utility  
4 charges 12 months a year from all 113 properties. And  
5 for 80% of them, they are not really giving them  
6 anything except that the water and sewer is there if  
7 you want to use it.

8 But if the people aren't there, they're not  
9 using it, which in turn means that SSU has no costs  
10 involved in those properties. But they still want to  
11 raise our rates.

12 I have some samples of water and sewage  
13 rates that I want to give to our representatives,  
14 ranging from Pennsylvania to Louisiana. For a  
15 three-month period their rates are approximately \$40  
16 to \$42 for water and sewer. Our rates at Jungle Den  
17 subdivision right now without the modified rate  
18 increase are \$40-something a month. Per month. That  
19 would be like \$120-some per quarter where other  
20 utilities are doing it for \$40, roughly. There's got  
21 to be a good reason for that.

22 I brought this subject up to SSU's  
23 representatives at the meeting last week. She said,  
24 "Oh, well, we have to adhere to all these  
25 environmental laws and everything and so forth and so

1 on. And you know the main reason that when it is a  
2 municipal organization who is taking care of this that  
3 they get a lot of subsidies and so forth."

4 Well, I can't believe that. Because when a  
5 government runs anything it is always more inefficient  
6 than it is by a privately-owned organization. That,  
7 to me, is unbelievable.

8 And if a municipality can perform that kind  
9 of service for those rates, SSU as a stock company who  
10 is supposed to make a profit should be able to do it.  
11 And apparently their management doesn't know what they  
12 are doing and they should get into another business if  
13 they can't make money at the rates they are charging  
14 now.

15 I feel that when they purchased these  
16 various utilities throughout the state, if they  
17 couldn't make money on them, why in the world did they  
18 purchase them? Myself, I was in the contracting  
19 business for 30-some years; and if I wanted to have my  
20 business grow, I had to have capital. But apparently,  
21 SSU wants to spend the money first and then charge the  
22 ratepayers.

23 If I did that as a businessman, if I said,  
24 "I'm going out and buy ten new trucks and I'm going to  
25 buy \$300,000 worth of equipment, now, dear customers,

1 your prices are going up 200% next week," I wouldn't  
2 have any customers. That's no way to run a business.  
3 And that is what they are supposed to be doing.

4           When we first moved into the Jungle Den  
5 subdivision, our water and sewer was approximately \$23  
6 per month. Today, without the increase, at the  
7 uniform rates, it is about \$42.

8           If they, when they go on the proposed rates,  
9 the one that is supposed to take effect now, with the  
10 usage that we have in our home, it is going to go to  
11 approximately \$65 per month. That's a 50% roughly  
12 increase. And if it went on the stand-alone rate, at  
13 the amount of water and sewer that we are using at my  
14 home, my bill would be \$205 per month. That's  
15 outrageous.

16           We got a letter from Southern States  
17 Utilities dated December 25, 1995. And in that letter  
18 it says, "Depending on the rate structure your water  
19 rate for the 1,941 gallons average monthly consumption  
20 in your area could be bla, bla, bla."

21           Well the average consumption in our area is  
22 not 1,941 gallons, they're basing that on 113 homes,  
23 of which 80% are not being used at all. The average  
24 consumption in our area is probably more like 4,500  
25 gallons per month. That's a fallacy that they put in

1 their letter.

2 I had a lot of other things that I wanted to  
3 mention but a lot of other people who were up here  
4 speaking today covered most of that and I don't want  
5 to be repetitious and get people bored.

6 COMMISSIONER GARCIA: Sir, can I ask you a  
7 question before you leave?

8 WITNESS WILLIAMS: Yes, you can.

9 COMMISSIONER GARCIA: Just out of curiosity,  
10 since you stated you attended that meeting that was  
11 advertised?

12 WITNESS WILLIAMS: I attended that meeting  
13 in Deland, Florida at the Holiday Inn.

14 COMMISSIONER GARCIA: Okay. Can I ask you  
15 how many people were there at that meeting?

16 WITNESS WILLIAMS: I would say there was  
17 approximately 40 people there.

18 COMMISSIONER GARCIA: And the Company had  
19 how many representatives there?

20 WITNESS WILLIAMS: I would say no less than  
21 six, possibly eight.

22 COMMISSIONER GARCIA: And then what, you  
23 just asked them questions about the rates and that's  
24 how it forms, or did they give a presentation?

25 WITNESS WILLIAMS: There was one lady, I

1 forget the name, would chaired the meeting. And then  
2 there were representatives at various places around  
3 the room and two or three in the rear of the room. If  
4 she didn't know the answer, she said, "Well, you ask  
5 Mr. So-and-so, he'll give you that answer," or, "Ask  
6 Mrs. So-and-so."

7 As I said, one of the questions they  
8 couldn't answer was how much they paid Astor Park for  
9 the water. One of the ladies took my name and called  
10 me I believe the next day or two days later and gave  
11 me the answer.

12 COMMISSIONER GARCIA: Do you remember the  
13 answer?

14 WITNESS WILLIAMS: Pardon me?

15 COMMISSIONER GARCIA: Do you remember the  
16 answer they gave you?

17 WITNESS WILLIAMS: Yes, I just said.

18 COMMISSIONER GARCIA: I didn't hear it.  
19 What was the answer?

20 WITNESS WILLIAMS: SSU pays Astor Park Water  
21 Company \$40 a month as a base rate; \$2.50 per thousand  
22 gallons of water up to 50,000 gallons; \$3 per thousand  
23 gallons for over 50,000 gallons.

24 In conclusion, all I would like to say is  
25 SSU apparently is trying to bleed us for as much as

1 they can possibly get out of us. And there are quite  
2 a few empty homes in the Jungle Den subdivision and I  
3 believe that some of the reason that they are not  
4 selling is because of the high utility rates.

5 Thank you very much. (Applause)

6 **DIRECT EXAMINATION**

7 BY MR. SHREVE:

8 Q Sir, what did they generally talk about at  
9 this meeting yesterday?

10 A It was mainly propaganda on the part of the  
11 SSU of all the environmental impact laws and so forth.

12 Q Did they tell you that out of the last rate  
13 case, that although you are on uniform rates, you  
14 can't tell exactly what they said your system was  
15 responsible for, that according to the Staff and  
16 Public Service Commission's calculations coming out of  
17 that rate case for water the base facilities charge  
18 would be \$11.50 and \$3.50 per thousand gallons.

19 Since that time it has gone up by indexing  
20 and pass-through to 12.18 and 3.71. That's what they  
21 are taking out of the pot.

22 For sewer did they tell you the rates would  
23 be \$44.99 base facilities charge, \$12.40 per thousand  
24 gallons, and that has by somehow -- I'm not sure  
25 exactly how, indexing and pass-through -- gone up to

1 \$55.40 and \$15.27 per thousand gallons.

2 That may not be what you are paying because  
3 of uniform rates, but it is what Southern States has  
4 supposedly justified before this rate case?

5 A Right.

6 Q And that's what they are pulling out of the  
7 pot that is being contributed to by the Citizens of  
8 the state of Florida. Did they tell you that?

9 A No.

10 Q Thank you, sir.

11 A Some of the information they gave us on a  
12 white sheet does not match what was given to us today  
13 on this blue sheet. So --

14 Q The blue sheet came from the Public Service  
15 Commission so it should be more accurate.

16 A I hope so.

17 Q Yes, sir. Thank you.

18 A If it gets to a point you're just going to  
19 see people moving out of houses that have public  
20 utilities and looking for homes that have wells and  
21 on-site disposal.

22 Having been a plumbing contractor for many  
23 years, I know there are headaches with wells and  
24 on-site disposal systems, but it certainly would be a  
25 lot less of a headache than what SSU is giving us

1 right now.

2 MR. SHREVE: Thank you, sir. (Applause)

3 (Witness Williams excused.)

4 - - - - -

5 MR. SHREVE: Mr. Robert Allard.

6 **ROBERT ALLARD**

7 was called as a witness on behalf of the Citizens of  
8 the State of Florida and, having been duly sworn,  
9 testified as follows:

10 WITNESS ALLARD: I don't have a lot of  
11 information or nothing.

12 COMMISSIONER DEASON: Sir, could we have  
13 your name and your address?

14 WITNESS ALLARD: My name is Robert Allard,  
15 A-L-L-A-R-D, I live at 15080 Southwest 35th Avenue  
16 Road, Marion Oaks.

17 We moved into Marion Oaks about three years  
18 ago. And our water bill when we first moved in was  
19 \$36 a month. It is now \$49 a month without the  
20 increase.

21 My wife and I both live on a limited income  
22 because we both work for minimum wage. This was our  
23 dream home, our first home, and we have been married  
24 for 24 years. If this rate goes through and  
25 everything keeps going up, my dream home is going to

1 go down the same sewer as my water does.

2 I don't approve of it. I don't understand  
3 it. And if it keeps going, I will move out of  
4 Florida. And Florida doesn't need this. Florida  
5 needs people to come in, not leave.

6 I wish I had some stuff to put out here for  
7 you, but I don't. My mother is just moving here. She  
8 is a senior citizen, her income is fixed. It is worse  
9 than mine. And she is going to be living up the  
10 street from me.

11 Now if she is going to be paying the same  
12 rate that I am going to be paying, mine is probably  
13 going to be \$150 a month right now. Hers is probably  
14 going to be \$200 a month because she is going to be  
15 living in a bigger house.

16 I don't know where this all is going to go,  
17 but it has got to stop someplace.

18 And as for the quality of the water, I had  
19 to get a water softener. Because they come around and  
20 they check my water one month and I got too much  
21 chlorine and there's something floating around that  
22 they're afraid of. Then the next month, they come in,  
23 there's no chlorine and there's a whole bunch of stuff  
24 floating around that ain't supposed to be there.

25 Plus my water is so hard that if I throw it

1 at somebody it will bruise them. So I had to get a  
2 water softener so we could afford to drink the water.  
3 So now I'm paying \$3,000 for a water softener and I'm  
4 going to be paying \$3,000 for my bills to keep going  
5 up.

6 Now I don't -- you know, if you are making  
7 the money, you don't care. But if you are living on a  
8 fixed income like my family, you do care. And it  
9 becomes a pain in the butt when all your utilities are  
10 going up and your paycheck ain't going nowhere. And  
11 my paycheck ain't going nowhere.

12 And I'm not just, it is not just me. There  
13 are 7,500 or 7,800 people living in Marion Oaks and  
14 probably half of those are senior citizens. And  
15 probably another 40% is people like me that have to  
16 live on a fixed income because of the minimum wages.  
17 And then you have got the ones that make enough money  
18 that they don't care about these increases.

19 I don't water my yard. We have a six-minute  
20 policy on taking showers. We're afraid to put a  
21 garden in because we don't want to waste water. We  
22 use 5,000 gallons of water a month, you know, per  
23 month. We never go much above that.

24 From the Day One that we have lived there,  
25 our water consumption has been 5,000 gallons. \$36.

1 Two-and-a-half years later, we're paying \$46 and \$48 a  
2 month. We're still using the same amount of water but  
3 it keeps climbing.

4 All I want to know is when is this going to  
5 be resolved? How much farther down the road are we  
6 going to have to keep going with this before somebody  
7 puts a stop to this?

8 All we want is some sort of a guarantee.  
9 There are no guarantees in life, I know that. But we  
10 need a guarantee. Because not everybody makes good  
11 money, so we need a guarantee to show us when we are  
12 going to have to stop paying.

13 You know, if you can give us some sort of  
14 projection down the road, is it going to be three  
15 months? Is it going to be six months? Is it going to  
16 be a year before this is resolved?

17 COMMISSIONER DEASON: Are you talking about  
18 this case being resolved, the Public Service  
19 Commission time frame for that?

20 WITNESS ALLARD: Yes.

21 COMMISSIONER DEASON: We go to hearings what  
22 we refer to as the technical hearings in April and I  
23 believe there's going to be a final decision made  
24 sometime in the August time frame. That's the case  
25 pending at the Commission right now. And what you

1 need to understand is that there have been prior cases  
2 that are appeals to the courts that are pending and I  
3 cannot tell when you the appeals are going to be  
4 resolved because that's a matter for the court and the  
5 Commission has no jurisdiction over that.

6 WITNESS ALLARD: So these high rates, this  
7 interim rate we're going to be paying or that's coming  
8 into effect now, I'll probably get my bill sometime  
9 this week to show me how much they're going to kill me  
10 for next month, okay?

11 Now this interim rate, is this rate going to  
12 stay in effect until this hearing in August?

13 COMMISSIONER DEASON: Yes. It will be in  
14 effect at least until August.

15 WITNESS ALLARD: Okay. After that they're  
16 going to raise it again?

17 COMMISSIONER DEASON: We don't know yet. It  
18 depends on what the final decision is.

19 WITNESS ALLARD: So if the final decision  
20 comes in and they say, "Well, it is not justified so  
21 we are going to raise it again," is this possible?

22 COMMISSIONER DEASON: If their request is  
23 not justified, then it will not be granted. And to  
24 the extent that the final decision --

25 WITNESS ALLARD: So it will go back to the

1 old rate or will it stay at the interim rate?

2 COMMISSIONER DEASON: The interim rate will  
3 expire when we make a final decision. When we make a  
4 final decision, that will be the new rates from that  
5 point forward.

6 If those new rates are less than the interim  
7 rates there will be a refund of the difference. If  
8 the new rates are higher than the interim rates, there  
9 will be no refund but there will be no retroactive  
10 increase, either. It will be an increase from that  
11 point forward.

12 WITNESS ALLARD: So either way we are not  
13 going to hear anything before August, right?

14 COMMISSIONER DEASON: That's correct, that's  
15 the schedule.

16 WITNESS ALLARD: Okay, that's all I wanted  
17 to know. Thank you for hearing me. (Applause)

18 (Witness Allard excused.)

19 - - - - -

20 MR. BECK: Mr. Miguel Eheverra?

21 Mr. Eheverra? (No response.)

22 Mr. Chairman, I think that's our last.

23 COMMISSIONER DEASON: That concludes your  
24 list, Mr. Beck?

25 MR. BECK: Yes. I think Mr. Sparacia would

1 like to come back up also.

2 COMMISSIONER DEASON: I'm going to allow you  
3 to come back. What you need to realize when we finish  
4 in hearing today we have to drive to Jacksonville and  
5 have a hearing this evening. So we don't have too  
6 much time.

7 Give us your name again.

8 - - - - -

9 **FRANK J. SPARACIA**

10 was recalled as a witness on behalf of the Citizens of  
11 the State of Florida and, having been duly sworn,  
12 testified as follows:

13 WITNESS SPARACIA: My name is Frank J.  
14 Sparacia, I reside at 287 Marion Oaks Drive, Ocala,  
15 Florida 34473.

16 Thank you for the opportunity again. This  
17 is one thing I'm asking now before I forget, which I  
18 did request one of these last -- the meeting that we  
19 had here the last time at the Hilton hotel that we  
20 couldn't get out of here. Can I please have a copy?  
21 I paid \$6 the last time, I will be glad to do it  
22 again. You have the address there? Will you please?  
23 The whole copy.

24 Number one --

25 COMMISSIONER DEASON: Mr. Willis, make a

1 note of that and let's make arrangements to get a copy  
2 of the transcript to Mr. Sparacia.

3 WITNESS SPARACIA: Thank you. I said I  
4 wouldn't take too much of your time.

5 Now coming back to the attorneys for  
6 Southern States. I requested just a breakdown in  
7 Marion Oaks, not everything combined, and this is  
8 important, just what the Heritage gas part they bought  
9 into the utility company, they bought them out. I  
10 want to know whether they got the property to go with  
11 that for the amount of money and so forth, because it  
12 is over \$2 million. And you have a copy of that,  
13 that's another one.

14 One more thing. Because I see that it made  
15 quite a problem here about those yellow cards. Those  
16 yellow cards was very important.

17 Now, I go to almost every County  
18 Commissioners meeting and I leaving there at 7:30 in  
19 the morning. I went to the County Commissioners  
20 meeting, didn't return until after I went a meeting to  
21 the STOP program -- you heard of that, stop letting  
22 the prisoners out until they serve 85% of it. I'm a  
23 member of that.

24 This is very important. I came home and I  
25 found that card. And the mail usually gets around to

1 my home about 5:00, 5:30. That was on the 16th. The  
2 card is there. In fact, somebody called me up that  
3 night, too, I have a machine there that records, and  
4 told me about it.

5 And nevertheless that morning, the morning  
6 after, I called up Ms. Teasley. And she said, "I'll  
7 get somebody to get in touch with you." I believe her  
8 name was Ms. Darcey that I spoke to. And she said to  
9 me, "Well, you got to realize it was a holiday." I  
10 realize that. And that's why it made it come out  
11 late.

12 But some of the people received that instead  
13 of the 16th, the 17th and the 18th also. In fact a  
14 couple in there marked. But an awful lot of people  
15 tore those cards up thinking everything was all set.  
16 And that happens to be the meeting in Dunnellon. The  
17 Dinner Bell, that was it.

18 Now I called up -- was that right, sir, the  
19 Dinner Bell?

20 COMMISSIONER GARCIA: Yeah, this is the  
21 Dinner Bell.

22 WITNESS SPARACIA: Okay, the cards that I  
23 handed you first.

24 Now I called up that morning. I said to  
25 him, "Did you have any people there?" Well, he says

1 "Yes, but there wasn't many here." So that killed it  
2 all.

3 But if you do want to know any more about  
4 this Company, I have it from the very first day before  
5 they even took over and that's why. And it's very  
6 important. Because if they keep adding the water  
7 mains, some of them you wouldn't believe it. As much  
8 as \$36,000.

9 And that's where I had the permits stopped  
10 through Commissioner Needham, at that time they  
11 stopped permits no more to be given out. But the way  
12 that they done that is that the person that's  
13 furtherest away that they have to put that main, they  
14 pay likes \$36,000. Then anybody that builds in  
15 between the starting point to that far away, then they  
16 start to taking it away, they start from those parties  
17 that were in between. That's the way it is done.

18 I want to thank you for your time. And if  
19 you want to see tapes of that dummy hole and so forth,  
20 I have them. I even have a tape of Minnesota Power  
21 and Light.

22 I want to thank you so much for everything  
23 and for listening.

24 Oh, one more important thing. It is going  
25 to be a meeting in Tallahassee; is that correct?

1           COMMISSIONER DEASON: Yes.

2           WITNESS SPARACIA: Is the public allowed to  
3 address the public then?

4           COMMISSIONER GARCIA: No.

5           WITNESS SPARACIA: No? Okay, I'm glad I  
6 asked; otherwise, I would take the time out to be  
7 there. It's very important. If you do, if there is  
8 anything --

9           COMMISSIONER GARCIA: Wait a minute, I don't  
10 want to give you bad information, I'm on the record.  
11 Mr. Shreve I think is your representative there. I'm  
12 sure he would like to have you there, but I don't know  
13 if the public can speak in Tallahassee, can they?

14           MR. SHREVE: I think they probably can.  
15 It's unusual because generally speaking it is out  
16 here.

17           COMMISSIONER DEASON: We come to the service  
18 area to make it more convenient for the customers, so  
19 most of the customers don't find it necessary to come  
20 to Tallahassee. But they are welcome to come, it's a  
21 public meeting and there will be seats available and  
22 the public can come if they wish.

23           WITNESS SPARACIA: In Tallahassee?

24           COMMISSIONER DEASON: Yes. If they want --

25           WITNESS SPARACIA: Would you please give me

1 the date where it is at and where it's going to be and  
2 so forth? I would appreciate it.

3 MR. SHREVE: You'll receive that notice.

4 WITNESS SPARACIA: Again, I want to thank  
5 you, I really do. You know I have been here a long  
6 time, and I know the history of it and that is why I'm  
7 here all the time. Thank you, sir.

8 COMMISSIONER DEASON: Thank you, sir. This  
9 hearing is adjourned. Thank you for coming.

10 (Thereupon, the hearing concluded at  
11 1:00 p.m.)

# Tornado damages 100 homes

From Page B-1

"... I don't know how I'm still alive," said the 105-pound dental assistant.

Another woman was in her car when it was picked up to about the height of a one-story house and hurled about 50 feet into a power line right of way.

"I saw like wood, bricks — I don't what else — inside of the tornado," Maritza Acosta said. "And then, it lifted up my car." She was given a CAT scan, but appeared to be OK.

The National Weather Service said the tornado, spun from a line of frontal thunderstorms that moved across the southern tip of the Florida Peninsula and into the Atlantic Ocean, had a wind strength of from 75 mph to 110 mph.

John Schmidt, whose home sustained moderate damage, said it was frightening how quickly it struck.

"I'll take a hurricane any day, any day because you have a warning with a hurricane," said Schmidt, who lived through Hurricane Andrew's devastation of south Dade in 1992.

## BEFORE THE FLORIDA PUBLIC SERVICE COMMISSION NOTICE OF SERVICE HEARING DOCKET NO. 950495-WS

Docket No. 950495-WS — Application by Southern States Utilities, Inc. for rate increase and increase in service availability charges for Orange-Osceola Utilities, Inc. in the Osceola County, and in Bradford, Brevard, Charlotte, Citrus, Clay, Collier, Duval, Highlands, Lake, Lee, Marion, Martin, Nassau, Osceola, Pasco, Putnam, Seminole, St. Johns, St. Lucie, Volusia and Washington Counties.

Notice is hereby given that the Florida Public Service Commission will conduct a service hearing to discuss the above application for a water and wastewater rate increase and changes to service availability charges. The service hearing for the utility's customers in Marion and Putnam County(ies) will be held at the following time and place:

January 25, 1996

10:00 a.m.

Ocala Hilton

Ballroom

3600 S.W. 36th Avenue

Ocala, FL 34474

All persons who wish to testify are urged to be present at the beginning of the service hearing as the hearing may be adjourned early if no customers are present. Any persons requiring some accommodation at this hearing because of a physical impairment should call the Division of Records and Reporting at (904) 413-6770 at least five calendar days prior to the hearing. If you are hearing or speech impaired, please contact the Florida Relay Service by using the following numbers: 1-800-955-8770 (VOICE) OR 1-800-955-8771 (TDD).

### PURPOSE

The purpose of the service hearing is to allow customers and any substantially affected person an opportunity to present comments and information to the Commission about the utility's quality of service, the proposed rate increase, or other matters related to the rate case or the utility. The utility is requesting that customers served water under conventional treatment methods be classified as a separate and distinct service classification from customers receiving water service from reverse osmosis facilities. Under the utility's proposal, the base facility and gallonage charges assessed to customers will be uniform within each service classification. All wastewater customers are included in one service classification and would be charged the same base facility and gallonage charges. The utility's application indicates that the utility has or will have placed nearly \$100 million of additional water and wastewater plant into service since 1992 and through the period ending December 31, 1996. The application also indicates that the majority of these plant additions were required by environmental laws, rules or regulations. The utility's requested service availability charges include charges for meter installation, main extension, service installation, plant capacity, and allowance for funds prudently invested (AFPI). These charges will only be assessed to new customers who connect after Commission approval of the charges. Existing customers will not be assessed service availability charges. Plant capacity and main extension charges for water treatment are classified by conventional and reverse osmosis treatment methods. The utility proposes plant capacity and main extension charges which are uniform within each water service classification. The utility proposes only one service classification for wastewater service, and the plant capacity and main extension charges proposed for wastewater are uniform.

STATE OF FLORIDA       )  
COUNTY OF ORANGE     )  
\_\_\_\_\_                  )

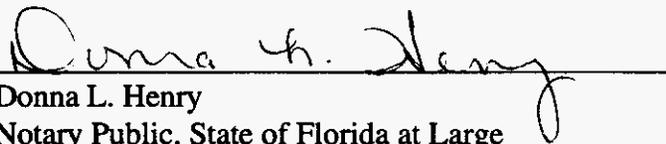

**AFFIDAVIT**

STEVEN M. GALLIS, having been duly sworn, states as follows:

1. I am Supervisor of Administrative Services in the Office Services Department of Southern States Utilities, Inc. ("SSU"), whose central office is located in Apopka, Florida.
2. As part of my duties, I am responsible for administering mailings to SSU customers, such as notices required by Florida Public Service Commission Rules and Orders.
3. In my presence and under my supervision, SSU personnel mailed to the customers in Marion and Putnam Counties a copy of the document identified as "Notice To Customers Of Service Hearing Letter" attached hereto and marked "Exhibit A."
4. The names and addresses of the aforesaid customers were obtained by SSU from SSU's Information Services Customer Address Files. A copy of the list of SSU customer names and addresses used to print the mailing labels for customers in the aforesaid county is attached hereto and marked "Exhibit B." "Exhibit C" attached hereto, is the presorting report printed from SSU's Information Services Customer Address Files to prepare the mailing.
5. On December 26, 1995, my staff and I machine postmarked the labeled envelopes containing copies of Exhibit A and hand delivered the envelopes to a representative of the United States Postal Service for delivery.
6. Attached hereto and marked "Exhibit D" is a copy of the relevant page of SSU's Office Services' Postage meter logbook. The logbook is used to record mailings from SSU's Office Services Department. Exhibit D contains information pertinent to the aforementioned mailing, to wit: on December 26, 1995, SSU mailed 19,753 total batch items, which included mail fitting the description of "Customer Service Hearing Marion, Putnam - Ocala Meeting." I personally made this entry into the logbook, and the recordation therein coincides with my personal observation.
7. The total batch count on the logbook included 4,619 pieces of mail as listed in Exhibit C mailed to those persons listed in Exhibit B. If applicable, any logbook totals which are less than Exhibit B & C totals reflect automation malfunctions in copying and sorting. In such cases, envelopes were reprocessed by hand and metered separately for mailing the same day.

  
\_\_\_\_\_  
STEVEN M. GALLIS

The foregoing instrument was acknowledged before me this 22nd day of January, 1996,  
by STEVEN M. GALLIS, who is personally known to me and who did take an oath.
